獨立會計師報告

致瑞銀（盧森堡）貨幣市場基金投資人

會計師意見

依據本會計師意見，此財務報表係依據盧森堡與財務報表編製相關之法律與規章之規定編製，足以真實及允當表達瑞銀（盧森堡）貨幣市場基金（下稱「本基金」）及其子基金截至 2023 年 10 月 31 日為止之財務狀況，以及該年度營運與淨資產之變動狀況。

本會計師查核內容

本財務報表包含：

- 截至 2023 年 10 月 31 日為止之本基金合併資產負債表以及各子基金資產負債表；
 - 截至 2023 年 10 月 31 日為止各子基金之證券投資及其他淨資產報表；
 - 截至本會計年度為止之本基金合併損益表及各子基金損益表；
 - 截至本會計年度為止之本基金合併淨資產變動表及各子基金淨資產變動表；以及
 - 包含重大會計政策摘要在內之財務報表。
-

意見之基礎

本會計師查核係根據 2016 年 7 月 23 日頒布之審計業法律以及盧森堡金融業監管委員會(Commission de Surveillance du Secteur Financier, CSSF)所採行之國際審計準則 (ISAs)。本會計師依據這些法律和標準下之責任詳細描述於本報告「傘型基金查核會計師(Réviseur d'entreprises agréé)查核財務報表之責任」章節。

本會計師相信取得之查核證據為本會計師之意見提供充分且適當之基礎。

根據盧森堡金融業監管委員會(CSSF)所採行之國際會計師倫理標準委員會之專業會計師倫理守則(IESBA Code)及審查會計報表所要求之相關道德規範，本會計師獨立於本基金。本會計師已履行及遵守這些道德責任。

其他資訊

本基金之管理公司董事會須對其他資訊負責。其他資訊包括年報內之所有訊息，惟不包括財務報表及本會計師之查核報告。

本會計師對財務報表之意見並不涵蓋其他資訊，我們亦不會對該等資訊表達任何形式之保證。

基於本會計師對財務報表之查核，本會計師之責任係閱讀前述之其他資訊，並在此過程中，考慮該等資訊與財務報表或本會計師查核過程中所了解之情況，是否存在重大抵觸或重大錯誤之陳述。若有上述情形，本會計師有報告的義務。針對這一部份，本會計師認為並無需要報告之情事。

本基金管理公司董事會對財務報表應負之責任

本基金管理公司董事會須負責依據盧森堡與財務報表編製相關之法律與規章規定，編製與公允表達前述財務報表，並依管理公司董事會認為必要之內部控制，使編製之財務報表免於出現由於舞弊或錯誤而導致之重大誤述。編製財務報表時，本基金管理公司董事會須負責評估本基金及各子基金之持續經營能力，並以持續經營之會計基礎酌情揭露與持續經營相關之事項，除非管理公司董事會有意清算本基金或關閉任何子基金或停止運營，或除此之外別無其他實際可行之替代方案。

傘型基金查核會計師(réviseur d'entreprises agréé)查核財務報表之責任

本會計師查核之目標係取得整個財務報表是否無因舞弊或錯誤導致重大誤報之合理確信，並發布包含本會計師意見之「傘型基金查核會計師」報告。合理確信係高度確信，但不能保證本會計師依據盧森堡金融業監管委員會(CSSF)所採行之國際審計準則(ISAs)，及按2016年7月23日頒布之審計業法律進行之查核工作能完全發現已存在之誤報。誤報可能是由於舞弊或錯誤所造成，自個別或整體觀之，若能合理地預期此誤報會影響使用者依據財務報表所做出之經濟決策，則可視為重大。

本會計師除依據專業判斷和道德規範進行查核工作（係依2016年7月23日頒布之審計業法律及CSSF所採用之國際審計準則），亦進行下列程序：

- 辨別並評估舞弊或錯誤所造成之財務報表重大誤報風險，設計並執行對應這些風險之查核程序，以及獲取充分且適當之查核證據作為會計師意見之基礎。舞弊可能涉及串通、偽造、蓄意遺漏、虛假陳述或忽視內部控制，故未發現到由舞弊造成之重大誤報風險高於由錯誤引起之重大誤報風險。
- 了解與審計相關之內部控制，以設計適當之查核程序，但並非對本基金內部控制之有效性表示意見。
- 評估本基金管理公司董事會所採用之會計政策之適當性以及會計估計和相關揭露之合理性。
- 對本基金管理公司董事會使用持續經營會計基礎之適當性作出結論，並根據獲得之查核證據，確定是否存在與可能對本基金或任何子基金之持續經營能力造成重大疑慮之事件或情況相關之重大不確定性。若本會計師認為存在重大不確定性，本會計師須於傘型基金查核會計師報告或相關財務報告揭露事項中提請注意，若該等揭露不具適當性，則可修改本會計師之意見。本會計師係根據最新傘型基金查核會計師報告之查核證據做出結論。但未來之事件或情況可能導致本基金或其任何子基金停止持續經營。
- 評估財務報表（包含揭露事項）之整體表述、結構及內容，以及財務報表是否以公正表述之方式陳述相關交易和事件。

除其他事項外，本會計師與管理階層溝通查核之計劃範圍和時間安排，以及重要查核結果，包括本會計師查核過程發現之任何內部重大控制缺失。

The sales prospectus, the PRIIPs KID (Packaged Retail and Insurance based Investment Products Key Information Document), management regulations, annual and semi-annual reports as well as the portfolio movements of the investment fund mentioned in this publication are available free of charge from UBS Switzerland AG, Postfach, CH-8001 Zurich and from UBS Fund Management (Switzerland) AG, P.O. Box, CH-4002 Basel.

The sales prospectus, the PRIIPs KID (Packaged Retail and Insurance based Investment Products Key Information Document), management regulations, annual and semi-annual reports as well as the portfolio movements of the investment fund mentioned in this publication are available free of charge at the sales agencies and at the registered office of the Management Company.

Features of the Fund

UBS (Lux) Money Market Fund (hereinafter called the “Fund”) offers investors a range of different subfunds (“umbrella structure”) which invest in accordance with the investment policy described in the sales prospectus. The sales prospectus contains specific details on each subfund and will be updated each time a new subfund is issued.

UBS (Lux) Money Market Fund is subject to Part I of the amended Law of 2010 as an open-ended investment fund without legally independent status in the form of a collective investment fund (fonds commun de placement, FCP). It was originally established under the name UBS (Lux) Money Market Invest in compliance with the Management Regulations approved by the Board of Directors of UBS Money Market Fund Management Company S.A. (formerly UBS Money Market Invest Management Company S.A.) on 20 October 1988.

The activities of UBS Money Market Fund Management Company S.A. in its function as Management Company of UBS (Lux) Money Market Fund ended on 14 September 2010. On 15 September 2010, UBS Fund Management (Luxembourg) S.A. assumed the function of Management Company.

The Management Regulations were initially published by way of a notice of deposit on 19 November 1988 and most recently in the “Recueil Electronique des Sociétés et Associations” (“RESA”) in June 2022. The Fund’s Management Regulations may be amended, subject to compliance with applicable law. Any amendments thereto shall be notified by way of a notice of deposit in RESA, as well as by any other means described below in the section entitled “Regular reports and publications”. The new Management Regulations shall enter into force on the date of their signature by the Management Company and the Depositary. The consolidated version may be consulted at the Trade and Companies Register (Registre de Commerce et des Sociétés).

The Fund has no legal personality as an investment fund. The entire assets of each subfund are the undivided property of all investors who have equal rights in proportion to the number of units which they hold. These assets are separate from the assets of the Management Company. The Fund’s assets are managed by the Management Company as separate trust assets in the interest and for the account of the unitholders.

The Management Regulations give the Management Company the authority to establish different subfunds for the Fund as well as different unit classes with specific characteristics within these subfunds. The sales prospectus will be updated each time a new subfund or an additional unit class is issued.

The subfunds are money market funds as defined by Regulation (EU) 2017/1131 of the European Parliament and of the Council of 14 June 2017 on money market funds.

As at 31 October 2023, the following subfunds are active:

UBS (Lux) Money Market Fund	Currency
– AUD Sustainable	AUD
– CHF Sustainable	CHF
– EUR Sustainable	EUR
– GBP Sustainable	GBP
– USD Sustainable	USD

Various unit classes can be offered for the subfunds. Information on which unit classes are available for which subfund can be obtained from the Administrative Agent or at www.ubs.com/funds.

Units are issued as registered units only.

“P”

Units in classes with “P” in their name are available to all investors. Their smallest tradable unit is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 1,000, BRL 4,000, CAD 1,000, CHF 1,000, CZK 20,000, DKK 7,000, EUR 500, GBP 500, HKD 10,000, JPY 100,000, NOK 9,000, NZD 1,000, PLN 5,000, RUB 35,000, SEK 7,000, SGD 1,000, USD 1,000 or ZAR 10,000.

“K-1”

Units in classes with “K-1” in their name are available to all investors. Their smallest tradable unit is 0.001. The minimum investment amount is equivalent to the initial issue price of the unit class and is applicable on the level of the clients of financial intermediaries. This minimum investment amount must be met or exceeded with every subscription order that is placed. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 5 million, BRL 20 million, CAD 5 million, CHF 5 million, CZK 100 million, DKK 35 million, EUR 3 million, GBP 2.5 million, HKD 40 million, JPY 500 million, NOK 45 million, NZD 5 million, PLN 25 million, RUB 175 million, SEK 35 million, SGD 5 million, USD 5 million or ZAR 40 million.

“K-B”

Units in classes with “K-B” in their name are exclusively reserved for investors who have signed a written agreement with UBS Asset Management Switzerland AG or one of its authorised distributors on investing in one or more subfunds of this umbrella fund. The costs for asset management are charged to investors under the aforementioned agreements. Their smallest tradable unit is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 100, BRL 400, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RUB 3,500, SEK 700, SGD 100, USD 100, NZD 100 or ZAR 1,000.

“K-X”

Units in classes with “K-X” in their name are exclusively reserved for investors who have signed a written agreement with UBS Asset Management Switzerland AG or one of its authorised contractual partners on investing in one or more subfunds of this umbrella fund. The costs for asset management, fund administration (comprising the costs incurred by the Management Company, administrative agent and the Depositary) and distribution are charged to investors under the aforementioned agreements. Their smallest tradable unit is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 100, BRL 400, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, NZD 100,

PLN 500, RUB 3,500, SEK 700, SGD 100, USD 100 or ZAR 1,000.

"F"

Units in classes with "F" in their name are exclusively reserved for UBS Group AG affiliates. The maximum flat fee for this class does not include distribution costs. These units may only be acquired by UBS Group AG affiliates, either for their own account or as part of discretionary asset management mandates concluded with UBS Group AG companies. In the latter case, the units will be returned to the Fund upon termination of the mandate at the prevailing net asset value and without being subject to charges. The smallest tradable unit is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 100, BRL 400, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, NOK 900, NZD 100, JPY 10,000, PLN 500, RUB 3,500, SEK 700, SGD 100, USD 100 or ZAR 1,000.

"Q"

Units in classes with "Q" in their name are exclusively reserved for financial intermediaries that: (i) invest for their own account, and/or (ii) receive no distribution fees in accordance with regulatory requirements, and/or (iii) can only offer their clients retrocession-free classes where these are available in the investment fund in question, in accordance with written agreements or agreements on fund savings plans concluded with them. Investments that no longer meet the above conditions may be forcibly redeemed at the prevailing net asset value or exchanged for another class of the subfund. The Management Company is not liable for any tax consequences that may result from a forcible redemption or exchange. The smallest tradable unit is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 100, BRL 400, CAD 100, CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100, USD 100, NZD 100 or ZAR 1,000.

"QL"

Units in classes with "QL" in their name are exclusively reserved for selected financial intermediaries that: (i) have received approval from the Management Company prior to first subscription, and (ii) receive no distribution fees in accordance with regulatory requirements and/or can only offer their clients classes with no retrocessions, where these are available in the investment fund in question, in accordance with written agreements concluded with their clients. The Management Company will require a minimum investment of CHF 200 million (or the equivalent in another currency). The Management Company may waive the minimum investment temporarily or permanently. Investments that no longer meet the above conditions may be forcibly redeemed at the prevailing net asset value or exchanged for another class of the sub-fund. The Management Company is not liable for any tax consequences that may result from a forcible redemption or exchange. The smallest tradable unit of these units is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 100, BRL 400, CAD 100,

CHF 100, CZK 2,000, DKK 700, EUR 100, GBP 100, HKD 1,000, JPY 10,000, NOK 900, NZD 100, PLN 500, RMB 1,000, RUB 3,500, SEK 700, SGD 100, USD 100 or ZAR 1,000.

"INSTITUTIONAL"

For units in classes with "INSTITUTIONAL" in their name, the smallest tradeable unit is 0.001. The maximum flat fee for this class does not include distribution costs. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 1,000, BRL 4,000, CAD 1,000, CHF 1,000, CZK 20,000, DKK 7,000, EUR 500, GBP 500, HKD 10,000, JPY 100,000, NOK 9,000, NZD 1,000, PLN 5,000, RUB 35,000, SEK 7,000, SGD 1,000, USD 1,000 or ZAR 10,000.

The minimum subscription amount for these units is CHF 5 million (or foreign currency equivalent).

Upon subscription

- (i) a minimum subscription must be made in accordance with the list above;
- (ii) there must be a written agreement between the investor and UBS Asset Management Switzerland AG (or one of its authorised contractual partners) or written approval from UBS Asset Management Switzerland AG (or one of its authorised contractual partners); or
- (iii) the investor must be an institution for occupational retirement provision that is part of UBS Group AG or must be one of its wholly-owned group companies.

"PREFERRED"

For units in classes with "PREFERRED" in their name, the smallest tradeable unit is 0.001. The maximum flat fee for this class does not include distribution costs. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 1,000, BRL 4,000, CAD 1,000, CHF 1,000, CZK 20,000, DKK 7,000, EUR 500, GBP 500, HKD 10,000, JPY 100,000, NOK 9,000, NZD 1,000, PLN 5,000, RUB 35,000, SEK 7,000, SGD 1,000, USD 1,000 or ZAR 10,000. The minimum subscription amount for these units is CHF 10 million (or foreign currency equivalent).

Upon subscription

- (i) a minimum subscription must be made in accordance with the list above;
- (ii) there must be a written agreement between the investor and UBS Asset Management Switzerland AG (or one of its authorised contractual partners) or written approval from UBS Asset Management Switzerland AG (or one of its authorised contractual partners); or
- (iii) the investor must be an institution for occupational retirement provision that is part of UBS Group AG or must be one of its wholly-owned group companies.

The management company may waive the minimum subscription if the total assets under management at UBS or the holdings of UBS collective investment schemes by institutional investors exceed CHF 30 million within a specified period.

“PREMIER”

For units in classes with “PREMIER” in their name, the smallest tradeable unit is 0.001. The maximum flat fee for this class does not include distribution costs. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 1,000, BRL 4,000, CAD 1,000, CHF 1,000, CZK 20,000, DKK 7,000, EUR 500, GBP 500, HKD 10,000, JPY 100,000, NOK 9,000, NZD 1,000, PLN 5,000, RUB 35,000, SEK 7,000, SGD 1,000, USD 1,000 or ZAR 10,000. The minimum subscription amount for these units is CHF 30 million (or foreign currency equivalent).

Upon subscription

- (i) a minimum subscription must be made in accordance with the list above;
- (ii) there must be a written agreement between the investor and UBS Asset Management Switzerland AG (or one of its authorised contractual partners) or written approval from UBS Asset Management Switzerland AG (or one of its authorised contractual partners); or
- (iii) the investor must be an institution for occupational retirement provision that is part of UBS Group AG or must be one of its wholly-owned group companies.

The management company may waive the minimum subscription if the total assets under management at UBS or the holdings of UBS collective investment schemes by institutional investors exceed CHF 100 million within a specified period.

“I-B”

Units in classes with “I-B” in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010 who have signed a written agreement with UBS Asset Management Switzerland AG or one of its authorised contractual partners on investing in one or more subfunds of this umbrella fund. A fee covering the costs for fund administration (comprising the costs of the Management Company, the administrative agent and the Depositary) is charged directly to the subfund. The costs for asset management and distribution are charged to investors under the aforementioned agreements. The smallest tradeable unit is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 1,000, BRL 4,000, CAD 1,000, CHF 1,000, CZK 20,000, DKK 7,000, EUR 500, GBP 500, HKD 10,000, JPY 100,000, NOK 9,000, NZD 1,000, PLN 5,000, RUB 35,000, SEK 7,000, SGD 1,000, USD 1,000 or ZAR 10,000.

“I-X”

Units in classes with “I-X” in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010 who have signed a written agreement with UBS Asset Management Switzerland AG or one of its authorised contractual partners on investing in one or more subfunds of this umbrella fund. The costs for asset management, fund administration (comprising the costs incurred by the Management Company, administrative agent and the Depositary) and distribution are charged to investors under the aforementioned agreements. The smallest tradeable unit is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 1,000, BRL 4,000, CAD 1,000, CHF 1,000, CZK 20,000,

DKK 7,000, EUR 500, GBP 500, HKD 10,000, JPY 100,000, NOK 9,000, NZD 1,000, PLN 5,000, RUB 35,000, SEK 7,000, SGD 1,000, USD 1,000 or ZAR 10,000.

“U-X”

Units in classes with “U-X” in their name are exclusively reserved for institutional investors within the meaning of Article 174(2)(c) of the Law of 2010 who have signed a written agreement with UBS Asset Management Switzerland AG or one of its authorised contractual partners on investing in one or more subfunds of this umbrella fund. The costs for asset management, fund administration (comprising the costs incurred by the Management Company, administrative agent and the Depositary) and distribution are charged to investors under the aforementioned agreements. This unit class is exclusively geared towards financial products (i.e. funds of funds or other pooled structures under various legislative frameworks). The smallest tradable unit is 0.001. Unless the Management Company decides otherwise, the initial issue price of these units amounts to AUD 10,000, BRL 40,000, CAD 10,000, CHF 10,000, CZK 200,000, DKK 70,000, EUR 10,000, GBP 10,000, HKD 100,000, JPY 1 million, NOK 90,000, NZD 10,000, PLN 50,000, RUB 350,000, SEK 70,000, SGD 10,000, USD 10,000 or ZAR 100,000.

Additional characteristics:

Currencies

The unit classes may be denominated in AUD, BRL, CAD, CHF, CZK, DKK, EUR, GBP, HKD, JPY, NOK, NZD, PLN, RUB, SEK, SGD, USD or ZAR. For unit classes issued in the currency of account of the subfund, this currency will not be included in the unit class name. The currency of account features in the name of the relevant subfund.

“hedged”

For unit classes with “hedged” in their name and with reference currencies different to the subfund’s currency of account (“unit classes in foreign currencies”), the risk of fluctuations in the value of the reference currency is hedged against the subfund’s currency of account. This hedging shall be between 95% and 105% of the total net assets of the unit class in foreign currency.

Changes in the market value of the portfolio, as well as subscriptions and redemptions of unit classes in foreign currencies, can result in the hedging temporarily surpassing the aforementioned range. The Management Company and the Portfolio Manager will take all necessary steps to bring the hedging back within the aforementioned limits. The hedging described has no effect on possible currency risks resulting from investments denominated in a currency other than the subfund’s currency of account.

“BRL hedged”

The Brazilian real (ISO 4217 currency code: BRL) may be subject to exchange control regulations and repatriation limits set by the Brazilian government. Prior to investing in BRL classes, investors should also bear in mind that the availability and tradability of BRL classes, and the conditions under which

they may be available or traded, depend to a large extent on the political and regulatory developments in Brazil. The risk of fluctuations is hedged as described above under "hedged". Potential investors should be aware of the risks of reinvestment, which could arise if the BRL class has to be liquidated early due to political and/or regulatory circumstances. This does not apply to the risk associated with reinvestment due to liquidation of a unit class and/or the subfund in accordance with the section "Liquidation and merger of the Fund and its subfunds or unit classes".

"acc"

The income of unit classes with "-acc" in their name is not distributed unless the Management Company decides otherwise.

"dist"

The income of unit classes with "-dist" in their name is distributed unless the Management Company decides otherwise.

"qdist"

Units in classes with "-qdist" in their name may make quarterly distributions, gross of fees and expenses. Distributions may also be made out of the capital (this may include, inter alia, realised and unrealised net gains in net asset value) ("capital"). Distributions out of capital result in the reduction of an investor's original capital invested in the subfund. Furthermore, any distributions from the income and/or involving the capital result in an immediate reduction of the net asset value per unit of the subfund. Investors in certain countries may be subject to higher tax rates on distributed capital than on any capital gains from the sale of fund units. Some investors may therefore prefer to subscribe to accumulating (-acc) rather than distributing (-dist, -qdist) unit classes. Investors may be taxed at a later point in time on income and capital arising on accumulating (-acc) unit classes compared with distributing (-dist) unit classes. Investors should consult qualified experts for tax advice regarding their individual situation.

"mdist"

Units in classes with "-mdist" in their name may make monthly distributions, gross of fees and expenses. Distributions may also be made out of capital. Distributions out of capital result in the reduction of an investor's original capital invested in the subfund. Furthermore, any distributions from the income and/or involving the capital result in an immediate reduction of the net asset value per unit of the subfund. Investors in certain countries may be subject to higher tax rates on distributed capital than on any capital gains from the sale of fund units. Some investors may therefore prefer to subscribe to accumulating (-acc) rather than distributing (-dist, -mdist) unit classes. Investors may be taxed at a later point in time on income and capital arising on accumulating (-acc) unit classes compared with distributing (-dist) unit classes. Investors should consult qualified experts for tax advice regarding their individual situation.

"UKdist"

The aforementioned unit classes can be issued as those with "UKdist" in their name. In these cases, the Management Company intends to distribute a sum which corresponds to

100% of the reportable income within the meaning of the UK reporting fund rules when the unit classes are subject to these reporting fund rules. The Management Company does not intend to make taxable values for these unit classes available in other countries, as they are intended for investors whose investment in the unit class is liable to tax in the UK.

"seeding"

Units with "seeding" in their name are only offered during a limited time period. Further subscriptions are prohibited after the end of this period, unless otherwise decided by the Management Company. However, units can still be redeemed in accordance with the conditions for unit redemptions. Unless otherwise decided by the Management Company, the smallest tradeable unit, the initial issue price and the minimum subscription amount shall correspond to the characteristics of the unit classes listed above.

The Fund is subject to no restrictions with regard to the size of its net assets, the number of units, number of subfunds and unit classes and duration of the Fund and its subfunds.

The Fund forms a legal entity. With respect to the unitholders, each subfund is regarded as being separate from the others. The assets of a subfund can only be used to offset the liabilities which the subfund concerned has assumed.

The acquisition of Fund units implies acceptance of the Management Regulations by the unitholder.

The Management Regulations do not provide for a general meeting of the unitholders.

The financial year of the Fund ends on the last day of October.

Information on whether a subfund of the Fund is listed on the Luxembourg Stock Exchange can be obtained from the Administrative Agent or the Luxembourg Stock Exchange website (www.bourse.lu).

The issue and redemption of units of the Fund are subject to the regulations prevailing in the country concerned.

Only the information contained in the Sales Prospectus and in one of the documents referred to in the Sales Prospectus shall be deemed valid.

The annual and semi-annual reports are available free of charge to unitholders at the registered office of the Management Company and the Depositary.

No subscription may be accepted on the basis of the financial reports. Subscriptions are accepted only on the basis of the current prospectus accompanied by the latest annual report and the latest semi-annual report if available.

The figures stated in this report are historical and not necessarily indicative of future performance.

Audit report

To the Unitholders of
UBS (Lux) Money Market Fund

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of UBS (Lux) Money Market Fund (the “Fund”) and of each of its sub-funds as at 31 October 2023, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund’s financial statements comprise:

- the combined statement of net assets for the Fund and the statement of net assets for each of the sub-funds as at 31 October 2023;
- the statement of investments in securities and other net assets for each of the sub-funds as at 31 October 2023;
- the combined statement of operations for the Fund and the statement of operations for each of the sub-funds for the year then ended;
- the combined statement of changes in net assets for the Fund and the statement of changes in net assets for each of the sub-funds for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the “Commission de Surveillance du Secteur Financier” (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the “Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements” section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Management Company is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

*PricewaterhouseCoopers, Société coopérative, 2 rue Gerhard Mercator, B.P. 1443, L-1014 Luxembourg
T : +352 494848 1, F : +352 494848 2900, www.pwc.lu*

*Cabinet de révision agréé. Expert-comptable (autorisation gouvernementale n°10028256)
R.C.S. Luxembourg B 65 477 - TVA LU25482518*

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Management Company for the financial statements

The Board of Directors of the Management Company is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Management Company determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Management Company is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Management Company either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the “Réviseur d’entreprises agréé” for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control;

- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Management Company;
- conclude on the appropriateness of the Board of Directors of the Management Company's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report of the Portfolio Manager

During the financial year, from 1 November 2022 to 31 October 2023, the Reserve Bank of Australia (RBA) continued raising the official cash rate to a current level of 4.10% in order to combat elevated levels of inflation. Markets are continuing to price in small further rate hikes, given the RBA's commitment to returning inflation to their 2-3% target.

Overall, the subfund produced a performance in line with AUD money market investments and a positive performance (gross of fees) over the financial year. The weighted average maturity was around 90 days at the end of the financial year.

Report of the Portfolio Manager

During the financial year, from 1 November 2022 to 31 October 2023, the Swiss National Bank (SNB) continued raising rates, lifting the SNB Target Rate to 1.75%. The SNB have said that the rate hikes have been needed to counter the elevated inflationary pressures, and they also use FX interventions, via Swiss Franc strengthening in order to help stabilize the inflation outlook. Looking ahead, the futures market is not anticipating any further rate hikes, with the terminal rate now reached.

The performance of the subfund was positive for the financial year, consistent with both the CHF money market yield environment and the performance of defensive money market investments, while the average maturity was around 90 days at the end of the financial year.

¹ The unit class K-1-acc was in circulation until 30.11.2022 - reactivated 26.7.2023. Due to this fact, there is no data for the calculation of the performance available.

² Due to the recent launch, there is no data for the calculation of the performance available.

³ The subfund is actively managed. The index is a point of reference against which the performance of the subfund may be measured.

Historical performance is no indicator of current or future performance.

The performance data does not take account of any commissions and costs charged when subscribing and redeeming units.

The performance data were not audited.

Report of the Portfolio Manager

During the financial year, from 1 November 2022 to 31 October 2023, the ECB increased the official rates by 350bp in several steps to 4%.

The rate hikes by the ECB have been done to counter the high inflation numbers in the Eurozone. The ECB currently is much more focused on inflation than on a potential growth slowdown.

The performance of the fund was positive for the financial year, consistent with both the EUR money market yield environment and the performance of defensive money market investments. The average maturity was slightly below 90 days at the end of the financial year.

¹ Due to the recent launch, there is no data for the calculation of the performance available.

² The subfund is actively managed. The index is a point of reference against which the performance of the subfund may be measured.

Historical performance is no indicator of current or future performance.

The performance data does not take account of any commissions and costs charged when subscribing and redeeming units.

The performance data were not audited.

Report of the Portfolio Manager

During the financial year, from 1 November 2022 to 31 October 2023, interest rates in the UK continued to increase substantially as the Bank of England continued to hike the base rate to the current level of 5.25%. This aggressive tightening was aimed at countering ongoing high inflation, which was driven mainly by services and wage growth. Inflation is expected to come down slowly, and the Bank will also be watching for any economic weakness emerging. No further rate hikes are expected from the Bank of England.

The performance of the subfund was positive and consistent with both the GBP money market yield environment and the performance of defensive money market investments. The average maturity was kept between 70 and 90 days throughout most of the financial year.

¹ Due to the recent launch, there is no data for the calculation of the performance available.

² The subfund is actively managed. The index is a point of reference against which the performance of the subfund may be measured.

Historical performance is no indicator of current or future performance.

The performance data does not take account of any commissions and costs charged when subscribing and redeeming units.

The performance data were not audited.

Report of the Portfolio Manager

During the financial year, from 1 November 2022 to 31 October 2023, the Fed continued its monetary tightening cycle, with the Fed Funds Rate lifted to a range of 5.25%–5.50%. Rate hikes have been necessary to counter elevated inflation, which has since started to moderate. No further rate hikes are expected from the Federal Reserve, and rate cuts begin to be priced in from July 2024.

The performance of the subfund was positive and consistent with both the USD money market yield environment and the performance of defensive money market investments. The average maturity was kept between 60 and 80 days throughout most of the financial year.

Notes to the Financial Statements

Note 1 – Summary of significant accounting policies

The financial statements have been prepared in accordance with the generally accepted accounting principles for investment fund in Luxembourg. The significant accounting policies are summarised as follows:

a) Calculation of the net asset value

The net asset value and the issue, redemption and conversion price per unit of each subfund or unit class are expressed in the reference currencies of the respective subfund or unit class, and are calculated each business day by dividing the overall net assets of the subfund attributable to each unit class by the number of outstanding units in this unit class of the subfund. The net asset value is published on each business day in the public section of the website for each subfund. However, the net asset value of a unit may also be calculated on days where no units are issued or redeemed, as described in the following section. The net asset value calculated on days when no units are issued may be published in the public section of the website for each subfund, but it may only be used for the purpose of calculating performance, statistics or fees. Under no circumstances should it be used as a basis for subscription and redemption orders.

A "business day" is a normal bank business day in Luxembourg (i.e. a day when the banks are open during normal business hours), except for 2 January, 24 and 31 December; individual, non-statutory days of rest in Luxembourg and Switzerland; and/or customary holidays in countries with stock exchanges and markets used to value over half of the subfund's net assets.

"Non-statutory days of rest" are days on which banks and financial institutions are closed.

The percentage of the net asset value attributable to each unit class of a subfund changes each time units are issued or redeemed. It is determined by the ratio of the units issued in each class in relation to the total number of subfund units issued, taking into account the fees charged to that unit class.

b) Valuation principles

- Derivatives and other assets listed on a stock exchange are valued at the most recent market prices available. If these derivatives or other assets are listed on several stock exchanges, the most recently available price on the stock exchange that represents the major market for this asset will apply. In the case of derivatives and other investments not commonly traded on a stock exchange and for which a secondary market among securities traders exists with pricing in line with the market, the Management Company may value these derivatives and other investments based on these prices. Derivatives and other investments not listed on a stock exchange, but traded on another regulated market which operates regularly and is recognised and open to the public, are valued at the last available price on this market.
- Assets not listed on a stock exchange or traded on another regulated market, and for which no appropriate price can be obtained, are valued by the Management Company

- according to other principles chosen by it in good faith on the basis of the likely sales prices. These principles shall always be in line with the MMFs Regulation.
- Derivatives not listed on a stock exchange (OTC derivatives) are valued on the basis of independent pricing sources. If only one independent pricing source is available for a derivative, the plausibility of the valuation obtained will be verified using calculation methods that are recognised by the Management Company and the Fund's auditors, based on the market value of that derivative's underlying. This valuation is determined by decision of the Management Company on the basis of valuations made by the valuation experts of the Management Company with support from the valuation experts of the UBS Valuation Committee. The principles used in this process shall always be in line with the MMFs Regulation.
- Units of other money market funds are valued based on the most recent net asset value. Certain units or shares of other money market funds may be valued based on estimates of their value from reliable service providers that are independent from the target fund portfolio manager or investment adviser (value estimation).
- Money market instruments not traded on a stock exchange or on another regulated market open to the public will be valued on the basis of the relevant curves. Curve-based valuations are calculated from interest rates and credit spreads. The following principles are applied in this process: for each money market instrument, the interest rates nearest the residual maturity are interpolated. The interest rate calculated in this way is converted into a market price by adding a credit spread that reflects the underlying borrower. This credit spread is adjusted if there is a significant change in the credit rating of the borrower. Interest income earned by a subfund between a given order date and the corresponding settlement date is accounted for when that subfund's assets are valued. The asset value per unit on a given valuation date therefore includes projected interest income.
- Money-market instruments, derivatives and other investments denominated in a currency other than the relevant subfund's reference currency and not hedged by foreign exchange transactions, are valued using the average exchange rate (between the bid and ask prices) known in Luxembourg or, if none is available, using the rate on the most representative market for that currency.
- Term and fiduciary deposits are valued at their nominal value plus accumulated interest.
- The value of swaps is calculated by an external service provider and a second independent valuation is provided by another external service provider. The calculation is based on the net present value of all cash flows, both inflows and outflows. In some specific cases, internal calculations (based on models and market data made available by Bloomberg), and/or broker statement valuations may be used. The valuation methods depends on the instrument in question and is chosen pursuant to the applicable UBS valuation policy.

The Management Company is authorised to apply other generally recognised and verifiable valuation criteria in good faith in order to achieve an appropriate valuation of the net assets if, due to extraordinary circumstances, a valuation in accordance with the aforementioned regulations proves to be unfeasible or inaccurate.

In extraordinary circumstances, additional valuations can be carried out over the course of the day. These new valuations will then be authoritative for subsequent issues and redemptions of units.

Due to fees and charges as well as the buy-sell spreads for the underlying investments, the actual costs of buying and selling assets and investments for a subfund may differ from the last available price or, if applicable, the net asset value used to calculate the net asset value per unit. These costs have a negative impact on the value of a subfund and are termed "dilution". To reduce the effects of dilution, the Board of Directors may at its own discretion make a dilution adjustment to the net asset value per unit (swing pricing).

Units are issued and redeemed based on a single price: the net asset value per unit. To reduce the effects of dilution, the net asset value per unit is nevertheless adjusted on valuation days as described below; this takes place irrespective of whether the subfund is in a net subscription or net redemption position on the relevant valuation day. If no trading is taking place in a subfund or class of a subfund on a particular valuation day, the unadjusted net asset value per unit is applied. The Board of Directors has discretion to decide under which circumstances such a dilution adjustment should be made. The requirement to carry out a dilution adjustment generally depends on the scale of subscriptions or redemptions of units in the relevant subfund. The Board of Directors may apply a dilution adjustment if, in its view, the existing unitholders (in the case of subscriptions) or remaining unitholders (in the case of redemptions) could otherwise be put at a disadvantage. The dilution adjustment may take place if:

- (a) a subfund records a steady fall (i.e. a net outflow due to redemptions);
- (b) a subfund records a considerable volume of net subscriptions relative to its size;
- (c) a subfund shows a net subscription or net redemption position on a particular valuation day; or
- (d) In all other cases in which the Board of Directors believes a dilution adjustment is necessary in the interests of the unitholders.

When a valuation adjustment is made, a value is added to or deducted from the net asset value per unit depending on whether the subfund is in a net subscription or net redemption position; the extent of the valuation adjustment shall, in the opinion of the Board of Directors, adequately cover the fees and charges as well as the buy-sell spreads. In particular, the net asset value of the respective subfund will be adjusted (upwards or downwards) by an amount that (i) reflects the estimated tax expenses, (ii) the trading costs that may be incurred by the subfund, and (iii) the estimated bid-ask spread for the assets in which the subfund invests. As some equity markets and countries may show different fee structures on the buyer and seller side, the adjustment for net inflows and outflows may vary. Generally speaking, adjustments shall be limited to a maximum of 1% of the relevant applicable net asset value per unit. Under exceptional circumstances (e.g. high market volatility and/or illiquidity, extraordinary market conditions, market disruptions etc.), the Board of Directors may decide to apply temporarily a dilution adjustment

of more than 1% of the relevant applicable net asset value per unit in relation to each subfund and/or valuation date, provided that the Board of Directors is able to justify that this is representative of prevailing market conditions and is in the unitholders' best interest. This dilution adjustment shall be calculated according to the procedure specified by the Board of Directors. Unitholders shall be informed through the normal channels whenever temporary measures are introduced and once the temporary measures have ended.

The net asset value of each class of the subfund is calculated separately. However, dilution adjustments affect the net asset value of each class to the same degree in percentage terms. The dilution adjustment is made at subfund level and relates to capital activity, but not to the specific circumstances of each individual investor transaction.

As of 31 October 2023 the Swing Pricing methodology was not implemented.

c) Discounted Money Market Instruments and Securities

The unrealized appreciations/depreciations of discounted money market instruments and securities are disclosed in the Statement of Operations in the position "Unrealized appreciation (depreciation) on yield-evaluated securities and money market instruments". At maturity these appreciations will be transferred to the position "Realized gain (loss) on yield-evaluated securities and money market instruments".

d) Net realized gain (loss) on sales of securities

The realized gains or losses on the sales of securities are calculated on the basis of the average cost of the securities sold.

e) Conversion of foreign currencies

Bank accounts, other net assets and the valuation of the investments in securities held denominated in currencies other than the reference currency of the different subfunds are converted at the mid closing spot rates on the valuation date. Income and expenses denominated in currencies other than the currency of the different subfunds are converted at the mid closing spot rates at payment date. Gain or loss on foreign exchange is included in the statement of operations.

The cost of securities denominated in currencies other than the reference currency of the different subfunds is converted at the mid closing spot rate on the day of acquisition.

f) Accounting of securities' portfolio transactions

The securities' portfolio transactions are accounted for at trade dates.

g) Combined financial statements

The combined financial statements are expressed in USD. The various items of the combined statement of net assets and the combined statement of operations at 31 October 2023 of the Fund are equal to the sum of the corresponding items in the financial statements of each subfund converted into USD at the following exchange rates.

The following exchange rates were used for the conversion of the combined financial statements as of 31 October 2023:

Exchange rates

USD 1 = AUD	1.579405
USD 1 = CHF	0.910050
USD 1 = EUR	0.946074
USD 1 = GBP	0.824097

h) Receivable on securities sales, Payable on securities purchases

The position "Receivable on securities sales" can also include receivables from foreign currency transactions. The position "Payable on securities purchases" can also include payables from foreign currency transactions.

Receivables and payables from foreign exchange transactions are netted.

i) Cash and time deposits

The cash is entered on the value date and the time deposits are entered on the trade date.

Note 2 – Flat fee

The Fund pays a maximum monthly flat fee for unit classes "P", "K-1", "F", "Q", "QL", "INSTITUTIONAL", "PREFERRED" and "PREMIER" calculated on the average net asset value of the subfund as shown in the table below:

UBS (Lux) Money Market Fund – AUD Sustainable
UBS (Lux) Money Market Fund – CHF Sustainable
UBS (Lux) Money Market Fund – EUR Sustainable
UBS (Lux) Money Market Fund – GBP Sustainable
UBS (Lux) Money Market Fund – USD Sustainable

UBS (Lux) Money Market Fund	Maximum flat fee p.a.	Maximum flat fee p.a. for unit classes with "hedged" in their name
Unit classes with "P" in their name	0.500%	0.550%
Unit classes with "K-1" in their name	0.240%	0.270%

The aforementioned flat fee shall be used as follows:

1. For the management, administration, portfolio management and distribution of the Fund (if applicable), as well as for all the tasks of the Depositary, such as the safekeeping and supervision of the Fund's assets, the handling of payment transactions and all other tasks listed in the section entitled "Depositary and Main Paying Agent" of the sales prospectus, a maximum flat fee based on the net asset value of the Fund. This fee is charged to the Fund's assets on a pro rata basis upon every calculation of the net asset value and is paid on a monthly basis (maximum flat fee). The maximum flat fee for unit classes with "hedged" in their name may contain fees for hedging currency risk. The relevant maximum flat fee will not be charged until the corresponding unit classes have been launched. An overview of the maximum flat fees can be seen in the section entitled "Investment objective and investment policy of the subfunds" of the sales prospectus.

This fee is shown in the Statement of Operations as "Flat fee".

2. The maximum flat fee does not include the following fees and additional expenses, which are also charged to the Fund:
 - a) all additional expenses related to management of the Fund's assets for the sale and purchase of assets (bid/offer spread, brokerage fees in line with the market, commissions, fees, etc.). These expenses are generally calculated upon the purchase or sale of the respective assets. In derogation hereto, these additional expenses, which arise through the sale and purchase of assets in connection with the settlement of the issue and redemption of units, are covered by the application of the Swing Pricing principle pursuant to the section entitled "Net asset value, issue, redemption and conversion price" of the sales prospectus;
 - b) fees of the supervisory authority for the establishment, modification, liquidation and merger of the Fund, as well as all fees of the supervisory authorities and any stock exchanges on which the subfunds are listed;
 - c) auditor's fees for the annual audit and certification in connection with the establishment, modification, liquidation and merger of the Fund, as well as any other fees paid to the auditor for the services it provides in relation to the administration of the Fund and as permissible by law;
 - d) fees for legal and tax advisers, as well as notaries, in connection with the establishment, registration in distribution countries, modification, liquidation and merger of the Fund, as well as for the general safeguarding of the interests of the Fund and its investors, insofar as this is not expressly prohibited by law;
 - e) costs for the publication of the Fund's net asset value and all costs for notices to investors, including translation costs;
 - f) costs for the Fund's legal documents (prospectuses, KID, annual and semi-annual reports, as well as all other documents legally required in the countries of domiciliation and distribution);
 - g) costs for the Fund's registration with any foreign supervisory authorities, if applicable, including fees,

- h) translation costs and fees for the foreign representative or paying agent;
- h) expenses incurred through use of voting or creditors' rights by the Fund, including fees for external advisers;
- i) costs and fees related to any intellectual property registered in the Fund's name or usufructuary rights of the Fund;
- j) all expenses arising in connection with any extraordinary measures taken by the Management Company, Portfolio Manager or Depositary for protecting the interests of the investors;
- k) if the Management Company participates in class-action suits in the interests of investors, it may charge the Fund's assets for the expenses arising in connection with third parties (e.g. legal and Depositary costs). Furthermore, the Management Company may charge for all administrative costs, provided these are verifiable and disclosed, and taken into account in the disclosure of the Fund's total expense ratio (TER).

These commissions and fees are shown in the Statement of Operations as "Other commissions and fees".

3. The Management Company may pay retrocessions in order to cover the distribution activities of the Fund.

All taxes levied on the income and assets of the Fund, particularly the tax d'abonnement, will also be borne by the Fund.

For purposes of general comparability with fee rules of different fund providers that do not have a flat fee, the term "maximum management fee" is set at 80% of the flat fee.

For unit class "I-B", a fee is charged to cover the costs of fund administration (comprising the costs of the Management Company, the administrative agent and the Depositary). The costs for asset management and distribution are charged outside of the Fund under a separate contract concluded directly between the investor and UBS Asset Management Switzerland AG or one of its authorised representatives.

Costs relating to the services performed for unit classes I-X, K-X and U-X for asset management, fund administration (comprising the costs of the Management Company, the administrative agent and the Depositary) and distribution are covered by the compensation to which UBS Asset Management Switzerland AG is entitled under a separate contract with the investor.

Costs relating to the asset management services to be provided for unit classes "K-B" are covered by the compensation to which UBS Asset Management Switzerland AG or one of its authorised distributors is entitled under a separate agreement with the investor.

All costs which can be allocated to individual subfunds will be charged to these subfunds. Costs which can be allocated to unit classes will be charged to these unit classes. If costs pertain to several or all subfunds/unit classes, however, these costs will be charged to the subfunds/unit classes concerned in proportion to their relative net asset values.

With regard to subfunds that may invest in other existing money market funds under the terms of their investment policies, fees may be incurred both at the level of the subfund as well as at the level of the relevant target fund. The management fees of the target fund in which the assets of the subfund are invested may amount to a maximum of 3%, taking into account any trailer fees.

Should a subfund invest in units of funds that are managed directly or by delegation by the Management Company itself or by another company linked to the Management Company through common management or control or through a substantial direct or indirect holding, no issue or redemption charges may be charged to the investing subfund in connection with these target fund units.

Details of the Company's ongoing costs (or ongoing charges) can be found in the KIDs.

Note 3 – Taxe d'abonnement

The Fund is subject to Luxembourg legislation. In accordance with current legislation in the Grand Duchy of Luxembourg, the Fund is not subject to any Luxembourg withholding, income, capital-gains or wealth taxes. However, each subfund is subject to the Grand Duchy of Luxembourg's "taxe d'abonnement" at a reduced rate of 0.01% p.a. on total net assets, which is payable at the end of every quarter. This tax is calculated on the total net assets of each subfund at the end of every quarter.

Note 4 – Income Distribution

In accordance with article 10 of the Management Regulations, once the annual accounts are closed the Management Company will decide whether and to what extent distributions are to be paid out by each subfund and class of unit. Distributions may not be so large as to cause the net assets of the Fund to fall below the minimum fund assets laid down by the provisions of the law. If distributions are made, they will be paid out within four months of the end of the financial year.

The Management Company is authorized to pay interim dividends and to suspend the payment of distributions.

An income equalisation amount will be calculated so that the distribution corresponds to the actual income entitlement.

Note 5 – Soft commission arrangements

During the financial year from 1 November 2022 until 31 October 2023, no "soft commission arrangements" were entered into on behalf of UBS (Lux) Money Market Fund and "soft commission arrangements" amount to nil.

Note 6 – Total Expense Ratio (TER)

This ratio was calculated in accordance with the Asset Management Association Switzerland (AMAS) "Guidelines on the calculation and disclosure of the TER" in the current version

and expresses the sum of all costs and commissions charged on an ongoing basis to the net assets (operating expenses) taken retrospectively as a percentage of the net assets.

TER for the last 12 months:

UBS (Lux) Money Market Fund	Total Expense Ratio (TER)
– AUD Sustainable K-1-acc	0.30%
– AUD Sustainable P-acc	0.53%
– AUD Sustainable Q-acc	0.28%

– USD Sustainable (SGD hedged) QL-acc	0.17%
– USD Sustainable U-X-acc	0.02%

The effective flat fee may change during the reporting period (see note 2).

The TER for classes of units which were active less than a 12 month period are annualised.

Transaction costs, interest costs, securities lending costs and any other costs incurred in connection with currency hedging are not included in the TER.

Note 7 – Portfolio Turnover (PTR)

The portfolio turnover has been calculated as follows:

$$\frac{(\text{Total purchases} + \text{total sales}) - (\text{total subscriptions} + \text{total redemptions})}{\text{Average of net assets during the period under review}}$$

Average of net assets during the period under review

The portfolio turnover statistics are the following for the period under review:

UBS (Lux) Money Market Fund	Portfolio Turnover Rate (PTR)
– AUD Sustainable	252.68%
– CHF Sustainable	-27.63%
– EUR Sustainable	-47.69%
– GBP Sustainable	129.97%
– USD Sustainable	5.45%

Note 8 – Transaction costs

Transaction costs include brokerage fees, stamp duty, local taxes and other foreign charges if incurred during the fiscal year. Transaction fees are included in the cost of securities purchased and sold.

For the financial year ended on 31 October 2023, the fund incurred transaction costs relating to purchase or sale of investments in securities and similar transactions as follows:

UBS (Lux) Money Market Fund	Transaction costs
– AUD Sustainable	- AUD
– CHF Sustainable	- CHF
– EUR Sustainable	- EUR
– GBP Sustainable	- GBP
– USD Sustainable	- USD

Not all transaction costs are separately identifiable. For fixed income investments, forward currency contracts and other derivative contracts, transaction costs will be included in the purchase and sale price of the investment. Whilst not separately identifiable these transaction costs will be captured within the performance of each Fund.

Note 9 – Defaulted securities

There are a number of securities that - at the year end – are in default. These securities are disclosed in the portfolio.

Furthermore, there are securities that have defaulted in the past where no pricing quotes exists. These securities have

been fully written off by the fund. They are monitored by the management company that will allocate any return that might still arise (ie dividend) to the subfunds. They are not shown within the portfolio but separately in this note

Note 11 – Applicable law, place of performance and authoritative language

The Luxembourg District Court is the place of performance for all legal disputes between the unitholders, the Management Company and the Depositary. Luxembourg law applies. However, in matters concerning the claims of investors from other countries, the Management Company and/or the Depositary can elect to make themselves and the Fund subject to the jurisdiction of the countries in which the Fund units were bought and sold.

The English version of these financial statements is the authoritative version and only this version of the annual report was audited by the auditor. However, in the case of units sold to investors from the other countries in which Fund units can be bought and sold, the Management Company and the Depositary may recognize approved translations (i.e. approved by the Management Company and the Depositary) into the languages concerned as binding upon themselves and the Fund.

Note 12 – OTC-Derivatives

If the Fund enters into OTC transactions, it may be exposed to risks related to the creditworthiness of the OTC counterparties: when the Fund enters into futures contracts, options and swap transactions or uses other derivative techniques it is subject to the risk that an OTC counterparty may not meet (or cannot meet) its obligations under a specific or multiple contracts. Counterparty risk can be reduced by depositing a security. If the Fund is owed a security pursuant to an applicable agreement, such security shall be held in custody by the Depositary in favour of the Fund. Bankruptcy and insolvency events or other credit events with the OTC counterparty, the Depositary or within their subdepository /correspondent bank network may result in the rights or recognition of the Fund in connection with the security to be delayed, restricted or even eliminated, which would force the Fund to fulfill its obligations in the framework of the OTC transaction, in spite of any security that had previously been made available to cover any such obligation.

OTC-Derivatives*

The OTC-derivatives of the below subfunds with no collateral have margin accounts instead.

Subfund Counterparty	Unrealized gain (loss)	Collateral received
UBS (Lux) Money Market Fund – USD Sustainable		
Morgan Stanley	-15 520.82 USD	0.00 USD
State Street	-166 628.74 USD	0.00 USD
Westpac Banking Corp	-16.44 USD	0.00 USD

* Derivatives traded on an official exchange are not included in this table as they are guaranteed by a clearing house. In the event of a counterparties default the clearing house assumes the risk of loss.

Appendix 1 – Global Exposure (unaudited)

Risk management

Risk management in accordance with the commitment approach and the value-at-risk approach is applied pursuant to the applicable laws and regulatory provisions.

Leverage

Leverage is defined pursuant to the applicable ESMA directives as the total of the notional values of the derivatives used by the respective subfund. According to this definition, leverage may result in artificially increased leverage amounts, as some derivatives that can be used for hedging purposes may be included in the calculation. Consequently, this information does not necessarily reflect the precise actual leverage risk that the investor is exposed to.

Subfunds	Global risk calculation method
UBS (Lux) Money Market Fund – AUD Sustainable	Commitment approach
UBS (Lux) Money Market Fund – CHF Sustainable	Commitment approach
UBS (Lux) Money Market Fund – EUR Sustainable	Commitment approach
UBS (Lux) Money Market Fund – GBP Sustainable	Commitment approach
UBS (Lux) Money Market Fund – USD Sustainable	Commitment approach

Appendix 2 – Securities Financing Transaction Regulation (SFTR) (unaudited)

No securities financing transactions or total return swaps within the meaning of Regulation (EU) 2015/2365 of the European Parliament and of the Council of 25 November 2015 on transparency of securities financing transactions and of reuse and amending Regulation (EU) No 648/2012 ("SFTR") were used in the investment fund's financial year. As a result, no disclosures within the meaning of Article 13 of said Regulation need to be made to investors in the annual report.

Appendix 3 – Remuneration Policy (unaudited)

The Board of Directors of UBS Fund Management (Luxembourg) S.A. (the “Management Company” or the “AIFM”) has adopted a remuneration policy (the “Policy”) whose objectives are on one hand; to ensure that the remuneration framework is in line with the applicable laws and regulations, and more specifically with provisions defined under:

- (i) the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment in Transferable Securities as amended from time to time (the “UCITS Law”) transposing the UCITS Directive 2009/65/EC (the “UCITS Directive”) as amended by Directive 2014/91/EU (the “UCITS V Directive”);
- (ii) the Alternative Investment Fund Managers Directive (“AIFMD”) 2011/61/EU, transposed into the Luxembourg AIFM Law dated from 12 July 2013, as amended from time to time;
- (iii) the ESMA’s guidelines on sound remuneration policies under the UCITS Directive - ESMA/2016/575 and ESMA’s guidelines on sound remuneration policies under the AIFMD - ESMA/2016/579 both published on 14 October 2016;
- (iv) the CSSF Circular 10/437 on Guidelines concerning the remuneration policies in the financial sector issued on 1 February 2010;
- (v) the Directive 2014/65/EU on markets in financial instruments (MiFID II);
- (vi) the Commission Delegated Regulation 2017/565/EC of 25 April 2016 supplementing Directive 2014/65/EU (MiFID II Level 2);
- (vii) the CSSF Circular 14/585, transposing the ESMA Guidelines 2013/606 on remuneration policies and practices (MiFID ESMA Guidelines).

and on the other hand, to comply with the UBS Group AG (the “UBS Group”) Total Reward Principles.

The Policy is meant not to encourage excessive risk taking, to contain measures to avoid conflicts of interest, to be consistent with, and promote, sound and effective risk management, including sustainability risk where applicable, and to be consistent with the UBS Group business strategy, objectives and values.

More details about the Policy of the Management Company/the AIFM, which describes, but not limited to, how remuneration and benefits are determined, are available at <https://www.ubs.com/global/en/asset-management/investment-capabilities/white-labelling-solutions/fund-management-company-services/fml-procedures.html>.

The Policy is subject to an annual review by the control functions of the Management Company/the AIFM after review and update by the Human Resources department; and is approved by the Board of Directors. In March 2021, the Policy has been updated to integrate sustainability risks. Last approval by the Board of Directors took place on 4 November 2021. No material changes were made to the Policy.

Application of the requirements and remuneration disclosure

In accordance with the Article 151 of the UCITS Law and Article 20 of the AIFM Law, the Management Company/the AIFM is required to disclose at least annually certain information concerning its remuneration policy and the practices for its Identified Staff.

The Management Company/the AIFM complies with the UCITS Directive/AIFMD principles in a way and to the extent that is appropriate to its size, internal organization and the nature, scope and complexity of its activities.

Considering the total size of funds under management, both UCITS and AIFs although a significant portion is not complex or risky investment, the Management Company/the AIFM judges that the proportionality principle may not be applicable at the level of the company but at the level of the Identified Staff.

By application of the proportionality principle for the Identified Staff, the following requirements on pay-out processes for Identified Staff are not applied:

- The payment of variable remuneration in instruments related mainly to the funds in relation to which they perform their activities;
- Deferral requirements;
- Retention periods;
- Incorporation of ex-post risk factors (i.e. malus or clawback arrangements).

Appendix 3 – Remuneration Policy (unaudited)

The deferral requirements remain however applicable when the employee's total annual compensation is exceeding the threshold defined under the UBS Group Compensation Framework; the variable compensation will be treated in line with the plan rules defined under the UBS Group Compensation Framework.

Remuneration of Management Company/AIFM staff

The aggregate amounts of total remuneration, split into fixed and variable, paid by the Management Company/the AIFM to its staff and its Identified Staff during the financial year ended as at 31 December 2022 are as follows:

EUR 1 000	Fixed remuneration	Variable remuneration	Total remuneration	No of beneficiaries
All staff	10 669	1 787	12 456	100
- whereof Identified Staff	4 644	985	5 629	33
- thereof Senior Management*	2 341	714	3 055	11
- thereof Other Identified Staff	2 303	271	2 574	22

* Senior Management includes the CEO, the Conducting Officers, the Head of Compliance, the Branch Manager and the Independent Director.

Remuneration of delegates staff

As market or regulatory practice develops UBS Asset Management may consider it appropriate to make changes to the way in which quantitative remuneration disclosures are calculated. Where such changes are made, this may result in disclosures in relation to a fund not being comparable to the disclosures made in the prior year, or in relation to other UBS fund disclosures in that same year.

For the year ending 31 December 2022, the aggregate total remuneration paid by the delegated Investment Manager to its Identified Staff in relation to the Fund amounted to EUR 61 825, of which EUR 42 330 represented the variable remuneration (2 beneficiaries).

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

ANNEX IV

Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Product name: UBS (Lux) Money Market Fund – AUD Sustainable
Legal entity identifier: 549300Q1EQEQZCGKLO51

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?

●● <input type="checkbox"/>	Yes	●● <input checked="" type="checkbox"/>	No
<input type="checkbox"/> It made sustainable investments with an environmental objective: ___%	<input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy	<input checked="" type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of 46.32% of sustainable investments	<input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy
<input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input checked="" type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy	<input checked="" type="checkbox"/> with a social objective	<input type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments
<input type="checkbox"/> It made sustainable investments with a social objective: ___%			

Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following characteristic was promoted by the financial product:

1) At least 51% of the subfund's investments have a UBS ESG consensus score of between 6 and 10.

The extent to which the environmental and/or social characteristics promoted by this financial product were met is stated in the answer to the question "How did the sustainability indicators perform?" of this annex.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

● **How did the sustainability indicators perform?**

Characteristic 1:

- During the reference period, 94.37% of the financial products investments had a UBS ESG consensus score of between 6 and 10.

● **...and compared to previous periods?**

2021/2022: Characteristic 1:

- From 26 November 2022 (ESG characteristic effective date), 87.43% of the financial products investments had a UBS ESG consensus score of between 6 and 10.

● **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

The objectives of the sustainable investments that the financial product partially made was to contribute to the environmental and/or social characteristic(s) promoted by the financial product.

● **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

The Portfolio Manager applied exclusions to the investment universe of the financial product. The link to the Sustainability Exclusion Policy can be found in the main body of the Sales Prospectus.

The exclusions include thermal coal mining and thermal coal-based energy production & oil sands. UBS Asset Management does not invest in companies involved in controversial weapons i.e. cluster munitions, anti-personnel mines, chemical and biological weapons, or companies in breach of the Treaty on the Non-Proliferation of Nuclear Weapons.

Investments are positively screened according to the environmental and/or social characteristics promoted by the financial product.

----- **How were the indicators for adverse impacts on sustainability factors taken into account?**

The Portfolio Manager employs a proprietary ESG Risk Dashboard, the Dashboard allows equity and credit analysts to quickly identify companies with significant ESG risks via the "UBS ESG Risk Signal". This clear, actionable signal serves as starting point for more in-depth analysis of the underlying sources of these risks and the links to their investment cases.

----- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

Companies violating the United Nations Global Compact (UNGC) principles, who do not demonstrate credible corrective action were excluded from the investment universe.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

How did this financial product consider principal adverse impacts on sustainability factors?

The Portfolio Manager applies exclusions to the investment universe of the financial product. The link to the Sustainability Exclusion Policy can be found in the main body of the Sales Prospectus.

The exclusions include thermal coal mining and thermal coal-based energy production & oil sands. UBS Asset Management does not invest in companies involved in controversial weapons i.e. cluster munitions, anti-personnel mines, chemical and biological weapons, or companies in breach of the Treaty on the Non-Proliferation of Nuclear Weapons.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

This clear, actionable signal serves as starting point for more in-depth analysis of the underlying sources of these risks and the links to their investment cases.

The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: 31 October 2023.

What were the top investments of this financial product?

Largest Investments	Sector	% Net Assets*	Country
Kreditanstalt fuer Wiederaufbau	Banks & credit institutions	4.68	Germany
Sumitomo Mitsui Banking Corp	Banks & credit institutions	4.60	Japan
International Bank for Reconstruction & Development	Supranational organisations	4.59	United States
Landwirtschaftliche Rentenbank	Banks & credit institutions	4.54	Germany
European Investment Bank	Supranational organisations	4.48	Luxembourg
Nordic Investment Bank	Supranational organisations	4.13	Finland
BNG Bank NV	Banks & credit institutions	3.67	Netherlands
Kuntarahoitus Oyj	Financial & investment companies	3.60	Finland
Toronto-Dominion Bank	Banks & credit institutions	3.24	Canada
Kommunalbanken AS	Mortgage & funding Institutions	3.10	Norway
Australia Government Bond	Countries & Central Government	3.05	Australia
International Finance Corp	Supranational organisations	3.01	United States
Mizuho Bank Ltd	Banks & credit institutions	2.98	Japan
Deutsche Bahn Finance GMBH	Financial & investment companies	2.60	Germany
National Australia Bank Ltd	Banks & credit institutions	2.59	Australia

*Minor differences with “Statement of Investments in Securities” might occur due to rounding and valuation differences in production systems.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

What was the proportion of sustainability-related investments?

As per the end of the reference period the proportion of sustainability-related investments of the financial product was 46.32%.

Asset allocation

describes the share of investments in specific assets.

What was the asset allocation?

The proportions of investments of the financial product were calculated as per the end of the reference period, which is: 31 October 2023.

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

In which economic sectors were the investments made?

Please refer to the section “Structure of the Securities Portfolio” of the relevant sub-fund of this Annual report to review the breakdown of the economic sectors where the investments were made.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

The financial product had 0% Taxonomy Aligned Investments.

Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?

Yes:

In fossil gas In nuclear energy

No

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies.
- **capital expenditure (CapEx)** showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds*, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

● **What was the share of investments made in transitional and enabling activities?**

There were no investments in transitional and enabling activities.

● **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable.

● **What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

The financial product had a proportion of sustainable investment with an environmental objective not aligned with the EU Taxonomy as stated in the asset allocation section of this annex.

● **What was the share of socially sustainable investments?**

The financial product had a proportion of socially sustainable investment as stated in the asset allocation section of this annex.

● **What investments were included under "other", what was their purpose and were there any minimum environmental or social safeguards?**

Included in "#2 Other" are cash and unrated instruments for the purpose of liquidity and portfolio risk management. Unrated instruments may also include securities for which data needed for the measurement of attainment of environmental or social characteristics is not available.

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

During the reference period, the environmental and/ or social characteristics were met by following the investment strategy and applying exclusion criteria as per the sales prospectus. The investment strategies and/ or exclusion criteria are monitored to ensure adherence.

How did this financial product perform compared to the reference benchmark?

No ESG reference benchmark has been designated for the purpose of determining whether the financial product is aligned with the characteristics that it promotes.

Reference benchmarks are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

● **How does the reference benchmark differ from a broad market index?**

Not applicable.

● **How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?**

Not applicable.

● **How did this financial product perform compared with the reference benchmark?**

Not applicable.

● **How did this financial product perform compared with the broad market index?**

Not applicable.

measure how the environmental or social characteristics promoted by the financial product are attained.

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following characteristic was promoted by the financial product:

1) At least 51% of the subfund's investments have a UBS ESG consensus score of between 6 and 10.

The extent to which the environmental and/or social characteristics promoted by this financial product were met is stated in the answer to the question "How did the sustainability indicators perform?" of this annex.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

● **How did the sustainability indicators perform?**

Characteristic 1:

- During the reference period, 96.25% of the financial products investments had a UBS ESG consensus score of between 6 and 10.

● **...and compared to previous periods?**

2021/2022: Characteristic 1:

- From 26 November 2022 (ESG characteristic effective date), 96.01% of the financial products investments had a UBS ESG consensus score of between 6 and 10.

● **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

The objectives of the sustainable investments that the financial product partially made was to contribute to the environmental and/or social characteristic(s) promoted by the financial product.

● **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

The Portfolio Manager applied exclusions to the investment universe of the financial product. The link to the Sustainability Exclusion Policy can be found in the main body of the Sales Prospectus.

The exclusions include thermal coal mining and thermal coal-based energy production & oil sands. UBS Asset Management does not invest in companies involved in controversial weapons i.e. cluster munitions, anti-personnel mines, chemical and biological weapons, or companies in breach of the Treaty on the Non-Proliferation of Nuclear Weapons.

Investments are positively screened according to the environmental and/or social characteristics promoted by the financial product.

----- **How were the indicators for adverse impacts on sustainability factors taken into account?**

The Portfolio Manager employs a proprietary ESG Risk Dashboard, the Dashboard allows equity and credit analysts to quickly identify companies with significant ESG risks via the "UBS ESG Risk Signal". This clear, actionable signal serves as starting point for more in-depth analysis of the underlying sources of these risks and the links to their investment cases.

----- **Were sustainable investments aligned with the OECD Guidelines for Multinational Enterprises and the UN Guiding Principles on Business and Human Rights? Details:**

Companies violating the United Nations Global Compact (UNGC) principles, who do not demonstrate credible corrective action were excluded from the investment universe.

Principal adverse impacts are the most significant negative impacts of investment decisions on sustainability factors relating to environmental, social and employee matters, respect for human rights, anti-corruption and anti-bribery matters.

How did this financial product consider principal adverse impacts on sustainability factors?

The Portfolio Manager applies exclusions to the investment universe of the financial product. The link to the Sustainability Exclusion Policy can be found in the main body of the Sales Prospectus.

The exclusions include thermal coal mining and thermal coal-based energy production & oil sands. UBS Asset Management does not invest in companies involved in controversial weapons i.e. cluster munitions, anti-personnel mines, chemical and biological weapons, or companies in breach of the Treaty on the Non-Proliferation of Nuclear Weapons.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

The Portfolio Manager employs a proprietary ESG Risk Dashboard, the Dashboard allows equity and credit analysts to quickly identify companies with significant ESG risks via the “UBS ESG Risk Signal”. This clear, actionable signal serves as starting point for more in-depth analysis of the underlying sources of these risks and the links to their investment cases.

The EU Taxonomy sets out a “do not significant harm” principle by which Taxonomy-aligned investments should not significantly harm EU Taxonomy objectives and is accompanied by specific Union criteria.

The “do no significant harm” principle applies only to those investments underlying the financial product that take into account the EU criteria for environmentally sustainable economic activities. The investments underlying the remaining portion of this financial product do not take into account the EU criteria for environmentally sustainable economic activities.

Any other sustainable investments must also not significantly harm any environmental or social objectives.

The list includes the investments constituting **the greatest proportion of investments** of the financial product during the reference period which is: 31 October 2023.

What were the top investments of this financial product?

Largest Investments	Sector	% Net Assets*	Country
Nordea Bank Abp	Banks & credit institutions	3.98	Finland
UBS Irl Select Money Market Fund - EUR Sustainable	Investment funds & benefit found	3.96	Ireland

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

What was the proportion of sustainability-related investments?

As per the end of the reference period the proportion of sustainability-related investments of the financial product was 39.17%.

Asset allocation

describes the share of investments in specific assets.

To comply with the EU Taxonomy, the criteria for **fossil gas** include limitations on emissions and switching to fully renewable power or low-carbon fuels by the end of 2035. For **nuclear energy**, the criteria include comprehensive safety and waste management rules.

Enabling activities

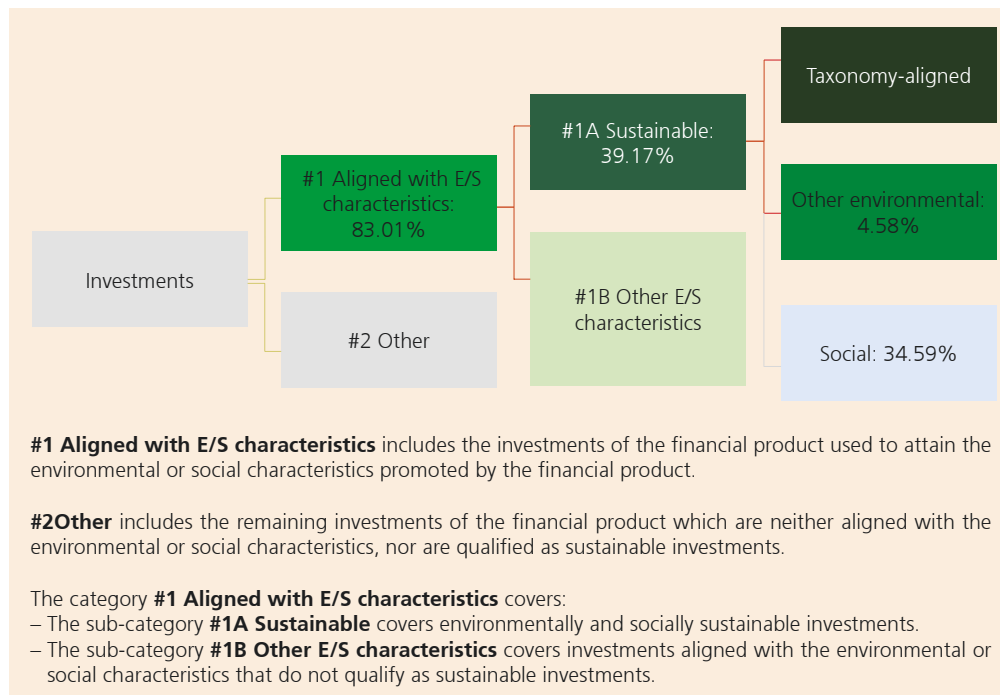

directly enable other activities to make a substantial contribution to an environmental objective.

Transitional activities

are activities for which low-carbon alternatives are not yet available and among others have greenhouse gas emission levels corresponding to the best performance.

What was the asset allocation?

The proportions of investments of the financial product were calculated as per the end of the reference period, which is: 31 October 2023.

In which economic sectors were the investments made?

Please refer to the section “Structure of the Securities Portfolio” of the relevant sub-fund of this Annual report to review the breakdown of the economic sectors where the investments were made.

To what extent were the sustainable investments with an environmental objective aligned with the EU Taxonomy?

The financial product had 0% Taxonomy Aligned Investments.

Did the financial product invest in fossil gas and/or nuclear energy related activities complying with the EU Taxonomy?

Yes:

In fossil gas In nuclear energy

No

¹ Fossil gas and/or nuclear related activities will only comply with the EU Taxonomy where they contribute to limiting climate change (“climate change mitigation”) and do not significantly harm any EU Taxonomy objective - see explanatory note in the left hand margin. The full criteria for fossil gas and nuclear energy economic activities that comply with the EU Taxonomy are laid down in Commission Delegated Regulation (EU) 2022/1214.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

Taxonomy-aligned activities are expressed as a share of:

- **turnover** reflecting the share of revenue from green activities of investee companies.
- **capital expenditure (CapEx)** showing the green investments made by investee companies, e.g. for a transition to a green economy.
- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

● **What was the share of investments made in transitional and enabling activities?**

There were no investments in transitional and enabling activities.

● **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable.

● **What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

The financial product had a proportion of sustainable investment with an environmental objective not aligned with the EU Taxonomy as stated in the asset allocation section of this annex.

● **What was the share of socially sustainable investments?**

The financial product had a proportion of socially sustainable investment as stated in the asset allocation section of this annex.

● **What investments were included under "other", what was their purpose and were there any minimum environmental or social safeguards?**

Included in "#2 Other" are cash and unrated instruments for the purpose of liquidity and portfolio risk management. Unrated instruments may also include securities for which data needed for the measurement of attainment of environmental or social characteristics is not available.

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

During the reference period, the environmental and/ or social characteristics were met by following the investment strategy and applying exclusion criteria as per the sales prospectus. The investment strategies and/ or exclusion criteria are monitored to ensure adherence.

How did this financial product perform compared to the reference benchmark?

No ESG reference benchmark has been designated for the purpose of determining whether the financial product is aligned with the characteristics that it promotes.

Reference benchmarks

are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

● *How does the reference benchmark differ from a broad market index?*

Not applicable.

● *How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?*

Not applicable.

● *How did this financial product perform compared with the reference benchmark?*

Not applicable.

● *How did this financial product perform compared with the broad market index?*

Not applicable.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

ANNEX IV

Template periodic disclosure for the financial products referred to in Article 8, paragraphs 1, 2 and 2a, of Regulation (EU) 2019/2088 and Article 6, first paragraph, of Regulation (EU) 2020/852

Sustainable investment means an investment in an economic activity that contributes to an environmental or social objective, provided that the investment does not significantly harm any environmental or social objective and that the investee companies follow good governance practices.

The **EU Taxonomy** is a classification system laid down in Regulation (EU) 2020/852, establishing a list of **environmentally sustainable economic activities**. That Regulation does not include a list of socially sustainable economic activities. Sustainable investments with an environmental objective might be aligned with the Taxonomy or not.

Product name: UBS (Lux) Money Market Fund – GBP Sustainable
Legal entity identifier: 549300BCEFLDPCXBHM27

Environmental and/or social characteristics

Did this financial product have a sustainable investment objective?

Yes
 No

<input type="checkbox"/> It made sustainable investments with an environmental objective : ___% <ul style="list-style-type: none"> <input type="checkbox"/> in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input type="checkbox"/> in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy 	<input checked="" type="checkbox"/> It promoted Environmental/Social (E/S) characteristics and while it did not have as its objective a sustainable investment, it had a proportion of 21.53% of sustainable investments <ul style="list-style-type: none"> <input type="checkbox"/> with an environmental objective in economic activities that qualify as environmentally sustainable under the EU Taxonomy <input checked="" type="checkbox"/> with an environmental objective in economic activities that do not qualify as environmentally sustainable under the EU Taxonomy <input checked="" type="checkbox"/> with a social objective
<input type="checkbox"/> It made sustainable investments with a social objective : ___%	<input type="checkbox"/> It promoted E/S characteristics, but did not make any sustainable investments

Sustainability indicators

measure how the environmental or social characteristics promoted by the financial product are attained.

To what extent were the environmental and/or social characteristics promoted by this financial product met?

The following characteristic was promoted by the financial product:

- 1) At least 51% of the subfund's investments have a UBS ESG consensus score of between 6 and 10.

The extent to which the environmental and/or social characteristics promoted by this financial product were met is stated in the answer to the question "How did the sustainability indicators perform?" of this annex.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

● **How did the sustainability indicators perform?**

Characteristic 1:

- During the reference period, 89.05% of the financial products investments had a UBS ESG consensus score of between 6 and 10.

● **...and compared to previous periods?**

2021/2022: Characteristic 1:

- From 26 November 2022 (ESG characteristic effective date), 86.95% of the financial products investments had a UBS ESG consensus score of between 6 and 10.

● **What were the objectives of the sustainable investments that the financial product partially made and how did the sustainable investment contribute to such objectives?**

The objectives of the sustainable investments that the financial product partially made was to contribute to the environmental and/or social characteristic(s) promoted by the financial product.

● **How did the sustainable investments that the financial product partially made not cause significant harm to any environmental or social sustainable investment objective?**

The Portfolio Manager applied exclusions to the investment universe of the financial product. The link to the Sustainability Exclusion Policy can be found in the main body of the Sales Prospectus.

The exclusions include thermal coal mining and thermal coal-based energy production & oil sands. UBS Asset Management does not invest in companies involved in controversial weapons i.e. cluster munitions, anti-personnel mines, chemical and biological weapons, or companies in breach of the Treaty on the Non-Proliferation of Nuclear Weapons.

Investments are positively screened according to the environmental and/or social characteristics promoted by the financial product.

- **operational expenditure (OpEx)** reflecting green operational activities of investee companies.

The graphs below show in green the percentage of investments that were aligned with the EU Taxonomy. As there is no appropriate methodology to determine the taxonomy-alignment of sovereign bonds, the first graph shows the Taxonomy alignment in relation to all the investments of the financial product including sovereign bonds, while the second graph shows the Taxonomy alignment only in relation to the investments of the financial product other than sovereign bonds.*

* For the purpose of these graphs, 'sovereign bonds' consist of all sovereign exposures.

● **What was the share of investments made in transitional and enabling activities?**

There were no investments in transitional and enabling activities.

● **How did the percentage of investments that were aligned with the EU Taxonomy compare with previous reference periods?**

Not applicable.

● **What was the share of sustainable investments with an environmental objective not aligned with the EU Taxonomy?**

The financial product had a proportion of sustainable investment with an environmental objective not aligned with the EU Taxonomy as stated in the asset allocation section of this annex.

● **What was the share of socially sustainable investments?**

The financial product had a proportion of socially sustainable investment as stated in the asset allocation section of this annex.

● **What investments were included under "other", what was their purpose and were there any minimum environmental or social safeguards?**

Included in "#2 Other" are cash and unrated instruments for the purpose of liquidity and portfolio risk management. Unrated instruments may also include securities for which data needed for the measurement of attainment of environmental or social characteristics is not available.

are sustainable investments with an environmental objective that **do not take into account the criteria** for environmentally sustainable economic activities under Regulation (EU) 2020/852.

Appendix 4 – Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088) (unaudited)

What actions have been taken to meet the environmental and/or social characteristics during the reference period?

During the reference period, the environmental and/ or social characteristics were met by following the investment strategy and applying exclusion criteria as per the sales prospectus. The investment strategies and/ or exclusion criteria are monitored to ensure adherence.

How did this financial product perform compared to the reference benchmark?

No ESG reference benchmark has been designated for the purpose of determining whether the financial product is aligned with the characteristics that it promotes.

Reference benchmarks

are indexes to measure whether the financial product attains the environmental or social characteristics that they promote.

● ***How does the reference benchmark differ from a broad market index?***

Not applicable.

● ***How did this financial product perform with regard to the sustainability indicators to determine the alignment of the reference benchmark with the environmental or social characteristics promoted?***

Not applicable.

● ***How did this financial product perform compared with the reference benchmark?***

Not applicable.

● ***How did this financial product perform compared with the broad market index?***

Not applicable.
