摩根基金

財務報表附註 截至2024年6月30日為止

1. 組織

摩根基金(下稱「本基金」或「本 SICAV」)為在 1969 年 4 月 14 日成立之投資公司,取名為 Multi Trust Fund S.A.。本 SICAV 之名稱在 1984 年 7 月 3 日更名為 Fleming International Fund,並於 1988 年 10 月 19 日更名為 Fleming Flagship Fund,復於 2000 年 6 月 2 日更名為 JPMorgan Fleming Funds,再於 2005 年 9 月 12 日改成摩根基金(JPMorgan Funds)。

其係依據有關集體投資計畫之 2010 年 12 月 17 日盧森堡法律第 I 部份(經修訂)設立,符合資本可變投資公司(SICAV)資格之股份有限公司(Societe Anonyme)。截至 2024 年 6 月 30 日為止,摩根基金共包含 96 檔子基金,每檔各有不同的投資組合(包含證券、現金和其他金融工具)。

摩根資產管理(歐洲)有限公司被本 SICAV 委任為基金管理機構。

本基金在盧森堡商業及公司登記處(Registre de Commerce et des Societes)註冊,註冊編號 B 8478。

每一檔子基金之中可能包含 A、C、C2、CPF、D、F、I、I2、J、K、S1、S2、T、V、X 與 Y 等股份類別。該等股份類別可能有不同之最低申購金額、最低持股金額、貨幣別及/或資格要求、費用及收費及所適用的股利政策。某些股份類別可能會收取績效費,並於股份類別名稱中加上「(perf)」文字而重新命名。

在每一檔子基金中,各股份類別之貨幣單位可能不同於子基金本身之計價幣別,各股份類別之計價幣別會在其名稱中註記。

2. 重大會計政策

本財務報表採用繼續經營會計基礎並依照盧森堡對集體投資計畫之規定(係依盧森堡之一般公認會計原則(GAAP))所編製。

截至本報告出具日為止,市場狀況並無重大變更,因此基金管理機構仍持續暫停交易摩根基金—俄羅斯基金與摩根基金—新興歐洲股票基金。最近一次的正式每股淨資產價值係於 2022 年 2 月 25 日公佈。此暫停適用於所有類型的股份交易(股份轉讓除外),此兩檔子基金於暫停期間不接受申購、轉換或買回股份的請求,僅允許股份轉讓(即所有權轉讓)。自 2023 年 2 月 17 日起,摩根基金—新興歐洲股票基金已分割為兩檔子基金,即(i)受影響之子基金,其中包含無流動性的資產,及(ii)流動性資產已移轉至摩根基金—新興歐洲股票 II 基金已自 2023 年 12 月 14 日起併入 JPMorgan Funds - Middle East, Africa and Emerging Europe Opportunities Fund(該子基金未經授權於台灣募集或銷售)。考量基金管理機構無法在境內外交易俄羅斯資產、

缺乏相關價格來源與市場不確定性,此兩檔暫停交易之子基金截至 2024 年 6 月 30 日的 淨資產價值、淨資產報表、營運及淨資產變動報表及投資列表僅為指示性,係對子基金 資產價值的內部估算。此並非正式淨資產價值;正式淨資產價值的計算仍為暫停,股東 不能申購或買回此兩檔子基金。

a) 投資評價

除貨幣市場基金外,所有子基金所投資經核准於正式交易所上市或於其他受規管市場交易之可轉讓證券,均以計算淨資產價值當時之最新報價計價。

假如證券在多個交易所或市場上市或交易,以最新可得價格或主要交易所或市場的均價計算。

未經准許於正式交易所上市或於其他受規管市場交易之可轉讓證券,以最新報價計價。若該等證券無可得價格或最新報價無法反映其真實價格,得按董事會以謹慎誠信之態度決定之合理預期出售價格為基礎計價。截至 2024 年 6 月 30 日止以公平價值計價之證券,於投資列表中以星號(*)標註之。

UCITS 或其他 UCIs 之股份或單位,則使用該等基金或其代理機構發布之最新報價或淨資產價值來計價。流動性資產及貨幣市場工具係以市場價值加上應計利息進行評價。於可變淨資產價值子基金(VNAV)下,所有投資均以計價日可取得之最新價格計價。

摩根基金 — 美元浮動淨值貨幣基金符合貨幣市場基金法規(歐盟第 2017/1131 號規則) 之可變淨資產價值貨幣市場基金(VNAV MMF)。

可變淨資產價值貨幣市場基金之資產盡可能按市場價格計價。若市場價格不可得或市場 資訊無足夠之品質,可變淨資產價值貨幣市場基金之資產將保守地採用模型之價格計價。 模型藉由考量最新之因素,包括每一相關資產之交易量、發行規模、市場風險、利率風 險及信用風險,準確估計其價格。

貨幣市場基金、證券化商品、資產擔保商業本票與貨幣市場工具則按市場價格計價。如子基金資產之價值無法按市場價格計價之方法計算;a)貨幣市場基金之股份或單位應按該貨幣市場基金所公告最後可得之淨資產價值計價;b)庫存現金或銀行存款、應收帳款、預付費用、現金股利及前述已宣布或累計但尚未收到之利息之價值,應視為其金額之全部,但如無法全數受支付或收受者,其價值之決定應以保守方式使用按模型計價之方式計算。

財務報表的呈現是以子基金於 2024 年 6 月 28 日 (即 2024 年 6 月 30 日為止期間之最後營業日)計算的淨資產價值為基礎,惟摩根基金—美元浮動淨值貨幣基金之淨資產價值係於 2024 年 6 月 30 日計算。根據公開說明書,淨資產價值係使用計算當時最新的匯率計算。

於管理每日計價之基金,董事會之原則為確保投資組合係經適當之評價,以公平對待股東;基於此,基金管理機構已組成一公平價值委員會,以處理任何潛在評價問題。因此, 在投資列表中詳述的安全級別公允價值外,於2024年6月30日並無對價值進行調整, 因投資組合於評價點所呈現之價值,與投資組合相關標的市場結束時之價值相同。

b) 波動定價調整

為保護子基金股東的權益,子基金之淨資產價值可能會進行調整,以補償因現金流入或流出子基金所引起之稀釋效果。

此等調整通常於一子基金股份之所有申購與買回量淨額超過一定門檻之任何計價日採用。此等調整力求反映子基金將購買或賣出資產所預期發生之交易成本。當現金淨流入量超過預定之門檻時,淨資產價值將向上調整;當現金淨流出量超過門檻時,淨資產價值將向下調整。

在正常市場情況下,於任何特定計價日,上述調整幅度均不會超過子基金淨資產價值之 2%。本 SICAV 董事會授予基金管理機構一切必要之權力,得於特殊市場狀況時,將子基金適用之最大波動因子自 2%調高至最高 5%。=如調增波動因子超過 2%時,基金管理機構將立即通知 SICAV 董事會及 CSSF。在本年度,未有任何子基金適用之波動因子超過 2%。波動因素通常包括預計之交易成本、印花稅及其他稅賦與市場買賣價差。適用於特定子基金之價格調整可於基金管理機構登記辦公室向其請求而取得。

基金管理機構將就有關波動價格之運作,包括觸發門檻、各種情形之調整範圍及於任何時間何檔子基金將進行或不進行波動定價,做決定並定期檢討該等決定。

(財報第121頁)

揭露於本財報統計資訊一節之截至年度終了之正式每股淨資產價值,可能包括波動定價 調整,此將不會認列於淨資產合併報表或營運及淨資產變動合併報表。

於本年度,除摩根基金—新興歐洲股票基金及摩根基金—俄羅斯基金因淨流量未達波動 門檻,以及摩根基金—美元浮動淨值貨幣基金因公開說明書之限制外,所有子基金均適 用波動定價機制。

於本年度終了,波動定價調整並未運用於任一子基金。

同樣的,為保護股東於被合併子基金之權益,基金管理機構得調整該合併子資金之最終 每股淨資產價值,或進行其他適當調整,以消除因存續子基金於合併日之現金流入或流 出,所致經由波動定價機制而為之價格調整對被合併子基金造成之影響。

當一子基金尋求吸引淨流入以達到特定規模時,基金管理機構得認為,放棄對於一子基金之每股淨值應用波動定價調整係為適當。基金管理機構如做成此項決定,應就受影響之子基金補償因放棄波動定價調整而影響之相應金額,以保障該子基金之淨資產價值不被稀釋。當此情形發生時,股東將以未被向上調整之淨值(如價格調整機制被應用時將向上調整價格)申購。基金管理機構於本年度內並未放棄執行波動定價調整。

c) 已實現與未實現投資損益

投資交易依交易日(買賣下單執行之日)入帳。對於其他集體投資計畫之交易,交易於 接獲過戶代理人交易確認入帳。 如有任何已實現投資損益,則採用平均帳面成本法計算。自投資購買日起至售出日止相關外匯變動已包括在已實現投資損益中。持有投資之未實現損益則以總帳面成本計算, 且包含未實現外匯損益。

d) 收入認列

利息收入是每日累計,包括溢折價攤銷。銀行利息收入是應計基礎。股息收入在除息日累計。這些收入是以扣除預扣稅金後呈現,並於退稅時調整。目前受制裁之俄羅斯證券所獲得的股利收入,將以公平價值評價,以認列子基金無法匯回之收益。證券借出收入於發生該收入之次月16日,扣除支付給借出代理人之借出費用後,採現金基礎制入帳。證券借出收入將包括有關現金擔保品轉投資之收益(如有)。

e) 外幣轉換

各子基金之帳冊報表均以其基礎貨幣計價,所有以其他貨幣計價之金額均以下列基礎轉換為基礎貨幣:(i) 最初以其他貨幣呈現之投資價值及其他資產及負債以各營業日的匯率轉換成基礎貨幣;(ii) 國外投資之買賣、收入與支出以交易日當日之匯率轉換成基礎貨幣。

已實現及未實現外匯交易損益淨值代表意義如下:(i)由買賣或持有外國貨幣及約當現金所生之外匯損益;(ii)證券交易及遠期外匯合約於交易日與交割日間之損益;(iii)紀錄之股息或利息與實際收入差額所生之損益;及(iv)因已發生費用金額與實際支付金額之間的匯差所生之損益。

所有相關損益(如有)將揭露於營運及淨資產變動合併報表之「已實現外匯淨損益」或 「未實現外匯淨增/減值變動」項下。

f) 遠期外匯合約

未交割之遠期外匯合約之未實現損益以相關計價日之匯率為基礎計算。該等金額變動揭露於營運及淨資產變動合併報表之「遠期外匯合約未實現淨增/減值變動」項下。當合約結束,已實現損益記錄於營運及淨資產變動合併報表之「遠期外匯合約已實現淨損益變動」項下。未實現損益記錄於淨資產合併報表之「未實現遠期外匯合約損益」項下。

g) 證券及指數金融期貨合約

金融期貨合約以交易所交割價格之報價計價,訂立合約之期初保證金可用現金或證券支付。合約未結清期間內,合約價值之變動以市價法每日認列為未實現損益以反映各營業日交易結束後之合約市價。變動保證金則端看合約是付款或收款則視係發生損失或利得。保證金支付頻率可能依合約交易地而異。當合約結束,本基金將於營運及淨資產變動合併報表之「已實現金融期貨合約淨損益」記錄等同原始日與平倉日之價差為已實現損益。

未實現損益記錄於淨資產合併報表之「未實現金融期貨合約損益」項下。金額變動則記錄在營運及淨資產變動合併報表之「未實現金融期貨合約增/減值變動淨額」項下。

h) 選擇權契約

本基金賣出有價證券、期貨與貨幣選擇權。這些選擇權以現金交割並使本基金有無上限損失的風險。然而因交易對手在契約初始即藉由支付保證金履行其義務,本基金並無賣權之信用風險。

購買選擇權契約屬於投資,出售選擇權契約則屬於負債。當選擇權到期以現金交割,權利金與交割價格之間的差價為已實現利得或損失。行使選擇權取得或交付之證券,獲得的成本或賣出的金額應按權利金總額調整。當選擇權平倉,權利金與平倉成本的差價為已實現損益。當選擇權到期不履約,權利金為已出售選擇權所實現之利得或已購買選擇權之損失。

對於投資經理人設立於英國之期貨選擇權,變動保證金依照標的期貨契約損益每天計算。 市場價值記錄於淨資產合併報表之「購買/出售選擇權契約之公平價值」項下。未實現損益之變動則記錄於營運及淨資產變動合併報表之「選擇權契約未實現淨增/減值變動」項下。當契約結束時,已實現損益則記錄在營運及淨資產變動合併報表之「選擇權契約已實現淨損益」項下。

i) 待公佈證券 (下稱「TBA」)

TBAs 涉及政府相關單位發行之抵押擔保證券,這些單位通常集合擔保貸款並且銷售這 些貸款利息。TBAs 通常未固定利率與到期日,並以期貨契約方式買賣,分別揭露於投 資列表。

特定子基金應用 Dollar Rolls,主要為使用 TBA 有價證券,為子基金於當月賣出抵押擔保證券且同時約定於特定日期按約定價格買回相似但不完全相同之證券。買賣 Dollar Rolls 的子基金訂定再買回之承諾並收取報酬。

子基金必須為 Dollar Rolls 持有不低於再買回價格之流動證券(含產生之利息)。這些子基金所須購買之有價證券市場價值可能會低於先前同意買回該等證券的價格。

子基金截至 2024 年 6 月 30 日未償付之 TBA Dollar Rolls,列於淨資產合併報表之「待公佈合約投資之市值」、「以市場價值評價之待公佈合約之未平倉空頭部位」「出售待公佈合約之應收帳款」及「購買待公佈合約之應付帳款」項下。未實現損益變動將計入營運及淨資產變動合併報表之「待公佈合約未實現淨增/減值變動」項下。當契約結束時,已實現之損益則記錄在營運及淨資產變動合併報表之「待公佈合約已實現淨損益」項下。

i) 利率交換合約

利率交換合約為一項雙邊協議,雙方同意根據一名目金額為計算基礎,以一系列的利息 款項交換另一系列的利息款項(通常為固定或浮動利率),而此名目金額不做交換。

其市值記錄於淨資產合併報表之「交換合約公平價值」項下。

利率交換合約之利息將計入營運及淨資產變動合併報表之「交換合約利息」項下。

完全報酬交換合約得將投資經理人選定之特定一籃子證券之總績效與參考比率及價差 交換。總績效包括標的證券根據其類型於合約期間之利息、股息、獲利及虧損。該等工 具之風險將取決於訂立合約時,標的證券績效的不確定性。該等標的證券於主要證交所 上市。

計算個別發行人應適用之投資及借貸權限時,須考慮標的證券價值。相關的指數包括但 不限於貨幣、利率、價格和完全報酬利率指數、固定收益指數與股票指數。

市值記錄於淨資產合併報表之「交換合約公平價值」項下。該等金額的變動記錄於營運 及淨資產變動合併報表之「交換合約未實現淨增/減值變動」項下。當合約結束時,已實 現損益記錄於營運及淨資產變動合併報表之「交換合約已實現淨損益」項下。

1) 信用違約交換合約

信用違約交換合約為一種信用衍生性商品交易,雙方同意簽署合約,在合約期間內一方 (甲方)定期支付另一方(乙方)固定定期息票。除非有信用違約事件發生,危及事先 約定之標的資產,否則乙方不需支付款項。當信用違約事件發生,乙方支付款項予甲方 而結束合約。計算個別發行人應適用之投資及借貸權限時,須考慮標的證券價值。

市值記錄於淨資產合併報表之「交換合約公平價值」項下。未實現之損益變動記錄於營運及淨資產變動合併報表之「交換合約未實現淨增/減值變動」項下。當合約結束時,已 實現損益則記錄於營運及淨資產變動合併報表之「交換合約已實現淨損益」。

m) 商品指數交換合約

商品指數交換合約為一項雙邊協議,雙方同意得將一特定商品指數之總報酬,與貨幣市場利率及費用進行交換。

其市場價值記錄在淨資產合併報表之「交換合約公平價值」項下。未實現之損益變動記錄於營運及淨資產變動合併報表之「交換合約未實現淨增/減值變動」項下。當合約結束時,已實現損益則記錄於營運及淨資產變動合併報表之「交換合約已實現淨損益」。

n) 通膨率交换合約

通膨率交換合約係一雙邊合約,雙方同意依據作為計算基礎之名目金額,以一預定之固定比率與一通膨連結付款交換,且通常在該期限結束前不進行交換。通膨率交換合約於

每一淨資產價值計算日按市值計價。估計市場價值係基於合約中規定之評價要素,並從 第三方定價代理商、造市商或內部模型獲得。

市場價值記錄於淨資產合併報表中之「交換合約公平價值」項下。通膨率交換合約產生之收入記錄於營運及淨資產變動合併報表中之「交換合約利息」項下。未實現損益之變動包含於營運及淨資產變動合併報表中之「交換合約未實現淨增/減值變動」項下。於合約結束時,已實現之收益或損失記錄於營運及淨資產變動合併報表中之「交換合約已實現淨損益」項下。

4. 費用與支出

a) 費率上限

任何子基金之一類股份類別中,股東所負擔之最高總費用與支出不得超過歸屬於該股份類別之淨資產總值之上限比例。這些有上限之費用與支出,包括管理費、次投資經理人

費用、銷售費用及其他營運及行政管理支出,惟此不包括投資績效費(如有)。

此等股份類別未被收取其他費用,經營此等股份類別之實際費用與上限比例之差額將由 基金管理機構自行吸收。

此一具上限之費用與支出之年度費率屬於於附件一揭露之總費用比率。各股份類別應付之實際費用及支出,詳載於附件。

b) 管理費

本基金給付基金管理機構按其管理之每一子基金或股份類別平均每日淨值之一定百分 比所計算之管理費(下稱「管理費」)。管理費每日累計,於每月終了後按月給付,其 最高費率載於公開說明書。

子基金可投資於由摩根大通集團(J.P. Morgan Chase & Co)關係企業管理之 UCITS、其他 UCIs 或符合 UCITS 規則所定義之可轉讓證券資格的封閉式投資基金企業(包括投資信託)(下稱「基金企業」),並將避免雙重收取管理費用或將退還重複收取之管理費用。然而,如子基金所投資之基金收取更高之管理費用,則可能向該子基金收取其差額。如子基金所投資之關係基金企業將管理費用與其他費用合併為單一總費用率,例如指數股票型基金,則將免除總費用率。當子基金投資於非摩根大通集團之基金企業,得收取公開說明書「子基金說明」章節所載之費用,而不論該基金企業之股份或單位價格是否已反映任何費用。

基金管理機構已決議於摩根基金—俄羅斯基金及摩根基金—新興歐洲股票基金暫停期間豁免其管理費及銷售費。

基金管理機構得隨時(且其間隔可短至一天)將管理費更改為介於零至所規定之最高限額間的任何金額。對於子基金 X 及 Y 股份類別,此費用不在股份類別中收取;而係由適當之摩根大通集團 (J.P. Morgan Chase & Co) 之機構直接向股東收取此服務費用。

c) 次投資經理人費用

對於多重管理人子基金,除年度管理費外,另有次投資管理費。此費用係支付予日常管理子基金投資組合中受分配部分之次投資經理人。於子基金投資於非屬摩根大通集團成員之投資經理人所管理之基金企業,仍得對之收取公開說明書所載之管理費,不論該基金企業之股份或單位價格是否已反映任何費用。

d) 銷售費

基金管理機構通常將此費用之部分或全部使用於補償銷售機構提供有關 D 及 T 類股份類別的行銷與銷售之服務。基金管理機構得隨時(其間隔可短至一天)將此費用更改為介於零至所規定之最高限額間的任何金額。

e) 營運及行政管理支出

本基金按公開說明書所載費率,負擔所有本基金日常營運及行政管理支出,以支付本基金經營與行政管理中不時發生之固定與變動之成本、收費、費用及其他支出。每一股份

類別就此費用均設有上限,且此費用不得超過公開說明書中「子基金說明」章節所載之金額。基金管理機構將負擔超出對營運及行政管理支出所定最高費率之部分。

當子基金主要投資於由摩根大通集團任何關係企業所管理之 UCITS 及其他 UCIs,且尤其於公開說明書之「子基金說明」章節中對一子基金特別載明應避免雙重收取營運及行政管理支出,則將由相關 UCITS 或其他 UCIs 退還營運及行政管理支出(或相等費用)予子基金,以避免對於營運及行政管理支出雙重收費。當子基金投資於非屬摩根大通集團關係企業之基金企業,得收取公開說明書「子基金說明」部分所載之費用,不論該基金企業之股份或單位價格是否已反映任何費用。

營運及行政管理支出包括:

- (i) 基於基金管理機構為本基金提供服務而支付予基金管理機構之「基金服務費」。基金服務費將每年檢討且年費率不得超過0.15%。
- (ii) 如公開說明書所詳列之由本基金直接約定之費用(下稱「直接基金費用」)及基金管理機構代表本基金直接約定之費用(下稱「間接基金費用」)。

營運及行政管理支出不包括交易費及特別支出。

f) 績效費

依據公開說明書之規定,基金管理機構可向特定子基金或股份類別之淨資產,針對子基金績效超過指標報酬的部份收取年度績效獎勵費用(下稱「績效費」),但須配合回補機制或高水位機制之操作(定義於公開說明書,並規定於公開說明書中各子基金之說明章節)。係於每計價日累計前一日之應計績效費,且累計之績效費(如有)應於會計年度最後交易日或下列任何一種情形下,應支付予基金管理機構:非常重要之轉換或買回訂單(僅適用於該等股份),以及子基金被合併或清算時。根據投資管理合約,投資經理人可向基金管理機構收取全部或一部分之績效費。

(財報第124頁)

於各計價日,適用績效費之每一子基金股份類別的淨資產,包括累計的所有費用與支出 (包括相關股份類別的管理費和營運及行政管理支出,費率請參閱公開說明書),將扣除任何收益分配與當日的申購與買回,並加回任何累計的績效費(下稱「調整後淨資產價值」)。為了計算績效費,每計價日計算「股份類別報酬」,股份類別報酬為當日淨資產價值(加回任何累計的績效費)與前一日調整後淨資產價值的差額,以前一計價日之該股份類別調整後淨資產價值為基礎而計算出之報酬表示。

回補機制

如自上一次支付績效費後,績效超過績效費指標時,回補機制得於報酬為負值時計收績效費。

高水位機制

高水位機制加入一額外要求,即每股淨資產價值高於股份類別發行時之每股淨資產價值

或上一次支付績效費時之每股淨資產價值(兩者擇一較高者)時,始可計收績效費。 截至 2024 年 6 月 30 日為止,以「(perf)」為後綴之所有股份類別所收取之績效費率 及指標如下: (財報第 125 頁)

子基金	適用股份類別	績效費率	績效指標

5. 配息政策

以「(累計)」為後綴之股份類別

以「(累計)」為後綴之股份為累計股份類別,不配發股息。配息股份類別將以下列方式支付股息:

以「(分派)」為後綴之股份類別

以「(分派)」為後綴之股份類別,於適當情形,每年支付可報告收入,並將具備「英國報告基金狀態」。此等股份類別股息通常於每年9月份發放。

以「(每季派息)」為後綴之股份類別

以「(每季派息)」為後綴之股份類別將以季為基礎支付配息,且配息率將由基金管理機構依據相關子基金投資組合歸至該等股份類別之預計年收益計算。基金管理機構將至少每半年審閱各股份類別之配息率,亦可更頻繁調整配息率,以反映投資組合之預期收益。

投資人應注意以「(每季派息)」為後綴之股份類別對股息分派之優先順序高於資本增值。因此,各股份類別之預計年收益計算將不扣除管理費與營運及行政管理支出,且該等股份類別之配息分派可能高於投資收益。於股息基準日以「(每季派息)」為後綴之股份類別,其已發行股份將因符合資格而獲取股息,且通常將以相關股份類別之計價幣別進行支付。

以「(每月派息)」為後綴之股份類別

以「(每月派息)」為後綴之股份類別僅供股東透過特定亞洲地區銷售通路及基金管理機構授權之其他銷售機構申購及持有。以「(每月派息)」為後綴之股份類別將以月為基礎支付配息。每股每月配息率將由基金管理機構依據相關子基金投資組合歸至該等股份類別之預計年收益計算。基金管理機構將至少每半年審閱各股份類別之配息率,亦可更頻繁調整配息率,以反映投資組合之預期收益。投資人應注意以「(每月派息)」為後綴之股份類別對股息分派之優先順序高於資本增值。因此,各股份類別之預計年收益計算將不扣除管理費與營運及行政管理支出,且該等股份類別之配息分派可能高於投資收益。該等股份類別的股息通常將於每月以相關股份類別之配息分派可能高於投資收益。該等股份類別的股息通常將於每月以相關股份類別之計價幣別支付給股東。基金管理機構保留設定配息下限的權利;實際支付的股息若低於該下限即對該股份類別無經濟效益,則股息將被延後至下個月支付或再投資相同股份類別之額外股份而不直接支付給股東。以「(每月派息)」為後綴之股份類別其每股淨資產價值可能因經常性收益分派產生較大的波動。

以「(固定派息)」為後綴之股份類別

以「(固定派息)」為後綴之股份類別將依公開說明書定義之每年每股總額於每季支付固定配息。如配息被認為不符合該股份類別中所有股東集體之最佳利益,以「(固定派息)」為後綴之股份類別可能關閉、清算、不配息或降低股息金額。

以「(利率入息)」為後綴之股份類別

以「(利率入息)」為後綴之股份類別一般將以月為基礎支付配息。每股每月配息率將由基金管理機構依據相關子基金投資組合歸至該等股份類別之預計年收益計算,至少每

半年修訂一次。預計利率入息之增減則端視利息之有無而定。利率入息係按前一曆月期間,該二幣別一個月之外匯遠期匯率與即期匯率間之平均每日差額計算。

以「(穩定月配)」為後綴之股份類別

以「(穩定月配)」為後綴之股份類別將配發股息,預期將包括來自股份類別之資本及收益之分派。先設定一個每股淨資產價值之預定年度百分比做為每月擬配發而未與收益或資本利得連結之股息。分派之金額可能會超過每股淨資產價值來自於股份類別淨收入及已實現及/或未實現資本利得之增幅,導致侵蝕投資金額。上述年度百分比係依據該股份類別銷售地區之投資人需求及子基金層級之考量因素決定,並可能由基金管理機構全權裁量予以變更。股份類別之最新配息率,請參閱網站(www.jpmorganassetmanagement.lu)。

此股份類別僅提供予透過特定亞洲銷售通路購買及持有股份之投資人,以及基金管理機構全權決定之其他投資人。股東應注意,於績效為負數之期間,股息通常會繼續配發,因此投資價值的下跌速度可能會更快。可能無法無限期地維持初始/現行之配息率,且配發的股息可能會減少。如子基金之淨資產價值跌至其基礎貨幣 1.00 元時,基金管理機構將於次一可行之機會,將該股份類別全數買回。此等股份類別之投資人可能須就來自資本所分派之給付(而尚未繳納應付稅款)繳納稅款。對此,投資人應諮詢其稅務顧問。

(財報第126頁)

其他資訊

股東應注意,若配息率高於股份類別之投資收益,配息可能將以股份類別之本金以及已實現及未實現資本利得支付。此舉將造成特定國家股東之稅務負擔。股東應針對自身稅務狀況洽詢當地稅務顧問。依據英國有關境外基金的稅務條例,以「(每季派息)」、「(固定派息)」及「(每月派息)」為後綴之股份類別不分派應報告收入。

摩根基金—俄羅斯基金及摩根基金—新興歐洲股票基金(分派)股份類別通常於9月份依據可報告收入支付年度分配。若此兩檔子基金在該日期仍為暫停狀態,則將不宣布股息。

截至2024年6月30日止的年度,本基金配息之詳細資訊請參閱網站:

https://am.jpmorgan.com/lu/en/asset-management/adv/products/fund-explorer/sicavs.

6. 稅賦

本基金不須負擔盧森堡之所得稅或資本利得稅,且本基金亦不須負擔盧森堡之財富淨值稅。本基金於盧森堡唯一需負擔之稅項為年率最高0.05%之申購稅(Taxe d'Abonnement),此稅項每季支付並依季末相關各股份類別之淨資產價值計算。附錄6中列出之股份類別將適用每年淨資產價值之0.01%之減免稅率。本基金投資於其他盧森堡集體投資計畫之資產部分,可能因已負擔申購稅(taxe d'abonnement),而視情形不適用上述0.01%及0.05%之稅率。

本基金發行股份毋須於盧森堡支付印花稅、資本稅或其他稅項。本基金已實現或未實現 的資產增值不需於盧森堡付稅。雖然不論本基金長期或短期之已實現資產增值於任何國 家內均不預期將被徵稅,惟股東須注意及知悉,上開可能性並非完全排除。本基金自證 券取得之固定收入,以及於特定國家之現金存款所生之利息收入可能按變動比率適用預 扣所得稅,本賦稅通常無法收回。

就任何子基金所持有之證券投資所獲得之股息、利息及資本利得,可能須繳納其來源國 所課徵無法回收、不同稅率之扣繳稅及資本利得稅。

7. 投資變動表

會計年度中各子基金之投資標的買進賣出細項列表可在本基金註冊辦事處免費取得,各子基金投資組合之其他額外資訊亦可在本基金註冊辦事處取得。

8. 金融工具之價值及其相關風險

本基金簽訂遠期外匯合約、金融期貨合約、選擇權及交換,其各代表超過淨資產合併報 表金額之不同等級之市場風險。合約之金額代表本基金使用此等金融工具的參與程度。 由於匯率、指數與標的證券價值的變動,造成此等金融工具相關的市場風險升高。相關 風險載於公開說明書。

於某些子基金將投資之新興且較未開發之市場,法律、司法及監理等基礎設施仍在發展中,且對當地市場之參與者及其海外之交易對手而言,法規方面之不確定性較高。對投資人而言,某些市場之風險較高,因此投資人須於投資前確保其瞭解所涉及之風險,並確認該投資係適合納入其投資組合。於某些市場中,可能無任何可使交易對手風險降至最低之穩固之付款交貨方式。子基金可能必須於收受證券或銷售收入(依適用情形擇一)前,就其購買支付款項或就其銷售交付貨品。

9. 有關金融技術與金融衍生性工具所收受之擔保品

自有價證券借貸交易及櫃檯買賣之衍生性商品交易(遠期外匯除外)之相對人所收受之 資產構成擔保品。

本基金僅與基金管理機構認為信譽卓著之相對人從事交易。核准之相對人通常有 A 級或 A 級以上公開的信評。相對人應遵守盧森堡金融監管委員會所認為與歐盟審慎法則相當之審慎法則。相對人對於子基金投資組合之管理或組成或子基金使用之金融衍生性工具之標的並無決定權。有關子基金所為之投資決定無須相對人之核准。

擔保品如符合一些標準,包括流動率、評價、發行人信用品質、相對性與多元分散,得 與相對人之總曝險抵銷。於抵銷擔保品時,其價值將減少某一百分比(「折減率」), 該折減率係防備曝險價值與擔保品間之短期波動等。擔保品應維持一相當之程度,以確 保淨相對人曝險不超過公開說明書所載之每一相對人限額。如有擔保品,所收受之擔保 品為有價證券及現金之形式。所收受之非現金擔保品不得出售或設質。

有關金融技術與金融衍生性工具所收受之擔保品,如附件8所示。

10. 證券借出

為產生額外收入或降低成本之目的,在下述允許的範圍內,本基金得將其部分證券投資組合借貸予第三人:(i)與盧森堡法律之若干定義相關之 2008 年 2 月 8 日大公國法規第11 條、(ii)適用於運用若干有關可轉讓證券及貨幣市場工具之技巧與工具之集體投資計畫相關規定之 CSSF 公告 08/356、(iii)關於 ESMA 對 ETFs 及其他 UCITS 發行之指導方針之 CSSF 公告 14/592 及 (iv) 其他適用之法律、規定、公告或 CSSF 立場。

The Board of Directors (the "Board") is pleased to present the Audited Annual Report of JPMorgan Funds (the "Fund") for the year ended 30 June 2024, and considers that taken as a whole they are fair and balanced and provide the information necessary for Shareholders to assess the Fund's position and performance.

Structure of the Fund

The Fund is a variable capital open-ended investment company, organised as a "Société Anonyme", under the laws of the Grand Duchy of Luxembourg. The Board has appointed JPMorgan Asset Management (Europe) S. ar. l. (JPMAME) as Management Company of the Fund. The Fund is organised as an "umbrella" with a number of Sub-Funds each of which has its own investment objective, policies and restrictions.

The objective of the Fund is to place the money available to it in transferable securities and other permitted assets of any kind, in accordance with the Fund's Prospectus, with the purpose of spreading investment risks and affording Shareholders the results of the management of their portfolios.

The Fund qualifies as an Undertaking for Collective Investment in Transferable Securities (UCITS) under the EC Directive 2009/65/EC of 13 July 2009 and is subject to the Luxembourg law of 17 December 2010, as amended, on undertakings for collective investment. The Fund may therefore be offered for sale in European Union Member States, subject to notification in countries other than the Grand Duchy of Luxembourg. In addition, applications to register the Fund and its Sub-Funds may be made in other countries.

The Fund currently has 96 Sub-Funds. All of the Sub-Funds and Share Classes are registered for offer and distribution in the Grand Duchy of Luxembourg and a number of the Sub-Funds and Share Classes are registered for distribution in the following jurisdictions: Austria, Belgium, Chile, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Greece, Hong Kong, Hungary, Iceland, Ireland, Italy, Jersey, Korea, Liechtenstein, Macau, Malta, The Netherlands, Norway, Peru, Poland, Portugal, Singapore, Slovakia, Spain, Sweden, Switzerland, Taiwan, United Arab Emirates and the United Kingdom. During the year Malta was added as a country of registration and Curacao and Sint Maarten were de-registered.

Role and Responsibility of the Board

The responsibility of the Board is governed exclusively by Luxembourg law. With respect to the annual accounts of the Fund, the duties of the Directors are governed by the law of 10 December 2010 on, inter alia, the accounting and annual accounts of undertakings for collective investment and by the law of 17 December 2010, as amended, relating to undertakings for collective investment.

A management agreement between the Fund and JPMorgan Asset Management (Europe) S.à r.l. sets out the matters over which the Management Company has authority under Chapter 15 of the Law of 17 December 2010. This includes management of the Fund's assets and the provision of administration, registration, domiciliation agent and marketing services. All other matters are reserved for approval by the Board and a schedule setting out such matters for clarity is in place between the Board and the Management Company. The matters reserved for the Board include determination of each Sub-Fund's investment objective and policies, investment restrictions and powers, amendments to the Prospectus, reviewing and approving key investment and financial data, including the annual accounts, as well as the appointment of, and review of the services provided by, the Management Company, Auditor and Depositary.

Prior to each Board meeting the Directors receive detailed and timely information allowing them to be prepared for the items under discussion during the meeting. For each quarterly meeting the Board requests, and receives, reports from, amongst others, the Management Company, the investment managers, risk management as well as proposals for changes to existing Sub-Funds or proposals to launch new ones as appropriate. Senior representatives of each of these functions attend Board meetings by invitation to enable the Directors to question the reports presented to them.

The Directors take decisions in the interests of the Fund and its Shareholders as a whole and refrain from taking part in any deliberation or decision which creates a conflict of interest between their personal interests and those of the Fund and its Shareholders. The subject of conflicts of interest is documented in the Prospectus and the Management Company's policy on conflicts of interest is available for inspection on the website:

https://am.jpmorgan.com/content/dam/jpm-am-aem/emea/lu/en/communications/lux-communication/conflicts-of-interest-ce-en.pdf

The Board can take independent professional advice if necessary and at the Fund's expense.

Board Composition

The Board is chaired by Mr Schwicht and consists of four Independent Non-Executive Directors, one Non-Executive Director and two Executive Directors.

The Board defines an Executive Director as someone who is employed by JPMorgan Chase & Co or any of its affiliates, a Non-Executive Director as someone who has a business, family or other relationship with the Fund or JPMorgan Chase & Co or any of its affiliates, and an Independent Non-Executive Director as someone who is free of any business, family or other relationship with the Fund or JPMorgan Chase & Co or any of its affiliates. All Board meetings require a majority of Non-Executive Directors to be in attendance.

In appointing a Director the Board takes into account the relative mix and composition of the Board, which as a whole has a breadth of investment knowledge, financial skills, as well as legal and other experience relevant to the Fund's business.

The Board does not limit the number of years of Directors' service and it does take into account the nature and requirements of the fund industry and of the Fund's business when making recommendation to Shareholders that Directors be elected. The terms of each Director's appointment are set out in a contract for services and these are available at the Fund's registered office for inspection.

Induction and Training

All new Directors will receive an induction incorporating relevant information regarding the Fund and their duties and responsibilities as a Director. In addition, the Board takes active steps to keep up to date with developments relevant to the Fund and have ensured that a formal training programme is in place.

Board Evaluation

The Board carries out a biennial review of its performance.

Board Remuneration

The Board believes that the remuneration of its members should reflect the responsibilities and experience of the Board as a whole and be fair and appropriate given the size, complexity and investment objectives of the Fund. The remuneration is reviewed on an annual basis. The Chairman is paid USD 93,207 and the other Directors USD 73,920 per annum. All Executive Directors have agreed to waive their remuneration. No element of the remuneration paid by the Fund to the Directors is performance related.

Board of Directors' Report (continued)

Board Meetings and Committees

The Board meets quarterly but if necessary additional meetings will be arranged. Given the scope and nature of the business of the Fund, the Board does not currently consider it necessary to have a formal Audit Committee, but established a Remuneration Committee in December 2022. In addition, where there are specific matters that need further consideration, a Sub-Committee of the Board could be formed for the specific purpose. Such circumstances could be where the Board requests some amendments to the Prospectus and where it is not appropriate to wait till the next quarterly Board meeting for this to be approved. These Sub-Committee meetings are usually formed of a minimum of two Directors.

There were eight Board meetings held during the year. Four of these were quarterly Board meetings where, amongst other matters, the agenda included those items highlighted under the section above called 'Role and Responsibility of the Board' and four were ad hoc Board meetings. There was also one Remuneration Committee meeting. In addition to the Board meeting where the Auditors present the report on the audit of the Fund accounts, the Non-Executive Directors also meet with them annually without the Executive Directors being in attendance.

Internal Control

Investment management and all administrative services are provided by the Management Company and custody of assets is provided by J.P. Morgan SE - Luxembourg Branch. The Board's system of internal control therefore mainly comprises monitoring the services provided by the Management Company and the Depositary, including the operational and compliance controls established by them to meet the Fund's obligations to Shareholders as set out in the Prospectus, Articles of Incorporation as well as all relevant regulations. The Management Company formally reports to the Board on a quarterly basis on the various activities it is responsible for and in addition shall inform the Board without delay of any material administrative or accounting matters.

Corporate Governance and ALFI Code of Conduct

The Board is responsible for ensuring that a high level of corporate governance is met and considers that the Fund has complied with the best practices in the Luxembourg funds industry.

In particular the Board has adopted the ALFI Code of Conduct (the "Code") which sets out principles of good governance. These principles are set out below:

- The Board should adopt clear and transparent standards of corporate governance;
- The Board should have good professional standing and appropriate experience and use best efforts to ensure that it is collectively competent to fulfil its responsibilities;
- 3. The Board should act fairly and independently in the best interests of the investors;
- 4. The Board should act with due care and diligence in the performance of its duties:
- The Board should ensure compliance with all applicable laws and regulations and with the Fund's constitutional documents;
- The Board should ensure that investors are properly informed, are fairly and equitably treated, and receive the benefits and services to which they are entitled;
- 7. The Board should ensure that an effective risk management process and appropriate internal controls are in place;
- 8. The Board should identify and manage fairly and effectively, to the best of its ability, any actual, potential or apparent conflict of interest and ensure appropriate disclosure;
- 9. The Board should ensure that Shareholder rights are exercised in a considered way and in the best interests of the Fund;
- 10. The Board should ensure that the remuneration of the Board members is reasonable and fair and adequately disclosed;
- 11. The Board should integrate as appropriate sustainability standards and objectives including environmental, social and governance (ESG) criteria in its business model and operations.

The Board considers that the Fund has been in compliance with the principles of the Code in all material aspects throughout the financial year ended 30 June 2024. The Board undertakes an annual review of ongoing compliance with the principles of the Code.

Proxy Voting Policy

The Board delegates responsibility for proxy voting to the Management Company. The Management Company manages the voting rights of the shares entrusted in a prudent and diligent manner, based exclusively on the reasonable judgement of what will best serve the financial interests of clients. So far as is practicable, the Management Company will vote at all of the meetings called by companies in which they are invested.

A copy of the global proxy voting guidelines is available from the Fund's registered office upon request or on the website:

https://am.jpmorgan.com/content/dam/jpm-am-aem/global/en/institutional/communications/lux-communication/corporate-governance-principles-and-voting-guidelines.pdf

Environmental Social Governance ("ESG")

In accordance with Article 11(1) of Regulation (EU) 2019/2088, for financial products promoting environmental or social characteristics and objectives, details of these are shown in Appendix 13.

Directors and Officers Indemnity Insurance

The Fund's Articles of Incorporation indemnify the Directors against expenses reasonably incurred in connection with any claim against them arising in the course of their duties or responsibilities as long as they have not acted fraudulently or dishonestly. To protect Shareholders against any such claim, the Board has taken out Directors and Officers Indemnity Insurance which indemnifies the Directors against certain liabilities arising in the course of their duties and responsibilities but does not cover against any fraudulent or dishonest actions on their part.

Auditor

PricewaterhouseCoopers, Société coopérative, has been the Fund's Auditor since December 1994. The provision of audit services was last put to competitive tender in 2016. The Board reviewed the services of PwC in 2023 and decided that, subject to any other influencing factor, they should continue to be proposed to the Shareholders to be appointed as Auditor.

Board of Directors' Report (continued)

Annual General Meetings

The next Annual General Meeting of the Fund will be held on 20 November 2024 at the Registered Office of the Fund to consider matters relating to the year ending on 30 June 2024. At this meeting Shareholders will be requested to consider the usual matters at such meetings including:

- 1. The adoption of the Financial Statements and approval of the allocation of the results;
- 2. The approval of Directors' fees;
- 3. The election of certain Directors:
- 4. The election of the Auditor; and
- 5. The discharge of Directors duties.

No special business is being proposed by the Board.

Discharge of Directors

One of the resolutions in the AGM is, as required under Luxembourg Law, for Shareholders to vote on the discharge the Directors of their duties for the fiscal year in question. This discharge is only valid where the annual accounts contain no omission or false information concealing the real financial situation of the Fund.

Privacy Policy

The Management Company complies with a privacy policy that has been issued by J.P. Morgan Asset Management which can be accessed at www.jpmorgan.com/emea-privacy-policy. This policy was updated during the year to comply with the General Data Protection Regulation.

Significant Events

Please refer to Notes 19 and 20 and to Appendix 12 for details of the significant events during the year and after the year end.

Board of Directors Luxembourg, 15 October 2024 Market Review for 12 months ending 30 June 2024

Equities

Market Review

Following a robust rally for stocks in the first half of 2023, global equities declined in the third quarter. A rise in bond yields, headwinds to the global growth outlook posed by a slower-than-expected economic recovery in China and a tighter oil supply weighed on investor sentiment. From the fourth quarter global equities rallied and continued to do so into the first half of 2024. Positive momentum started with a series of softer inflation prints in the US and Europe, leading to growing excitement that central banks may cut interest rates sooner than previously expected. This enthusiasm waned as sticky inflation, resilient economic data and relatively strong earnings reports pushed central banks' decision making on policy cuts out to the latter half of 2024.

Over the last 12 months the market has been largely driven by three key factors: how inflation is trending (and what that means for central banks' interest rate policies), the potential for AI to change business models and industries alike, and the lasting disruption, excesses and cyclical opportunities all brought on by the Covid-19 pandemic.

With regards to inflation, since its peak back in early 2022, it has been on a downward trajectory towards target inflation of around 2%. However, the path has not been smooth and has taken longer than investors had hoped. Continued wage inflation and a relatively resilient labour market have pushed expectations of central bank rate cuts out to the second half of 2024.

Al has invigorated the global stock market with IT budgets dominated by Al workflows and cloud computing. Market returns have been concentrated in a handful of larger companies exposed to this theme, evidenced by strong earnings for US tech companies. More broadly, this theme has played out across sectors with firms seen as second and third party beneficiaries, driving broad market returns.

Outlook

The global growth environment is becoming more benign. As we look to the next 12 months, we expect global growth to remain robust, although its geographical composition is changing. The US economy is still exhibiting solid momentum, which could delay its rate cut cycle. On the other hand, Europe's economic performance is improving and China's policymakers are focused on supporting growth with more consistent policies. International economic data has begun to inflect upwards, with further room to run given still below trend consumption and lower inflation.

Stock market concentration is increasingly under scrutiny. Since the start of 2023, more than half of S&P 500 returns can be attributed to just three companies, and the magnificent seven stocks (Microsoft, Nvidia, Apple, Alphabet, Amazon, Meta and Tesla) now account for 32% of the index. At a regional level, US companies now make up a near-record 64% of the global equity market. While US concentration within global equities is extreme, other markets have begun to catch up.

We see several reasons why stock market returns are likely to broaden out going forward. At a regional level, the supportive economic outlook we anticipate is much less obviously priced into equity markets outside of the US. Valuation discounts for the UK and Europe ex-UK relative to the US now stand close to multi-decade record levels, and cannot be explained by index composition alone, with larger than average discounts versus US counterparts present in almost every sector.

An improved nominal growth outlook has historically translated to stronger corporate earnings. 2024 earnings growth expectations have seen steady improvement since late 2023. Stronger earnings coupled with healthy cash balances could lead to increased capital investments that could potentially enhance future returns. An improving growth outlook in Europe and Japan, as well as equity markets that trade at lower multiples closer to long-run averages, opens the door to broader diversification opportunities in global equity markets.

Fixed Income

Market Review

Fixed income markets sold-off, towards the end of 2023, amid slowing but still positive growth, especially in the US where consumer sentiment and supportive fiscal policy continue to support the growth outlook. Excitement rose in the final months of the year over the prospect of a soft landing. As a result, the market priced in rate cuts as early as Q1 2024. The shift in narrative from the previous "higher for longer" expectations drove a rally in risk assets and sharp decline in bond yields.

The economic momentum of the first quarter of 2024 continued into the second. Initially, investors aggressively dialed back expectations for central bank rate cuts, as the US overheating worries that had taken root towards the end of the first quarter meant strong April data was poorly received by markets. But as the quarter progressed the worst of these worries abated, and soft-landing hopes revived. In Europe, economic momentum also remained positive as the effects of the cost-of-living shock continued to abate. The price of this continued economic growth was sticky inflation and while investors' worries at the end of the first quarter proved overdone, services inflation remained obstinately above levels that are consistent with central bank targets. As a result, rates markets still expect far fewer cuts by Western central banks than they did at the beginning of the year.

Outlook

In our June Investment Quarterly meeting, we left our scenario expectations unchanged. A 70% probability of sub-trend growth remains our base case. While smaller businesses and lower income households struggle with higher prices and interest costs, private sector balance sheets are strong and many U.S. industries continue to benefit from fiscal programs. Tail risks remain balanced - we see a 15% risk of a downturn resulting in a recession (10%) or crisis (5%) and a 15% risk of re-acceleration to above trend growth.

Investment Managers' Report (continued)

Money Markets

Market Review

The Sub-Funds were managed with high levels of daily and weekly liquid assets. Weighted average maturity profiles lengthened throughout the period, as central banks completed their interest rate hiking cycles and markets began to price cuts. Yields meanwhile increased during the period, in line with prevailing interest rates.

Outlook

We expect these Sub-Funds to maintain their long maturity profiles with central expected to cut rates over the coming year.

Multi-Manager Alternatives

Market Review

Amidst a high but moderating interest rate environment, economic momentum in general has remained positive and equity markets were buoyant but fixed income markets have struggled during this period. As such, the strategy has significantly outperformed global fixed income as it continues to be a strong fixed income diversifier. Four out of five of the sub-strategies were positive. Credit was the top performing sub-strategy followed by Opportunistic/Macro and Long/Short strategy. Relative Value was also additive to gains. The only sub-strategy that was negative was Event Driven as we saw some negative idiosyncratic price actions within the strategy. During the period, the strategy had many months where it outperformed the fixed income markets but lagged against equities. While the volatility environment has been relatively muted, we are very excited about the way the portfolio has evolved to capitalise on the forward-looking opportunity set and are increasingly confident in our ability to deliver on the strategy's return objectives.

Outlook

We are seeing compelling alpha opportunities presenting themselves across hedge fund strategies as persistently higher but moderate interest rates drive higher cash returns, elevated volatility and increased dispersion. The portfolio is well positioned to deliver idiosyncratic returns in line with its objective while providing much needed diversification to traditional markets. We have strong conviction in implementing via the current manager line-up and are adding sub-delegates selectively to prepare for expected areas of future dislocation.

Convertibles

Market Review

While convertible bond returns have been favourable against credit assets, they have meaningfully underperformed equities, a function of the market's small cap tilt and lack of "Magnificent 7" names that have driven the rally in stocks.

Outlook

Going ahead, we believe that with the cost of capital at 15+ year highs and a significant chunk of pandemic-era driven deals nearing maturity, we could expect borrowers to seek alternative, less expensive means of raising new funds - a need that convertible bonds are uniquely qualified to meet.

Audit report

To the Shareholders of JPMORGAN FUNDS

Our opinion

In our opinion, the accompanying financial statements give a true and fair view of the financial position of JPMORGAN FUNDS (the "Fund") and of each of its sub-funds as at 30 June 2024, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

What we have audited

The Fund's Financial Statements comprise:

- the Combined Statement of Net Assets as at 30 June 2024;
- · the Schedule of Investments as at 30 June 2024;
- the Combined Statement of Operations and Changes in net Assets for the year then ended; and
- the notes to the financial statements, which include a summary of significant accounting policies.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession (Law of 23 July 2016) and with International Standards on Auditing (ISAs) as adopted for Luxembourg by the "Commission de Surveillance du Secteur Financier" (CSSF). Our responsibilities under the Law of 23 July 2016 and ISAs as adopted for Luxembourg by the CSSF are further described in the "Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements" section of our report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

We are independent of the Fund in accordance with the International Code of Ethics for Professional Accountants, including International Independence Standards, issued by the International Ethics Standards Board for Accountants (IESBA Code) as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements. We have fulfilled our other ethical responsibilities under those ethical requirements.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our audit report thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information identified above and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of the financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or close any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the "Réviseur d'entreprises agréé" for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an audit report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the financial statements, whether due to fraud
 or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that
 is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material
 misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve
 collusion, forgery, intentional omissions, misrepresentations, or the override of internal control;
- obtain an understanding of internal control relevant to the audit in order to design audit procedures
 that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the
 effectiveness of the Fund's internal control:
- evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund;

- conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our audit report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our audit report. However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern;
- evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and communicate to them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, actions taken to eliminate threats or safeguards applied.

Notes to the Financial Statements

As at 30 June 2024

1. Organisation

JPMorgan Funds (the "Fund" or the "SICAV") is an investment company incorporated on 14 April 1969 under the name Multi-Trust Fund S.A.. The name of the SICAV was changed to Fleming International Fund on 3 July 1984, to Fleming Flagship Fund on 19 October 1988, to Fleming Funds on 2 June 2000, to JPMorgan Fleming Funds on 19 November 2001 and then to JPMorgan Flunds on 12 September 2005.

It is organised under Part I of the Luxembourg Law of 17 December 2010 on Undertakings for Collective Investment, as amended, as a Société Anonyme qualifying as a Société d'Investissement à Capital Variable (SICAV). As at 30 June 2024, it is comprised of 96 Sub-Funds, each relating to a separate investment portfolio consisting of securities, cash and other instruments.

JPMorgan Asset Management (Europe) S.à r.l. was appointed by the SICAV to act as Management Company.

The SICAV is registered with the Registre de Commerce et des Sociétés of Luxembourg, under number B 8478.

Each Sub-Fund may contain A, C, C2, CPF, D, F, I, I2, J, K, SI, S2, T, V, X and Y Share Classes. These Share Classes may have differing minimum subscription amounts, minimum holding amounts, currency and/or eligibility requirements, fees and expenses, and dividend policies applicable to them. Certain Share Classes may charge a Performance Fee and are redenominated by the inclusion of "(perf)" in the name of the Share Class. Within each Sub-Fund, individual Share Classes may have a currency of denomination that differs from the currency of denomination of the Sub-Fund. The currency of denomination for each Share Class is indicated by a suffix in the name of the Share Class.

2. Significant Accounting Policies

The Financial Statements are prepared in accordance with Luxembourg regulations (under Luxembourg GAAP) relating to Undertakings for Collective Investment under the going concern basis of accounting.

There has been no significant change in market conditions and, as at the date of this report, the suspension remains in place for both JPMorgan Funds - Russia Fund and JPMorgan Funds - Emerging Europe Equity Fund. The last official Net Asset Value (NAV) per Share published was on 25 February 2022. The suspension applies to all types of deals in Shares (except stock transfers) and these two Sub-Funds refuse to accept requests to buy, switch or redeem Shares while these two Sub-Funds are suspended. However, stock transfers (i.e. transfer of ownership) will be allowed. With effect from 17 February 2023, JPMorgan Funds - Emerging Europe Equity Fund was split into two Sub-Funds, (i) the impacted Sub-Fund where illiquid assets are hosted and (ii) JPMorgan Funds - Emerging Europe Equity II Fund into which the liquid assets have been transferred. JPMorgan Funds - Emerging Europe Equity II Fund has since merged into JPMorgan Funds - Middle East, Africa and Emerging Europe Opportunities Fund with effect from 14 December 2023. The NAV, Statement of Net Assets, Statement of Operations and Changes in Net Assets and Schedules of Investment of the vos suspended Sub-Funds presented as at 30 June 2024 are indicative and represent an internal estimate of the value of the Sub-Funds' assets taking into account the Management Company's inability to trade Russian assets both onshore and offshore, lack of relevant price discovery and market uncertainty. These are not the official NAVs; the official NAV calculation is still suspended and Shareholders cannot subscribe into nor redeem from these two Sub-Funds.

a) Investment Valuation

For all Sub-Funds, except Money Market Funds, transferable securities which are admitted to an official exchange listing or dealt in on another regulated market are valued on the basis of the latest available price prevailing at the time of calculating the net asset value.

If securities are listed or dealt in on several exchanges or markets, the latest available price, or if appropriate, the average price on the principal exchange or market will be applied.

Transferable securities not admitted to an official exchange listing nor dealt in on another regulated market are valued at the latest available price. Those securities for which no price is available or for which the latest available price is not representative are valued on the basis of their reasonably foreseeable sales price determined with prudence and in good faith by the Board of Directors. As at 30 June 2024, securities which were fair valued are identified with an asterisk (*) in the Schedule of Investments.

Shares or Units in UCITS or other UCIs are valued at the latest available price or net asset value, as reported or provided by such funds or their agents. Liquid assets and money market instruments are valued at market values plus any accrued interest.

Under a Variable NAV Sub-Fund (VNAV), all investments are valued at the latest available price prevailing on the valuation date.

JPMorgan Funds - EUR Money Market VNAV Fund and JPMorgan Funds - USD Money Market VNAV Fund qualify as Variable Net Asset Value Money Market Fund ("VNAV MMF") under the Money Market Fund regulation (Regulation (EU) 2017/1131).

The assets of VNAV MMF are valued by using mark-to-market prices whenever possible. Where use of mark-to-market prices is not possible or the market data are not of sufficient quality, assets of VNAV MMF are valued conservatively by using mark-to-model. The model accurately estimates the value by considering the up-to-date factors as trading volume, issue size, market risk, interest rate risk and credit risk of each concerned assets.

For the Money Market Funds (MMFs), securitisations, Asset-Backed Commercial Papers and money market instruments are valued at mark-to-market. Where the value of the assets of the Sub-Funds cannot be calculated following the mark-to-market; a) shares or units in MMFs shall be valued at their last available net asset value as reported by such MMFs; b) the value of any cash on hand or on deposit and accounts receivable, prepaid expenses, cash dividends and interest declared or accrued as aforesaid, and not yet received shall be deemed to be the full amount thereof, unless, however, the same is unlikely to be paid or received in full, in which case the value thereof shall be determined conservatively using mark to model.

The Financial Statements are presented on the basis of the net asset values of the Sub-Funds calculated on 28 June 2024, the last business day of the year ended 30 June 2024, except for JPMorgan Funds - EUR Money Market VNAV Fund and JPMorgan Funds - USD Money Market VNAV Fund which were calculated on 30 June 2024. In accordance with the Prospectus, the net asset values were calculated using the latest exchange rates at the time of calculation.

In managing the daily priced funds, the Board's principle is to ensure that portfolios are appropriately valued to give equal treatment to Shareholders and in this context the Management Company has implemented a Fair Value Committee to address any potential valuation concerns. In line with this, outside of the security level fair valuations detailed within the Schedule of Investments, no adjustments were made on 30 June 2024 as the portfolio value at the valuation point represents the same value since closure of the portfolios' relevant underlying markets.

b) Swing Pricing Adjustment

To protect the interests of Shareholders, a Sub-Fund's NAV may be adjusted to compensate for dilutions that can arise in connection with flows of cash into or out of a Sub-Fund.

These adjustments are normally applied on any Valuation Day when the net volume of all subscriptions and redemptions in a Sub-Fund's Shares exceeds a certain threshold. The adjustments will seek to reflect the anticipated transaction costs which the Sub-Fund will incur when buying or selling assets. The NAV will be adjusted upward when cash net inflows exceed the pre-determined threshold and downward when the net outflows exceed the threshold.

In normal market conditions, for any given Valuation Day, the adjustment will never be larger than 2% of what the NAV would otherwise be. The SICAV Board has delegated to the Management Company all necessary powers to increase the maximum swing factor applied to Sub-Funds from 2% up to a maximum of 5% in exceptional market circumstances. The Management Company will promptly notify the SICAV Board and the CSSF in the event where swing factors increase beyond 2%. During the year, no Sub-Fund has applied a swing factor exceeding 2%. The swing factors typically include the estimated dealing costs, stamp duty and other taxes and market bid/offer spreads. The price adjustment applicable to a specific Sub-Fund is available on request from the Management Company at its registered office.

The Management Company makes, and periodically reviews, the operational decisions about swing pricing, including the thresholds that trigger it, the extent of the adjustment in each case, and which Sub-Funds will and will not be subject to swing pricing at any given time.

Notes to the Financial Statements (continued)

As at 30 June 2024

The official Net Asset Value per Share as at year end, disclosed in the Statistical Information section of this report may therefore include a swing pricing adjustment, which would not be recognised in the Combined Statement of Net Assets and in the Combined Statement of Operations and Changes in Net Assets.

During the year, the swing pricing mechanism was applied across all Sub-Funds except for JPMorgan Funds - Emerging Europe Equity Fund, JPMorgan Funds - Emerging Markets Social Advancement Fund, JPMorgan Funds - Italy Flexible Bond Fund, JPMorgan Funds - Russia Fund, JPMorgan Funds - Sustainable Infrastructure Fund and JPMorgan Funds - Total Emerging Markets Income Fund due to net flows not reaching the swing threshold and JPMorgan Funds - EUR Money Market VNAV Fund, JPMorgan Funds - Global Multi-Strategy Income Fund and JPMorgan Funds - USD Money Market VNAV Fund, due to Prospectus restriction.

As at the year end, no Swing Pricing adjustments have been applied to the Sub-Funds.

Similarly, in order to protect the interests of Shareholders in a Sub-Fund that is being merged, the Management Company may adjust the final Net Asset Value per Share of the merging Sub-Fund, or make other appropriate adjustments in order to neutralise for the Sub-Fund being merged, the impact of any pricing adjustment made through the swing pricing mechanism in the absorbing Sub-Fund as a result of cash inflows or outflows in the absorbing Sub-Fund on the merger date.

The Management Company may consider it appropriate to waive the swing pricing adjustment to the Net Asset Value per Share of a Sub-Fund where it is seeking to attract inflows so that the Sub-Fund reaches a certain size. If such a decision is taken the Management Company will compensate the impacted Sub-Fund for the corresponding amount of the Swing Pricing waiver to protect the Sub-Fund from suffering dilution of the net asset value. Where this happens Shareholders will subscribe at a net asset value that will not have been adjusted upwards as would have been the case if the swing pricing mechanism had been applied. The Management Company did not waive the application of Swing Pricing during this year.

c) Realised and Unrealised Gains or Losses on Investments

Investment transactions are accounted for on the trade date (the date the order to buy or sell is executed). For trades into other collective investment schemes, transactions are accounted for on receipt of the trade confirmation from the underlying transfer agents.

Realised gains or losses on sales of investments are calculated on the average book cost. The associated foreign exchange movement between the date of purchase and date of sale of investments is included in realised gains or losses on investments. Unrealised gains or losses on holdings of investments are calculated on the total book cost and include the associated unrealised gains or losses on foreign exchange.

d) Income Recognition

Interest income is accrued daily and includes the amortisation of premiums and accretion of discounts, where applicable. Bank interest income is recognised on an accrual basis. Dividend income is accrued on the ex-dividend date. This income is shown net of any withholding taxes and adjusted accordingly when tax reclaims apply. Dividend income received from currently sanctioned Russian securities, are fair valued, to recognise the inability of the Sub-Funds to repatriate the proceeds. The securities lending income is accounted for on a cash basis on the 16th day of each month following the month that the revenue was generated, net of lending fees paid to the lending agent. An element of the securities lending income will include the proceeds related to the re-investment of cash collateral, if any.

e) Conversion of Foreign Currencies

The books and records of each Sub-Fund are denominated in the base currency of the corresponding Sub-Fund. Amounts denominated in other currencies are translated into the base currency on the following basis: (i) investment valuations and other assets and liabilities initially expressed in other currencies are converted each business day into the base currency using currency exchange rates prevailing on each such business day; (ii) purchases and sales of foreign investments, income and expenses are converted into the base currency using currency exchange rates prevailing on the respective dates of such transactions.

Net realised and unrealised gains or losses on foreign exchange transactions represent: (i) foreign exchange gains or losses from the sale and holding of foreign currencies and foreign cash equivalents; (ii) gains or losses between trade date and settlement date on securities transactions and forward currency exchange contracts; (iii) gains or losses arising from the difference between amounts of dividends and interest recorded and the amounts actually received and (iv) gains and losses arising from the foreign exchange difference between the amounts of expenses accrued and the amounts actually paid.

The resulting gains and losses on translation, if any, would be included in "Net realised gain/(loss) on currency exchange" or in the "Net change in unrealised appreciation/(depreciation) on currency exchange" in the Statement of Operations and Changes in Net Assets.

f) Forward Currency Exchange Contracts

Unrealised gains or losses on outstanding forward currency exchange contracts are valued on the basis of currency exchange rates prevailing at the relevant valuation date. The changes in such amounts are included in the Combined Statement of Operations and Changes in Net Assets under "Net change in unrealised appreciation) (depreciation) on Forward currency exchange contracts". When a contract is closed, the Realised Gain/(Loss) is recorded under "Net realised gain/(loss) on Forward currency exchange contracts" in the Combined Statement of Operations and Changes in Net Assets. Unrealised gains or losses are recorded under "Unrealised gain/(loss) on forward currency exchange contracts" in the Combined Statement of Net Assets.

g) Financial Futures Contracts on Securities and Indices

Regulated financial futures contracts are valued at the exchange quoted settlement price. Initial margin deposits are made upon entering into the contracts and can be either in cash or securities. During the period the contracts are open, changes in the value of the contracts are recognised as unrealised gains or losses by "marking-to-market" on a daily basis to reflect the market value of the contracts at the end of each business day's trading. Variation margin payments are made or received, depending upon whether losses or gains are incurred. The frequency of those margin payments may differ depending on where the contract is traded. When a contract is closed, the SICAV records a realised gain or loss equal to the difference between the proceeds from, or cost of, the closing transaction and the initial cost of the contract in "Net realised gain/(loss) on Financial futures contracts" in the Combined Statement of Operations and Changes in Net Assets.

Unrealised gains or losses are recorded under "Unrealised gain/(loss) on financial futures contracts" in the Combined Statement of Net Assets. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on Financial futures contracts" in the Combined Statement of Operations and Changes in Net Assets.

h) Option Contracts

The SICAV writes options on securities, futures and currencies. These options are settled in cash and subject the SICAV to unlimited risk of loss. The SICAV, however, is not subject to credit risk on written options as the counterparty has already performed its obligation by paying the premium at the inception of the contract.

Option contracts purchased are recorded as investments; option contracts written or sold are recorded as liabilities. When the exercise of an option results in a cash settlement, the difference between the premium and the settlement proceeds is accounted for as a realised gain or loss. When securities are acquired or delivered upon exercise of an option, the acquisition cost or sale proceeds are adjusted by the amount of the premium. When an option is closed, the difference between the premium and the cost to close the position is accounted for as a realised gain or loss. When an option expires, the premium is accounted for as a realised gain for options written or as a realised loss for options purchased.

For options on futures, where the investment manager is based in the United Kingdom, variation margin payments are made or received daily, depending upon whether losses or gains are incurred on the underlying financial futures contracts.

The market values are recorded under "Options purchased/written contracts at fair value" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are recorded under "Net change in unrealised appreciation/(depreciation) on Options contracts" in the Combined Statement of Operations and Changes in Net Assets. When a contract is closed, the Realised Gain/(Loss) is recorded under "Net realised gain/(loss) on Options contracts" in the Combined Statement of Operations and Changes in Net Assets.

i) To Be Announced Securities ("TBA")

TBAs are related to mortgage-backed securities issued by government sponsored agencies. These agencies usually pool mortgage loans and sell interests in the pools created. TBAs relate to future pools of these agencies that are bought and sold for future settlement for which either the interest rate or the maturity date is not yet fixed. TBAs are separately disclosed in the Schedule of Investments.

Certain Sub-Funds may enter into Dollar Rolls, principally using TBAs, in which the Sub-Funds sell mortgage-backed securities for delivery in the current month and simultaneously contract to repurchase similar, but not identical, securities at an agreed-upon price on a fixed date. The Sub-Funds account for such Dollar Rolls as purchases and sales and receive compensation as consideration for entering into the commitment to repurchase. The Sub-Funds must maintain liquid securities having a value not less than the repurchase price (including accrued interest) for such Dollar Rolls. The market value of the securities that the Sub-Funds are required to purchase may decline below the agreed upon repurchase price of those securities.

The Sub-Funds had TBA Dollar Rolls outstanding as at 30 June 2024, which are included in "Investment in to be announced contracts at market value", "Open short positions on to be announced contracts at market value", "Receivables on sale of to be announced contracts" and "Payables on purchase of to be announced contracts" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net change in unrealised appreciation/(depreciation) on to be announced contracts". When a contract is closed, the realised gains or losses are recorded under "Net realised gain/(loss) on to be announced contracts" in the Combined Statement of Operations and Changes in Net Assets.

i) Interest Rate Swap Contracts

An interest rate swap contract is a bilateral agreement in which each of the parties agree to exchange a series of interest payments for another series of interest payments (usually fixed/floating) based on a notional amount that serves as a computation basis and that is usually not exchanged.

The market values are recorded under "Swap contracts at fair value" in the Combined Statement of Net Assets. The interest on interest rate swap contracts is recorded under "Interest on swap contracts" in the Combined Statement of Operations and Changes in Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net change in unrealised appreciation/(depreciation) on Swaps contracts". When a contract is closed, the realised gains or losses are recorded under "Net realised gain/(loss) on Swaps contracts" in the Combined Statement of Operations and Changes in Net Assets.

k) Total Return Swap Contracts

The SICAV may enter into swap contracts in which the SICAV and the counterparty agree to exchange payments where one or both parties pay the returns generated by a security, instrument, basket or index thereof. The payments made by the SICAV to the counterparty and vice versa are calculated by reference to a specific security, basket of securities, index, or instruments and an agreed upon notional amount. Any such underlying security or instrument must be a transferable security and any such index must be an index of a regulated market.

A total return swap contract will exchange the total performance on a specific basket of securities, selected by the Investment Manager against a reference rate plus a spread. The total performance includes interest, dividends, gains or losses on the underlying securities during the contract period according to the type of underlying. The risk of this type of instrument will depend on the uncertain evolution, at the time of the contract conclusion, of the performance of the underlying. These underlying securities are listed on a primary exchange.

The value of the underlying securities shall be taken into account for the calculation of the investment and borrowing powers applicable to individual issuers. The relevant indices include, but are not limited to, currencies, interest rates, orices and total return on interest rates indices, fixed income indices and stock indices.

The market values are recorded under "Swap contracts at fair value" in the Combined Statement of Net Assets. The changes in such amounts are included in the Combined Statement of Operations and Changes in Net Assets under "Net change in unrealised appreciation/(depreciation) on Swaps contracts". When a contract is closed, the Realised Gain/(Loss) is recorded under "Net realised gain/(loss) on Swaps contracts" in the Combined Statement of Operations and Changes in Net Assets.

I) Credit Default Swap Contracts

A credit default swap contract is a credit derivative transaction in which two parties enter into an agreement, whereby one party pays the other a fixed periodic coupon for the specified life of the agreement. The other party makes no payments unless a credit event, relating to a predetermined reference asset, occurs. If such an event occurs, the party will then make a payment to the first party, and the swap will terminate. The value of the underlying securities shall be taken into account for the calculation of the investment and borrowing powers applicable to individual issuers.

The market values are recorded under "Swap contracts at fair value" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net change in unrealised appreciation/(depreciation) on Swaps contracts". When a contract is closed, the realised gains or losses are recorded under "Net realised gain/(loss) on Swaps contracts" in the Combined Statement of Operations and Changes in Net Assets.

m) Commodity Index Swap Contracts

A commodity index swap contract is a bilateral agreement in which each of the parties agree to exchange the total return of a specified commodity index against money market rate plus fees.

The market values are recorded under "Swap contracts at fair value" in the Combined Statement of Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net change in unrealised appreciation/(depreciation) on Swaps contracts". When a contract is closed, the realised gains or losses are recorded under "Net realised gain/(loss) on Swaps contracts" in the Combined Statement of Operations and Changes in Net Assets.

n) Inflation Rate Swap Contracts

An inflation rate swap contract is a bilateral agreement in which each of the parties agrees to exchange a predetermined fixed rate for an inflation-linked payment based on a notional amount that serves as a computation basis and that is usually not exchanged until the end of the term. Inflation rate swap contracts are marked to market at each NAV calculation date. The estimated market value is based on the valuation elements laid down in the contracts, and is obtained from third party pricing agents, market makers or internal models.

The market values are recorded under "Swap contracts at fair value" in the Combined Statement of Net Assets. The income from inflation rate swap contracts is recorded under "Interest on swap contracts" in the Combined Statement of Operations and Changes in Net Assets. The changes in unrealised gains or losses are included in the Combined Statement of Operations and Changes in Net Assets under "Net change in unrealised appreciation/(depreciation) on Swaps contracts". When a contract is closed, the realised gains or losses are recorded under "Net realised gain/(loss) on Swaps contracts" in the Combined Statement of Operations and Changes in Net Assets.

o) Consolidation of Mauritian Subsidiary

All income, expenses, receivables, payables and investments of JPMorgan SICAV Investment Company (Mauritius) Limited (the "Subsidiary"), a wholly-owned subsidiary of JPMorgan Funds - India Fund, are consolidated into the Combined Statement of Net Assets and the Combined Statement of Operations and Changes in Net Assets of JPMorgan Funds - India Fund. Intercompany balances are eliminated on consolidation. During the year to 30 June 2021, all securities held by the Subsidiary were transferred under the direct ownership of JPMorgan Funds - India Fund. As at 30 June 2024, the subsidiary no longer holds any securities, only a small residual cash balance as it is still in the liquidation process.

Notes to the Financial Statements (continued)

As at 30 June 2024

The Directors of JPMorgan SICAV Investment Company (Mauritius) Limited and its sole Shareholder, JPMorgan Funds, have resolved, via written resolutions, to wind up JPMorgan SICAV Investment Company (Mauritius) Limited. The resolution of the sole Shareholder was accepted by the Mauritian Registrar of Companies on 5 May 2021 after which the liquidator assumed control of JPMorgan SICAV Investment Company (Mauritius) Limited. The Subsidiary will remain consolidated into JPMorgan Funds - India Fund until the liquidation process has been completed.

Whilst Indian securities listed on an Indian stock exchange were held through the Mauritius subsidiary, interests and dividends received were not subject to taxation. Interests and dividends on securities listed on an Indian stock exchange held directly in India by JPMorgan Funds - India Fund are subject to tax at a rate of 20% (plus surcharge and education tax). Capital gains on disposal of such investments is subject to tax at rates of 0% to 15% (plus surcharge and education tax) in respect of listed securities depending on the length of time the relevant investment has been held.

3. Reference Currency and Exchange Rates

The reference currency of the SICAV as reflected in the combined statements is USD.

For the preparation of the Financial Statements the principal exchange rates applied for the year ended 30 June 2024 are the latest exchange rates at the time of the NAV calculation:

1 USD =	1.4994 AUD	1 USD =	23.4226 CZK	1 USD =	369.2697 HUF	1 USD =	4.0299 PLN
1 USD =	1.3698 CAD	1 USD =	0.9346 EUR	1 USD =	160.4500 JPY	1 USD =	10.6169 SEK
1 USD =	0.8990 CHF	1 USD =	0.7915 GBP	1 USD =	10.6566 NOK	1 USD =	1.3555 SGD
1 IISD =	7 2068 CNH	1 IISD =	7 8002 HKD	1 IISD =	1 6411 N7D		

4. Fees and Expenses

a) Capped Expense Ratio

The maximum total fees and expenses to be borne by Shareholders on a Share Class of any Sub-Fund will not exceed a capped percentage of the total net assets attributable to that Share Class. These capped fees and expenses comprise the Management Fees, Sub-Investment Manager Fee, Distribution Fees and other Operating and Administrative Expenses; it does not cover performance fees, If any.

No other costs are charged to these Share Classes and the Management Company absorbs any difference that may arise between the actual costs of the operations of these Share Classes and the capped percentage.

This capped annual rate of fees and expenses is categorised as a Capped Expense Ratio as shown in Appendix 1. The actual fees and expenses charged to each Share Class are detailed in the Appendix.

b) Management Fees

The SICAV pays to the Management Company management fees calculated as a percentage of the average daily net assets of each Sub-Fund or Share Class under its management ("Management Fees"). The Management Fees are accrued daily and payable monthly in arrears at a maximum rate as specified in the Prospectius.

Sub-Funds may invest in UCITS, other UCIs and closed ended investment undertakings qualifying as transferable securities within the meaning of UCITS rules (including investment trusts) (the "Undertakings") managed by any affiliate of JPMorgan Chase & Co., double-charging of management fees will either be avoided or rebated. However, if the underlying investment charges higher management fees, the difference may be charged to the investing Sub-Fund. If the underlying affiliate undertaking combines management and other fees and charges into a single total expense ratio, such as in exchange traded funds, the whole total expense ratio will be waived. Where a Sub-Fund invests in undertakings not affiliated with JPMorgan Chase & Co. the fee shown in Sub-Fund Descriptions section of the Prospectus may be charged regardless of any fees reflected in the price of the shares or units of the underlying undertaking.

The Management Company has resolved to waive the Management Fees and Distribution Fee for JPMorgan Funds - Russia Fund and JPMorgan Funds - Emerging Europe Equity Fund during the period the Sub-Funds are suspended.

The Management Company can vary the management fees, at any time and for intervals as short as a single day, to any amount between zero and the stated maximum. For X and Y Share Classes, this fee is not charged at the Share Class level; instead, the applicable JPMorgan Chase & Co. entity collects a fee for these services directly from the Shareholder.

c) Sub-Investment Manager fees

For Multi-Manager Sub-Funds, in addition to the annual management fees, there are Sub-Investment Management fees. This fee goes to pay the Sub-Investment Managers who handle the day-to-day management of their assigned portions of the Sub-Fund portfolio. Where a Sub-Fund invests in Undertakings managed by investment managers which are not members of JPMorgan Chase & Co. group, the Management fees, as specified in the Prospectus, may be charged regardless of any fees reflected in the price of the shares or units of the Undertakings.

d) Distribution Fees

The Management Company typically uses some or all of this fee to compensate Distributors for their services in connection with marketing and distributing the D and T Share Classes. The Management Company can vary this fee, at any time and for intervals as short as a single day, to any amount between zero and the stated maximum

e) Operating and Administrative Expenses

The SICAV bears all its ordinary operating and administrative expenses at the rates set out in the Prospectus ("Operating and Administrative Expenses") to meet all fixed and variable costs, charges, fees and other expenses incurred in the operation and administration of the SICAV from time to time. This fee is capped for each Share Class and will not exceed the amount stated in Sub-Fund Descriptions section of the Prospectus. The Management Company will bear any operating and administrative expenses that exceed the maximum rate specified.

Where a Sub-Fund invests primarily in UCITS and other UCIs managed by any affiliate of JPMorgan Chase & Co. and where specifically stated for a Sub-Fund in Sub-Fund Descriptions section of the Prospectus, double-charging of operating and administrative expenses will be avoided by a rebate to the Sub-Fund of the operating and administrative expenses (or equivalent) charged to the underlying UCITS or other UCIs. Where a Sub-Fund invests in undertakings not affiliated with JPMorgan Chase & Co. the fee shown in Sub-Fund Descriptions section of the Prospectus may be charged regardless of any fees reflected in the price of the shares or units of the underlying undertaking.

The Operating and Administrative Expenses cover:

i) A "Fund Servicing Fee" paid to the Management Company for the services that the Management Company provides to the SICAV. The Fund Servicing Fee will be reviewed annually and will not exceed 0.15% per annum, except for JPMorgan Funds - Global Research Enhanced Index Equity Fund where it will not exceed 0.05% per annum.

ii) Expenses directly contracted by the SICAV ("Direct Fund Expenses") and expenses directly contracted by the Management Company on behalf of the SICAV ("Indirect Fund Expenses") as detailed in the Prospectus.

f) Performance Fees

As set out in the Prospectus, the Management Company is entitled to receive from the net assets of certain Sub-Funds or Share Classes, an annual performance-based incentive fee (the "Performance Fee") if the performance of the Sub-Fund exceeds the return from the benchmark, subject to the operation of a Claw-Back Mechanism or of a High Water Mark as defined in the Prospectus and as specified in the Prospectus for each Sub-Fund. On each Valuation Day, an accrual for the previous Valuation Day's Performance Fee is made, when appropriate, and the performance fee accrual, if any, becomes payable to the

Management Company on the last Dealing Day of the Financial Year, or under any of the following circumstances: on very significant orders for switching or redemption (applies to those Shares only) and when a Sub-Fund is merged or liquidated. Pursuant to the provisions of the relevant Investment Management Agreement, the Investment Managem may be entitled to receive the whole or part of the Performance Fee from the Management Company.

On each Valuation Day, the net asset value of each Share Class of each Sub-Fund for which a Performance Fee applies, which includes an accrual for all fees and expenses (including the Management Fees, and the Operating and Administrative Expenses to be borne by the relevant Share Class at the rate set out in the Prospectus), is adjusted for any dividend distributions and for subscriptions and redemptions dealt with on that Valuation Day, if any, and any Performance Fee accrued through that day in respect of such Share Class is added back (the "Adjusted net asset value"). For purposes of calculating the Performance Fee, the "Share Class Return" is computed on each Valuation Day, as the difference between the net asset value (adjusted by adding back any accrued Performance Fee) on such day and the Adjusted net asset value on the previous Valuation Day, expressed as a return based on the previous Valuation Day's Adjusted net asset value for that Share Class.

The following table includes performance fee information for Share Classes that were charged during the reporting year. Any other Share Classes subject to performance fees that are not included in the table below did not incur performance fees charges during the reporting year.

Claw-Back mechanism

The Claw-Back mechanism may accrue a Performance Fee where there is negative return, provided that the performance exceeds the Performance Fee Benchmark return since the last time a Performance Fee was paid.

High Water Mark Method

The High Water Mark mechanism introduces an additional requirement that a Performance Fee may only be accrued where the Net Asset Value per Share is higher than the greater of the Net Asset Value per Share at launch of the Share Class, and the Net Asset Value per Share at which the last Performance Fee was paid.

As at 30 June 2024, Performance Fee rates and benchmarks on all Share Classes with the suffix "(perf)" are as follows:

5. Distribution Policy

Share Classes suffixed "(acc)"

Share Classes with the suffix "(acc)" are accumulation Share Classes and will not normally pay dividends.

Distribution Share Classes will normally pay dividends as described below.

Share Classes suffixed "(dist)"

It is intended that all those Share Classes with the suffix "(dist)" will, if appropriate, pay reportable income annually and will have "UK Reporting Fund Status". Payment of dividends on these Share Classes will normally be made in September of each year.

Share Classes suffixed "(div)"

Share Classes with the suffix "(div)" will normally pay quarterly dividends which are calculated by the Management Company based on the estimated annual yield of the relevant Sub-Fund's portfolio which is attributable to that Share Class. The Management Company will review the dividend rate for each Share Class at least semi-annually, but may adjust the dividend rate more frequently to reflect changes in the portfolio's expected yield.

Investors should be aware that "(div)" Share Classes give priority to dividends, rather than to capital growth. The expected yield for each Share Class will be calculated gross of both the Management Fees and the Operating and Administrative Expenses, and such Share Classes will typically distribute more than the income received. Share Classes with the suffix "(div)" in issue at the dividend record date will be eligible for any dividends which will normally be paid in the currency of the relevant Share Class.

Share Classes suffixed "(mth)"

Share Classes with the suffix "(mth)" will be available to Shareholders subscribing, and remaining subscribed, through specific Asian distribution networks and to other distributors at the sole discretion of the Management Company. Share Classes with the suffix "(mth)" will normally pay dividends on a monthly basis. The monthly dividend rate per Share will be calculated by the Management Company based on the estimated annual yield of the relevant Sub-Fund's portfolio which is attributable to that Share Class. The Management Company will review the dividend rate for each Share Class at least semi-annually, but may adjust the dividend rate more frequently to reflect changes in the portfolio's expected yield. Investors should be aware that "(mth)" Share Classes give priority to dividends, rather than to capital growth. The expected yield for each Share Class will be calculated gross of both the Management Fees and the Operating and Administrative Expenses, and such Share Classes (literated) in the currency of the relevant Share Class. The Management Company reserves the right to fix a minimum amount per Share Class, below which the actual payment of the dividend would not be economically efficient for the SICAV. These payments will be deferred to the following month or reinvested in further Shares of the same Share Class and not paid directly to the Shareholders. The net asset value of "(mth)" Share Classes may fluctuate more than other Share Classes due to more frequent distribution of income.

Share Classes suffixed "(fix)"

Share Classes with the suffix "(fix)" will normally pay a quarterly fixed dividend based on a total amount per Share per annum as defined in the Prospectus. Share Classes with the suffix "(fix)" may be closed, liquidated, not pay a dividend or reduce the dividend amount payable if the payment of the dividend is believed not to be in the best interests of all Shareholders collectively in the Share Class.

Share Classes suffixed "(irc)"

Share Classes with the suffix "(irc)" will normally pay dividends on a monthly basis. The monthly dividend rate per Share will be variable and will be calculated by the Management Company based on: the estimated gross annual yield of the relevant Sub-Fund's portfolio attributable to that Share Class, which is revised at least semi-annually; and the addition or deduction of the estimated interest rate carry depending on whether such carry is positive or negative respectively. The interest rate carry is calculated using the average daily differential of the one month FX forward rate and the spot rate between these two currencies of the preceding calendar month.

Share Classes suffixed "(icdiv)"

Share Classes with the suffix "(icdiv)" will pay a dividend that is expected to include a distribution from capital as well as the gains of the Share Class. It sets a predetermined annual percentage of NAV per Share to be paid as a monthly dividend that is not linked to income or capital gains. Payments are likely to exceed the increase in the NAV per Share from the net income and realised and/or unrealised capital gains of the Share Class resulting in erosion of the amount invested. The annual percentage is based on prevailing investor demand in the region where the Share Class is distributed and Sub-Fund level considerations. The percentage may be changed at the discretion of the Management Company. The latest dividend yield of the Share Class can be found on the website (www.jpmorganassetmanagement.lu).

Notes to the Financial Statements (continued)

As at 30 June 2024

This Share Class is available only to investors purchasing and holding Shares through specific Asian distribution networks, and to other investors at the discretion of the Management Company. Shareholders should be aware that, during periods of negative performance, the dividend will normally continue to be paid and the value of the investment may fall more rapidly. It may not be possible to maintain the initial / prevailing dividend payment indefinitely and it may be reduced. If the value of the NAV falls to 1.00 in the Sub-Fund's Base Currency, the Share Class will be fully redeemed by the Management Company at the next practicable opportunity. Investors in these Share Classes may have to pay tax on payments out of capital which may be tax inefficient. Investors should consult with their tax advisors.

Other Information

Shareholders should note that, where the dividend rate is in excess of the investment income of the Share Class, dividends will be paid out of the capital attributed to the Share Class, as well as from realised and unrealised capital gains. This may be tax inefficient for Shareholders in certain countries. Shareholders should consult their local tax adviser about their own position. Share Classes with the suffix "(div)", "(fix)" and "(mth)" do not distribute the reportable income in accordance with the United Kingdom tax legislation relating to offshore funds. The (dist) Share Classes of JPMorgan Funds - Russia Fund and JPMorgan Funds - Emerging Europe Equity Fund normally pay an annual distribution in September based on reportable income. Should the Sub-Funds still be suspended on that date, then no dividend will be declared.

Details of the dividends distributed during the year ended 30 June 2024 are available on the website:

https://am.ipmorgan.com/lu/en/asset-management/adv/products/fund-explorer/sicavs

Taxation

The SICAV is not subject to taxation in Luxembourg on its income, profits or gains. The SICAV is not subject to net wealth tax in Luxembourg. The only tax to which the SICAV in Luxembourg is subject is the subscription tax ("Taxe d'Abonnement"), up to a rate of 0.05% per annum based on the net asset value attributed to each Share Class at the end of the relevant quarter, calculated and paid quarterly. A reduced tax rate of 0.01% per annum of the net assets will be applicable to Share Classes as identified in Appendix 6. The 0.01% and 0.05% rates described above, as appropriate, are not applicable for the portion of the assets of the SICAV invested in other Luxembourg collective investment undertakings which are themselves already subject to the Taxe d'Abonnement.

No stamp duty, capital duty or other tax is payable in Luxembourg upon the issue of the Shares of the SICAV. No tax is payable on realised capital appreciation of the assets of the SICAV in the Grand Duchy of Luxembourg. Although the SICAV's realised capital gains, whether short or long-term, are not expected to become taxable in another country, the Shareholders must be aware and recognise that such a possibility is not totally excluded. The regular income of the SICAV from some of its securities, as well as interest earned on cash deposits in certain countries, may be subject to withholding taxes at varying rates, which normally cannot be recovered.

Dividends, interest and capital gains on security investments held by any Sub-Fund may be subject to non-recoverable withholding tax and Capital Gains Tax of varying rates in the source countries.

7. Statement of Changes in Investments

A list, specifying for each investment within each Sub-Fund the total purchases and sales which occurred during the financial year, may be obtained free of charge upon request at the registered office of the SICAV. Additional information on investments within each Sub-Fund's portfolio is available to Shareholders at the registered office of the SICAV.

8. Value of Financial Instruments and Associated Risks

The SICAV entered into forward currency exchange contracts, financial futures contracts, options and swaps which, to varying degrees, represent a market risk in excess of the amount reflected on the Combined Statement of Net Assets. The amount of the contracts represents the extent of the SICAV's participation in these financial instruments. Market risks associated with such contracts arise due to the possible movements in foreign exchange rates, indices, and security values underlying these instruments. Associated risks are set out in the Prospectus.

In emerging and less developed markets, in which some of the Sub-Funds will invest, the legal, judicial and regulatory infrastructure is still developing and there is much legal uncertainty both for local market participants and their overseas counterparts. Some markets may carry higher risks for investors who should therefore ensure that, before investing, they understand the risks involved and are satisfied that an investment is suitable as part of their portfolio. In some markets there may be no secure method of delivery against payment which would minimise the exposure to counterparty risk. It may be necessary to make payment on a purchase or delivery on a sale before receipt of the securities or, as the case may be, sale proceeds.

9. Collateral Received with Respect to Financial Techniques and Financial Derivative Instruments

Assets received from counterparties in securities lending activities and OTC derivative transactions other than currency forwards constitute collateral.

The SICAV will only enter into transactions with counterparties which the Management Company believes to be creditworthy. Approved counterparties will typically have a public rating of A- or above. Counterparties will comply with prudential rules considered by the CSSF as equivalent to EU prudential rules. The counterparty does not have discretion over the composition or management of a Sub-Fund's portfolio or over the underlying of financial derivative instruments used by a Sub-Fund. Counterparty approval is not required in relation to any investment decision made by a Sub-Fund.

Collateral may be offset against gross counterparty exposure provided it meets a range of standards, including those for liquidity, valuation, issuer credit quality, correlation and diversification. In offsetting collateral its value is reduced by a percentage (a "haircut") which provides, inter alia, for short term fluctuations in the value of the exposure and of the collateral. Collateral levels are maintained to ensure that net counterparty exposure does not exceed the limits per counterparty as set out in the Prospectus. If any, collateral is received in the form of securities and cash. Non-cash collateral received is not sold or pledged.

Collateral received with respect to financial derivative instruments is shown in Appendix 8.

10. Securities Lending

The SICAV may lend portions of its securities portfolio to third parties for the purpose of generating additional income or for reducing costs, to the maximum extent allowed by and within the limits set forth in (i) article 11 of the Grand Ducal regulation of 8 February 2008 relating to certain definitions of the Luxembourg Law, (ii) CSSF Circular 08/356 relating to the rules applicable to Undertakings for Collective Investment when they use certain techniques and instruments relating to transferable securities and money market instruments, (iii) CSSF circular 14/592 relating to ESMA Guidelines on ETFs and other UCITS issues and (iv) any other applicable laws, regulations, circulars or CSSF positions.

Borrowers of securities lent by participating Sub-Funds are approved by the Management Company after appropriate assessment of such borrowers' status and financial standing. 90% of any incremental income earned from securities lending is accrued to the applicable Sub-Fund, whilst the remaining 10% income is paid to J.P. Morgan SE - Luxembourg Branch for its role as securities lending agent for the SICAV. The income earned from the securities lending program is detailed in the Combined Statement of Operations and Changes in Net Assets.

As at 30 June 2024, the SICAV valuation of securities on loan is USD 2,678,766,534 as detailed below and received collateral with a market value of USD 2,917,302,760.
