查核會計師報告

財務報表查核報告

意見

本會計師事務所業已查核隨附之天達環球策略基金及其各子基金(下稱「**本基金**」)之財務報表，其中包括截至 2018 年 12 月 31 日止之資產負債表及投資組合明細表，以及截至當年度終了之營運及股東權益變動表暨重大會計政策概要與其他說明性資訊。

依本會計師事務所之意見，依據盧森堡有關編製及呈現財務報表之相關法律及監管要求，此等財務報表足以允當表達天達環球策略基金及其各子基金截至 2018 年 12 月 31 日之財務狀況暨當年度營運成果及淨資產之變動。

意見基礎

本會計師事務所根據 2016 年 7 月 23 日關於審計專業的法律 (「2016 年 7 月 23 日法律」)，及盧森堡金融監督管理委員會 (「CSSF」) 所採納的國際審計標準 (「ISAs」) 進行了查核。根據 2016 年 7 月 23 日法律及 ISAs，本會計師事務所的責任在本報告「財務報表查核」中「查核會計師責任」乙節有進一步描述。根據盧森堡 CSSF 所採行之國際道德準則委員會職業會計師道德準則 (「IESBA 準則」)，本會計師事務所與本基金互為獨立，且符合其他與查核財務報表相關之道德規範。本會計師事務所相信，本會計師事務所已取得適當且充分之查核證據，足為本會計師事務所意見之作成基礎。

其他資訊

本基金董事會負責其他資訊。其他資訊構成年報中所載之資訊，但不包含財務報表與本報告中「查核會計師責任」乙節。

本會計師事務所對於財務報表之意見並不包含其他資訊，且本會計師事務所就此未出具任何保證形式之結論。

有關本會計師事務所對財務報表之查核，本會計師事務所之責任為審閱其他資訊，並藉此判斷其他資訊是否與財務報表或本會計師事務所於查核過程中所知悉者有重大不符，或其另所呈現者為重大不實陳述。若依據本會計師事務所已執行之作業，本會計師事務所認為其他資訊有重大不實陳述，本會計師事務所應陳報該事實。本會計師事務所就此並無陳報事項。

本基金董事會對財務報表之責任

本基金董事會負責依據盧森堡有關編製財務報表之相關法律及監管要求編製並公允表述此等財務報表，以及負責本基金董事會認為是必要之內部控制，以確保所編製之財務報表並無重大不實陳述（不論是由詐欺或錯誤引起）。

編製財務報表時，除非本基金董事會有意清算本基金或停止營運，或現實上已無其他選項而僅得如此，本基金董事會負責評估本基金為持續經營而持續之能力、揭露(如有適用)與持續經營有關之事項並使用持續經營為會計基礎。

「查核會計師」查核財務報表之責任

本會計師事務所之查核目標係就財務報表整體是否存在重大不實陳述一事取得合理確信，無論重大不實陳述係因詐欺或錯誤所致，並出具「查核會計師責任」報告，其中包含本會計師事務所之意見。合理確信是高程度的確信，但不能保證根據盧森堡 CSSF 所採納之 2016 年 7 月 23 日法律及 ISAs 所進行的查核作業能毫無遺漏地發現所有重大不實陳述的存在。

做為依據盧森堡 CSSF 所採納之 2016 年 7 月 23 日法律及 ISAs 之查核之部分，本會計師事務所在查核過程中運用專業判斷並維持專業性的質疑。本會計師事務所亦：

- 辨識與評估財務報表重大錯誤陳述之風險，無論其係因詐欺或錯誤所致，設計並執行反映此等風險的查核程序，並獲取足夠適當的查核證據，為本會計師事務所的意見提供依據。由於詐欺可能涉及共謀、偽造、隱匿、虛偽陳述或內部控制之疏失，因此未檢測到因詐欺所致的重大不實風險將高於由錯誤所致的重大不實風險。

- 取得對相關查核之內部控制制度之瞭解，以設計適當的查核程序，但非為表達對本基金內部控制有效性之意見。

- 評估本基金董事會所採用的會計政策是否適當，及會計估計與相關揭露之合理性。

- 就本基金董事會使用持續經營會計基礎的適當性作出結論，並根據所獲得的查核證據確定是否存在可能與對本基金持續經營的能力產生重大懷疑之事件或情況相關之重大不確定性。若本會計師事務所結論認為存在重大不確定性，本會計師事務所應在本報告的「查核會計師」乙節註明財務報表中的相關揭露，或者，在揭露不充分時修改本會計師事務所之意見。本會計師事務所的結論係基於截至本會計師事務所「查核會計師」報告作成日期所獲得的查核證據。惟未來的事件或情況亦可能導致基金停止繼續經營。

- 評估財務報表的整體表達、結構及內容（包括揭露內容），以及財務報表是否公允表達相關交易及事件。

除其他事項外，本會計師事務所與負責相關治理之人員溝通了預計的查核範圍與時間安排，以及重要查核結果，包括本會計師事務所在查核過程中所發現任何內部控制的重大缺陷。

The Fund

The Fund

Investec Global Strategy Fund (the 'Fund') was initially established in Guernsey on 5 January 1984 and was re-domiciled to Luxembourg on 1 July 2008. The Fund is authorised under Part I of the Luxembourg law of 17 December 2010 relating to collective investment undertakings (loi concernant les organismes de placement collectif) (the 'Law of 2010'). The Fund qualifies as an Undertaking for Collective Investment in Transferable Securities ('UCITS') under Article 1 paragraph 2, points a) and b) of the Directive 2009/65/EC of 13 July 2009 of the European Parliament and the Council (the 'Directive 2009/65/EC'), and may therefore be offered for sale in European Union ('EU') Member States (subject to registration in EU Member States other than Luxembourg). In addition, applications to register the Fund may be made in other countries.

The Fund has appointed Investec Asset Management Luxembourg S.A. (the 'Management Company') on 30 November 2014, to serve as its designated management company in accordance with the Law of 2010. The Management Company is a public limited company (societe anonyme) incorporated on 8 July 2011 under registration number B 162485. The Management Company has been authorised by the CSSF to manage the business and affairs of the Fund pursuant to Chapter 15 of the Law of 2010. The Management Company has also been authorised by the CSSF as an alternative investment fund manager (an 'AIFM') pursuant to the Law of 2013 on alternative investment fund managers and currently acts as an AIFM to one alternative investment fund. The Management Company may also manage portfolios of investments, including those owned by pension funds, in accordance with mandates given by investors on a discretionary, client-by-client basis.

Report of the Directors

The Directors submit their Report and the Audited Accounts for the year ended 31 December 2018.

Results

The results for the year are shown in the Statement of Operations on pages 322 to 329. The Sub-Funds performance records are shown on pages 4 to 11.

Directors

The Directors of the Fund as at 31 December 2018 are set out on page 13. There are no service contracts proposed or in existence between any of the Directors and the Fund, but the Directors may receive remuneration as provided in the Articles of Incorporation. There are no contracts of significance during or at the end of the year in which a Director of the Fund is or was materially interested other that those listed in Note 11 forming part of the financial statements.

Directors' responsibilities

The Directors are responsible for preparing financial statements for each financial year which give a true and fair view of the state of affairs of the Fund and of the Statement of Operations of the Fund for that year and are in accordance with applicable laws. In preparing those financial statements the Directors are required to:

- select suitable accounting policies and then apply them consistently;
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed subject to any material departures disclosed and explained in the financial statements; and
- prepare financial statements on the going concern basis unless it is inappropriate to presume that the Fund will continue in business.

The Directors are responsible for keeping proper accounting records which disclose, with reasonable accuracy at any time, the financial position of the Fund and to enable them to ensure that the financial statements have been properly prepared in accordance with Luxembourg law on Undertakings for Collective Investment. They are also responsible for safeguarding the assets of the Fund and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Auditors

A resolution for the re-appointment of KPMG Luxembourg, Société Coopérative will be proposed at the forthcoming annual general meeting.

Signed on behalf of the Board of Directors 25 April 2019

K M McFarland
Chairman

G D Cremen
Director

Notes forming part of the financial statements

1. Principal accounting policies

The following accounting principles have been applied consistently in dealing with items which are considered material in relation to the financial statements of the Fund:

a) Basis of preparation

The financial statements are presented in US Dollars and rounded to the nearest thousand. Where the reference currency of the Sub-Fund is not US Dollars, the presentation is in the reference currency of the Sub-Fund. The financial statements have been prepared in accordance with the Luxembourg law on Undertakings for Collective Investment. The preparation of financial statements requires management to make estimates and assumptions that may affect the amounts reported in the financial statements and accompanying notes. Actual results may differ from those estimates.

b) Presentation of combined totals

The combined totals presented in the financial statements represent the aggregation of all the Sub-Funds net assets and operations in US Dollars. Cross-holdings between Sub-Funds within the Fund have not been eliminated from these totals. On 31 December 2018, the cross Sub-Fund investments represent 0.95% of the combined net assets.

c) Foreign currency translation

Items are recorded in the Fund's records in the relevant reference currency of each Sub-Fund, which includes British Pound Sterling, Euro and US Dollars. These currencies are identified in the Prospectus.

The Fund is presented in US Dollars and the results of the Sub-Funds have been aggregated into US Dollars using the exchange rate ruling at the period-end date for the Statement of Assets and Liabilities and the average rate for the Statement of Operations and the Statement of Changes in Shareholders' Equity. The adjustment in US dollar terms arising from this aggregation is classified as a currency adjustment in the Statement of Changes in Shareholders' Equity. This adjustment has no effect on the value of the net assets allocated to individual Sub-Funds.

Transactions in foreign currencies are translated into the reference currency of the relevant Sub-Fund at the exchange rate ruling at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies are translated to the reference currency of the relevant Sub-Fund at the closing exchange rate ruling at the Statement of Assets and Liabilities date. Foreign currency exchange differences arising on translation and realised gains and losses on disposals or settlements of monetary assets and liabilities are recognised in the Statement of Operations. Non-monetary assets and liabilities denominated in foreign currencies that are measured at fair value are translated to the reference currency of the relevant Sub-Fund at the foreign exchange rate ruling at the dates the values were determined.

Foreign currency exchange differences relating to investments are included in gains and losses on investments. All other foreign currency exchange differences relating to monetary items, including cash and cash equivalents, are presented separately in the note 6 - Net gains/(losses) on investments under caption 'Net realised gain/(loss) on foreign currencies and forward currency contracts'.

d) Valuation of financial Instruments

The value of any cash on hand or on deposit, bills and demand notes, accounts receivable, prepaid expenses, cash dividends and interest declared and accrued as aforesaid, and not yet received, shall be equal to the entire nominal or face amount thereof, unless the same is unlikely to be paid or received in full, in which case the value thereof shall be determined after making such discount as the Board of Directors may consider appropriate, to reflect the true value thereof.

The value of Transferable Securities and Money Market Instruments and any other assets which are quoted or dealt in on any stock exchange is based on the latest available price. Each Transferable Security and Money Market Instrument and any other assets traded on any Other Regulated Market shall be valued in a manner as similar as possible to that provided for quoted securities.

The fair value of investments is based on their quoted market prices at the Statement of Assets and Liabilities date. Financial assets are priced at current market prices. If a quoted market price is not available on a recognized stock exchange or from a broker/dealer for a non exchange-traded financial instrument, the fair value of the instrument is estimated using valuation techniques. If none of the above methods of valuation are appropriate for any investment or if in any case a particular value is not ascertainable, or if the Directors shall, having first sought appropriate advice, consider that some other method of valuation better reflects the fair value of the relevant investment then in any such case the method of valuation of the relevant investment shall be such as the Directors

shall decide having regard to the circumstances and/or the nature of the investment.

Swaps, comprising Credit Default Swaps, Interest Rate Swaps and Total Return Swaps, are contracts by which two parties commit themselves during a given period to exchange two flows, one in exchange of the other, determined on the basis of a nominal value. The flows may be linked to interest rate(s), exchange rate(s), share(s), index(es) or credit event(s). Swap contracts are valued using the difference between the values of forecasted flows the counterparty is to pay to the Sub-Fund and those owed by the Sub-Fund to its counter-parties.

Contracts for Difference are valued based on the closing market price of the underlying security, less any financing charges attributable to each contract. Upon entering into Contracts for Difference, the Fund may be required to pledge to the broker an amount of cash and/or other assets equal to a certain percentage of the contract amount ('initial margin'). Subsequently, payments known as 'variation margin' are made or received by the Fund periodically, depending on fluctuations in the value of the underlying security. During the period the contracts are open, changes in the value of the contracts are recognised as unrealised gains and losses by marking to market at each valuation date in order to reflect the value of the underlying security. Realised gains or losses upon closure of the contract are equal to the difference between the value of the contract at the time it was opened including financial charges and the value at the time it was closed.

The fair value of the forward contracts and futures contracts is estimated as the amount the Sub-Fund would receive or pay to terminate the contract at the Statement of Assets and Liabilities date.

Shares or units of underlying open-ended Undertakings for Collective Investment (UCIs) are valued at their last determined and available Net Asset Value.

Money market instruments with a remaining maturity of less than sixty days are valued at cost plus accrued interest. Money market instruments with a remaining maturity of more than sixty days are valued at their market price.

The liquidation value of futures, forward and options contracts not traded on exchanges or on Other Regulated Markets shall mean their net liquidating value determined, pursuant to the policies established by the Board of Directors. The liquidating value of futures, forward and options contracts traded on exchanges or on Other Regulated Markets shall be based upon the last available settlement prices of these contracts on exchanges and/or Regulated Markets on which the particular futures, forward or options contracts are traded by the Sub-Fund.

The Fund generates income from investments it may hold in the most junior class of securities of Collateralized Loans Obligations (CLOs) (typically preferred shares or subordinated securities) managed by other asset management companies. These junior class securities are subordinated to senior bond holders who typically receive a fixed rate of return on their investment. The CLOs are leveraged funds and any excess cash flow or 'excess spread' (interest earned by the underlying securities in the fund less payments made to senior bond holders and less fund expenses and management fees) is paid to the holders of the CLOs' subordinated securities or preferred shares. The Fund recognizes a portion of these cash payments as interest income based on an expected rate of return through expected maturity, and any excess is then recognized as a return of capital.

For any senior class CLO securities the Fund may hold, interest is earned at a fixed rate or a fixed spread relative to the LIBOR index, and is recognized as interest income on the accrual basis.

e) Fair value adjustments

Events may occur between the determination of an investment's last available price and the determination of a Sub-Fund's Net Asset per Share at the valuation point that may, in the opinion of the Directors, mean that the last available price does not truly reflect the true market value of the investment. In such circumstances, a fair value adjustment factor is applied to the price of such investments in accordance with applicable trigger rules.

f) Swing Pricing

Frequent subscriptions and redemptions can potentially have a dilutive effect on the Fund's NAV per Share and be detrimental to the long term investors as a result of the transaction costs that are incurred by the Fund and/or as a result the acquisition and disposal of shares (price/offer margins, market-appropriate brokerages, commissions, charges etc.) which are included in the calculation of the Net Asset Value. The net amount resulting from the difference between subscriptions and redemptions determines the adjustment of the portfolio and thus the resulting expenses. The transaction costs incurred on the day of trading for subscriptions and redemptions will be paid by the investors who commission these transactions.

As detailed in the Prospectus, in order to mitigate the effect of dilution the Directors may at their discretion adjust the Net Asset Value per Share in the Sub-Funds to take into account the possible effects of dilution. Such adjustment will be made in accordance with criteria set by the Directors from time to time including whether the costs of investing or divesting the net inflows into or outflows from a Sub-Fund on a Business Day will create in their opinion a material dilutive impact. Such adjustments may only be exercised for the purpose of reducing dilution in the Sub-Funds. A periodical review is undertaken in order to verify the appropriateness of the dilution factor being applied.

Swing pricing as at the period-end, if any, is recorded under the Swing adjustment caption of the Statement of Assets and Liabilities and of the Statement of Changes in Shareholders' Equity.

g) Cash and cash equivalents

Cash comprises current accounts as well as term deposits with banks. Cash equivalents are short-term highly liquid investments that are readily convertible to known amounts of cash and are subject to an insignificant risk of change in value.

h) Interest income

Interest income is recognised in the Statement of Operations as it accrues, using the interest rate of the instrument calculated at the period-end on an effective interest rate basis. Interest income also includes the amortisation of any discount or premium with regards to zero coupon bonds and money market instruments valued at amortised cost, transaction costs or other differences between the initial carrying amount of an interest bearing instrument and its amount at maturity.

i) Dividend income

Dividend income is recognised in the Statement of Operations on the ex-dividend date.

In some cases, the Sub-Fund may receive dividends in the form of additional shares rather than cash. In such cases the Sub-Fund recognises the value of the cash dividend alternative as dividend income.

j) Expenses

All expenses are recognised in the Statement of Operations on an accruals basis. Where formation costs have been incurred, these are capitalised and amortised over a period not exceeding five years.

k) Income and expense allocation

The allocation of income and expenses to each Share Class is based upon the proportion of the Sub-Fund's net assets of each Share Class on the day the income is earned or the expense is incurred.

l) Taxation

The Fund is not subject to any Luxembourg income tax, nor are dividends paid by the Fund subject to any withholding tax.

However, the Fund is liable in Luxembourg to a subscription tax (taxe d'abonnement) of 0.05% per annum, such tax being payable quarterly and calculated on the total Net Asset Value of the respective Class of Share at the end of the relevant quarter.

A reduced tax rate of 0.01% per annum of the net assets will be applicable to the I, J and S Share Classes which are only sold to and held by Institutional Investors and to all Classes of the U.S. Dollar Money Fund and the Sterling Money Fund. Such tax is payable quarterly and calculated on the net assets of such Class at the end of the relevant quarter.

m) Performance Fees

An annual performance fee in respect of the A, C, F, I, IX, J, JX and Z Share Classes of the Active Commodities Fund, may be payable depending on performance of that Share Class.

No performance fees were charged during the period for Active Commodities Fund. The Sub-Fund was liquidated on 19 July 2018.

2. Equalisation

The Net Asset Value per Share of each Income Share includes a payment for equalisation representing undistributed income accrued since the last ex-dividend date.

Equalisation is a payment by a person who subscribes for Shares, and is calculated by dividing the relevant proportion of the net undistributed income of the Share Classes, by the number of such Shares in issue at the date on which the subscriprion is made. Equalisation is repaid to The Shareholders on the occurrence of the redemption of the Shares or on the payment of a dividend.

10. Material contracts

The following material contracts have been entered into by the Fund:

a. A management company services agreement between the Fund and the Management Company dated 30 November 2014 pursuant to which the Management Company has been appointed as the management company for the Fund. This agreement was entered into for an unlimited period and is terminable by either party upon 90 days' written notice. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.

b. An investment management agreement between the Fund, the Management Company and Investec Asset Management Limited dated 30 November 2014 pursuant to which the latter acts as investment manager of the Fund. This agreement was entered into for an unlimited period and is terminable by either party upon 90 days' written notice. According to an agreement entered into between the Investment Manager (in its capacity as an RQFII) and Hong Kong and Shanghai Banking Corporation Limited ('HSBC') on or about 22 April 2015 (the 'RQFII Schedule'), the latter has been appointed by the Investment Manager as its directly contracted agent. The RQFII Schedule shall apply in full to all actions taken by HSBC under the RQFII Schedule which are performed by HSBC as the investment manager's directly contracted agent.

c. An agreement between the Fund and State Street Bank Luxembourg S.C.A. dated 10 May 2016 pursuant to which the latter was appointed Depositary of the assets of the Fund. The agreement was entered into for an unlimited period and may be terminated by either party upon 90 days' written notice provided that no such notice shall take effect until the appointment of a successor to the Depositary. According to the RQFII Schedule entered into between the Investment Manager (in its capacity as an RQFII) and HSBC on or about 22 April 2015, the latter has been appointed by the Investment Manager as the sub-custodian of the assets of the All China Equity Fund, the Asia Local Currency Bond Fund and the All China Bond Fund Sub-Funds in China. However, the depositary agreement between the Fund and State Street Bank Luxembourg S.C.A. shall apply in full to all actions taken by HSBC under the RQFII Schedule acting in its capacity as sub-custodian of the assets of the above-mentioned Sub-Funds, notwithstanding the direct appointment of HSBC by the Investment Manager of the Fund. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.

d. An agreement between the Fund, the Management Company and State Street Bank Luxembourg S.C.A. dated 30 November 2014 pursuant to which the latter was appointed Administrator and Domiciliary Agent of the Fund. The agreement was entered into for an unlimited period and may be terminated by either party upon 90 days' written notice. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.

e. An agreement between the Fund, the Management Company and Investec Asset Management Guernsey Limited dated 30 November 2014 pursuant to which the latter was appointed Global Distributor and Service Provider of the Fund. The agreement was entered into for an unlimited period and may be terminated by either party upon 90 days' written notice. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.

f. An agreement between the Fund, the Management Company and RBC Investor Services Bank S.A. dated 8 December 2014 and complemented by an addendum dated 24 May 2018 pursuant to which the latter was appointed Registrar and Transfer Agent of the Fund. The agreement was entered into for an unlimited period and may be terminated by either party upon 90 days' written notice. The agreement was amended with effect from 25 May 2018 introducing terms for compliance with the General Data Protection Regulation (EU) 2016/679.

11. Transactions with connected persons

There have been no transactions with connected persons except as detailed below:

a. Grant David Cameron and Kim Mary McFarland, Directors of the Fund, are also Directors of the Global Distributor and Service Provider of the Fund. Kim Mary McFarland, Director of the Fund, is also a Director of the Investment Manager. From 31 August 2018 Grant David Cameron is a Director of the Management Company. Until 31 August 2018 Kim Mary McFarland was a Director of the Management Company. Transactions with the Investment Manager, Global Distributor and Service Provider are detailed in note 10.

b. Claude Niedner, a Director of the Fund, is a Partner at Arendt & Medernach, who are contracted as Legal Advisers to the Fund. During the period under review, Arendt & Medernach has provided legal services totalling 251,157.13 EUR to the Fund (inclusive of VAT). As at 31 December 2018, 115,823.25 EUR was outstanding and due to be paid.

c. Gregory David Cremen, a Director of the Fund, provides consultancy services to the Fund, for which he receives 40,000 EUR per annum (exclusive of VAT).

d. With the exception of the above (note 11a, 11b and 11c), there were no additional service contracts proposed or in existence between any of the Directors and the Fund.

e. With the exception of the above (note 11a, 11b and 11c), there were no contracts of significance during or at the end of the period in which a Director of the Fund is or was initially interested.

f. Transactions detailed in point 11a, 11b and 11c have been entered into in the ordinary course of business and on normal commercial terms.

12. Dealing commissions arrangements

From 3 January 2018 the Investment Manager is no longer using dealing commissions for the purchase of research services. Dealing commissions paid will only be for execution services. Research services are now being paid for by the Investment Manager. All commission sharing arrangements were terminated.

13. Ongoing charges

The method for calculation is Total Operating Expenses (not including negative investment income) divided by the average Net Asset Value for the period. This is calculated on a Share Class basis.

Ongoing charges were calculated in accordance with the ESMA's guidelines on the methodology for calculation of the ongoing charges figure in the Key Investor Information Document CESR/10-674, as well as with the ALFI (Association of the Luxembourg Fund Industry) guidelines.

Distribution policy

In determining the distribution policy for any Class of Income Share (whether Inc, Inc-2 or Inc-3), the Board of Directors may determine, as permitted under Luxembourg Law, the extent to which expenses of that Class may be deducted from its income and/or capital account. In particular, the Board of Directors may determine that the distribution policy of any Class of Income Share is to distribute the whole of the income attributable to that Class to Shareholders after the deduction of the Management Fee (as defined in the Prospectus Section 9.1), the Administration Servicing Fee, the Distribution Fee where relevant, the Depositary Fee and all other expenses attributable to that Class of Income Share, or is to distribute the whole of the income

attributable to that Class and potentially a portion of capital to Shareholders before deduction of the Management Fee, the Administration Servicing Fee, the Distribution Fee where relevant, the Depositary Fee and all other expenses attributable to that Class of Income Share.

The Board of Directors may also determine if and to what extent distributions may include distributions from both net realised and net unrealised capital gains. Where Classes pay distributions that include net realised capital gains or net unrealised capital gains, or, in the case of Share Classes' which distribute income gross of expenses, dividends may include initially subscribed capital. Shareholders should note that dividends distributed in this manner may be taxable as income, depending on the local tax legislation, and should seek their own professional tax advice in this regard.

As at the December 2018 Prospectus, the Board of Directors has determined that for any Inc Share Class, the distribution policy is to distribute net income. Accordingly, the expenses related to such a Share Class will be deducted from its income account. Where the income generated is insufficient to cover the expenses, the residual expenses shall be deducted from the relevant Share Class' capital account.

As at the December 2018 Prospectus, the Board of Directors has determined that for any Inc-2 Share Class, the distribution policy is to distribute gross income. Accordingly, the expenses related to such a Share Class will be deducted from its capital account. This will have the effect of increasing that Share Class' distributions (which may be taxable) whilst reducing its capital to an equivalent extent. This could constrain future capital and income growth.

As at the December 2018 Prospectus, the Board of Directors has determined that for an Inc-3 Share Class, the distribution policy is to distribute the long term expected level of gross income. The distribution will be calculated at the discretion of the Board of Directors on the basis of the expected gross income over a given period (such period to be at the Board of Director's discretion) with a view to providing a consistent monthly distribution to Shareholders during such period. The distribution rate for each Inc-3 Share Class will typically be reviewed on a quarterly basis, but at least semi-annually, but may be adjusted more frequently to reflect changes in the portfolio's expected yield. The expenses related to such a Share Class will be deducted from its capital account and may include net realised and net unrealised capital gains. This will have the effect of increasing that Share Class' distributions (which may be taxable) whilst reducing its capital to an equivalent extent. This could constrain future capital and income growth.

For the All China Bond Fund, the Board of Directors has determined that its distributable income may also include any implied yield accrued by certain investments the purchase of which is driven by an income-generating objective (e.g. foreign exchange forward contracts).

The frequency of distributions varies across the different Sub-Funds and Share Classes, the detail of which can be found in the Fund's Prospectus.

REPORT OF THE REVISEUR D'ENTREPRISES AGREE

Report on the audit of the financial statements

Opinion

We have audited the accompanying financial statements of Investec Global Strategy Fund (the 'Fund') and each of its sub-funds, which comprise the Statement of Assets and Liabilities and the Schedule of Investments as at 31 December 2018 and the Statement of Operations and the Statement of Changes in Shareholders' Equity for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements give a true and fair view of the financial position of Investec Global Strategy Fund and each of its sub-funds as at 31 December 2018, and of the results of their operations and changes in their net assets for the year then ended in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements.

Basis for opinion

We conducted our audit in accordance with the Law of 23 July 2016 on the audit profession ('Law of 23 July 2016') and with International Standards on Auditing ('ISAs') as adopted for Luxembourg by the Commission de Surveillance du Secteur Financier ('CSSF'). Our responsibilities under the law of 23 July 2016 and ISAs are further described in the « Responsibilities of 'Réviseur d'Entreprises agréé' for the Audit of the Financial Statements » section of our report. We are also independent of the Fund in accordance with the International Ethics Standards Board for Accountants' Code of Ethics for Professional Accountants ('IESBA Code') as adopted for Luxembourg by the CSSF together with the ethical requirements that are relevant to our audit of the financial statements, and have fulfilled our other ethical responsibilities under those ethical requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

The Board of Directors of the Fund is responsible for the other information. The other information comprises the information stated in the annual report but does not include the financial statements and our report of 'Réviseur d'Entreprises agréé' thereon.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report this fact. We have nothing to report in this regard.

Responsibilities of the Board of Directors of the Fund for the financial statements

The Board of Directors of the Fund is responsible for the preparation and fair presentation of these financial statements in accordance with Luxembourg legal and regulatory requirements relating to the preparation and presentation of the financial statements, and for such internal control as the Board of Directors of the Fund determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the Board of Directors of the Fund is responsible for assessing the Fund's and each of its sub-funds' ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors of the Fund either intends to liquidate the Fund or any of its sub-funds or to cease operations, or has no realistic alternative but to do so.

Responsibilities of the 'Réviseur d'Entreprises agréé' for the audit of the financial statements

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a report of 'Réviseur d'Entreprises agréé' that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with the Law of 23 July 2016 and with ISAs as adopted for Luxembourg by the CSSF, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Fund's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors of the Fund.

- Conclude on the appropriateness of the Board of Directors of the Fund's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's or any of its sub-funds' ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our report of 'Réviseur d'Entreprises agréé' to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our report of 'Réviseur d'Entreprises agréé'. However, future events or conditions may cause the Fund or any of its sub-funds to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Securities Financing Transactions Regulation (SFTR) disclosures (Unaudited)

Over the counter derivative instruments ('OTC derivatives'), transactions are entered into by the Fund/s under an International Swaps and Derivatives Associations, Inc. Master Agreement ('ISDA Master Agreement') or similar agreement. An ISDA Master Agreement is a bilateral agreement between the Fund/s and a counterparty that governs OTC derivative transactions (including TRS, total return swaps) entered into by the parties. The parties' exposures under the ISDA Master agreement are netted and collateralised together, therefore any collateral disclosures provided relate to all OTC derivative transactions entered into by the Fund/s under the ISDA Master agreement, not just total return swaps.

All collateral received/posted by the Fund/s under the ISDA Master Agreement is transferred bilaterally under a title transfer arrangement. Collateral received is held in an account in the name of the Depositary on behalf of the Fund. Collateral received is segregated from the assets belonging to the Fund Depositary.

The collateral posted by the Fund under the ISDA Master Agreement that constitutes the Independent Amount is posted by the Fund under a security interest arrangement.

The following table details the value of TRS a proportion of the Funds' NAV, as at 31 December 2018. The value of TRS is based on the underlying exposure value (market value).

All returns and costs from OTC derivative transactions will accrue to the Fund and are not subject to any returns sharing arrangements with the Fund's manager or any other third parties.

For Total Return Swaps transaction costs are not separately identifiable. For these investments, transactions costs are included in the purchase and sales price and part of the gross investment performance of each Portfolio. Returns are identified as the realized gains and change in unrealized gains on the swap contract during the reporting period.

As at 31 December 2018, cash collateral received in respect of OTC derivative transactions for all the sub-funds was not reinvested.

Risk management (Unaudited)

Risk management

The Fund uses a risk management process that allows monitoring the risk of the portfolio positions and their share of the overall risk profile of the portfolios of each Sub-Fund at any time. In accordance with the Law of 17 December 2010 and the applicable regulatory requirements of the Commission de Surveillance du Secteur Financier ('CSSF') the Management Company reports to the CSSF on a regular basis on the risk management process. The Management Company ensures, on the basis of appropriate and reasonable methods, that the overall risk, associated with derivatives is limited. The Fund uses the following methods:

Commitment approach

The 'commitment approach' is based on the positions of derivative financial instruments, converted into their corresponding underlying equivalents using the delta approach. Netting and Hedging might be considered for derivative financial instruments and their underlying assets. The sum of these underlying equivalents must not exceed the net asset value of the relevant Sub-Fund.

VaR approach

The value-at-Risk (VaR) is a mathematical-statistical concept and is used as a standard measure of risk in the financial sector. The VaR represents the potential loss of a portfolio over a given period (so-called holding period), which is with a certain probability (so-called confidence level).

Absolute VaR approach

In the absolute VaR approach the VaR (99% confidence level, 20-day holding period) of the relevant Sub-Fund can not exceed 20% of its net assets.

Relative VaR approach

The relative VaR concept determines the VaR based on a reference portfolio. Under this approach the VaR cannot be more than twice the VaR of a reference portfolio. The reference portfolio normally relates to an index or composite relevant to the Sub-Fund's investment policy.

VaR add ons

The following table shows the method used to calculate global exposure as well as the applicable reference portfolio for those Sub-Funds using the relative VaR approach.

Global risk measurement methods

Absolute VaR

The table below shows Sub-Funds utilizing an absolute VaR approach to risk measurement in 2018. Minimum utilisation and Maximum utilisation are the minimum and maximum VaR over the period divided by the VaR limit. Average Utilization is the average of VaR divided by the VaR limit.

The VaR has been calculated daily using the Monte-Carlo calculation approach with a confidence interval of 99%, a holding period of 20 days, a (historical) given period of 200 weeks.

	ABSOLUTE VaR		
SUB-FUND NAME	MINIMUM UTILISATION	MAXIMUM UTILISATION	AVERAGE UTILISATION

Relative VaR

The table below shows Sub-Funds utilizing a relative VaR approach to risk measurement in 2018. This is the VaR of the Sub-Fund relative to the VaR of the benchmark. Minimum utilisation and Maximum utilisation are the minimum and maximum ratio VaR over the period divided by the VaR limit. Average Utilization is the average of ratio VaR divided by the VaR limit.

Level of leverage

For Sub-Funds where the VaR approach is used to measure the overall risk associated with derivatives, the table below shows leverage using both the sum-of-notionals approach and the commitment approach. Shareholders should note that expected leverage levels for these Sub-Funds are a representative guide only and should not be regarded as imposing limits which may not be exceeded.

During the reported period, the average leverage based on the sum of the notionals of the derivatives used was:

FUND NAME	GLOBAL EXPOSURE CALCULATION	LEVEL OF LEVERAGE (SUM OF NOTIONALS)	COMMITMENT APPROACH

Global Strategic Managed Fund	Relative VaR	105.2%	32.1%
Investment Grade Corporate Bond Fund	Relative VaR	119.1%	23.6%

IMPORTANT NOTICE: Shareholders should please note that the above expected leverage levels have been calculated using the specific methodology prescribed under CSSF Circular 11/512, CSSF Regulation 10-4 or the ESMA (formerly CESR) Guidelines 10-788 on Risk Measurement and the Calculation of Global Exposure and Counterparty Risk for UCITS. This methodology might differ from the methodology used in other jurisdictions and/or general market practice regarding how leverage is understood. Shareholders should note that under this methodology, where a Sub-Fund uses derivatives for the purposes of efficient portfolio management, this will in some cases be included in the leverage calculation. This will inevitably inflate the leverage level for that Sub-Fund. Shareholders should note that the Fund uses a different methodology for its internal monitoring of leverage levels in the Sub-Funds. Shareholders should note further that the level of leverage does not include borrowings which are made only on a temporary basis in accordance Section 10.1(B)(3) of the prospectus.

Fair value hierarchy (Unaudited)

as at 31 December 2018

The three levels of the fair value hierarchy as determined by the Board are described below:

Level 1 – Unadjusted quoted prices in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities;

Level 2 – Quoted prices in markets that are not active or financial instruments for which significant inputs are observable (including but not limited to quoted prices for similar securities, interest rates, foreign exchange rates, volatility and credit risk spreads), either directly or indirectly;

Level 3 – Prices or valuations that require significant unobservable inputs (including the Competent Persons assumptions in determining fair value measurement).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety shall be determined on the basis of the lowest level input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a Level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The following tables show financial assets and financial liabilities recognised at fair value, analysed between the three levels described above:

Class action

Class action against Volkswagen AG ('the Litigation').

The Litigation relates to the installation by Volkswagen AG of 'defeat software' in vehicles sold worldwide between 2009 and September 2015 ('the Emissions Scandal'). Proceedings (which include statutory and civil law claims) have been brought in the German Courts on behalf of shareholders who acquired Ordinary or Preference Volkswagen shares on any German stock exchange between 1 January 2009 and 18 September 2015 inclusive, and who had not sold all of those shares prior to 21 September 2015, relating to losses as a result of the Emissions Scandal ('the Class Action').

As a shareholder in Volkswagen AG during the relevant period, the Investec Global Strategy Fund, on behalf of the Global Equity Fund, Global Strategic Equity Fund and Global Strategic Managed Fund, is participating as a Claimant in the Class Action.

Remuneration disclosure

The remuneration policy of the Investec Asset Management ('IAM') group, as it is applies to the Management Company (the 'Remuneration Policy') sets out the policies and practices that are consistent with and promote sound and effective risk management. It does not encourage risk-taking which is inconsistent with the risk profiles, rules or articles of incorporation of the Fund. The Remuneration Policy is in line with the business strategy, objectives, values and interests of the Management Company and the Fund and its Shareholders, and includes measures to avoid conflicts of interest. It includes a description as to how remuneration and benefits are calculated (see further below) and identifies those individuals responsible for awarding remuneration and benefits.

With regard to the internal organisation of the Management Company, the assessment of performance is set in a multi-year framework appropriate to the holding period recommended to the investors of the funds managed by the Management Company in order to ensure that the assessment process is based on longer-term performance and its investment risks and that the actual payment of performance-based components of remuneration is spread over the same period. The Remuneration Policy includes fixed and variable components of salaries and discretionary pension benefits that are appropriately balanced and the fixed component represents a sufficiently high proportion of the total remuneration to allow the operation of a fully flexible policy on variable remuneration components, including the possibility to pay no variable remuneration component.

The Remuneration Policy applies to those categories of staff, including senior management, risk takers, control functions and any employee receiving total remuneration that falls within the remuneration bracket of senior management and risk takers in each case whose professional activities have a material impact on the risk profile of the Management Company ('Identified Staff').

We have included below the relevant sections from the Remuneration Policy which summarize how remuneration and benefits have been calculated for Identified Staff.

Fixed Remuneration and Benefits

- Fixed remuneration, including salaries, is reviewed annually and designed to reflect the relative skills and experience of, and contribution made, by each employee. Advisors may be engaged, as appropriate, to obtain general market information or to benchmark specific positions to help assesses the extent to which remuneration levels are competitive

and appropriate in the context of attracting and retaining people. In addition, fixed remuneration as a proportion of overall remuneration levels is reviewed and taken into account in the balance between salary, other fixed remuneration and performance-related awards.

- Employee benefits include:
  – Life and permanent health insurances and medical cover, which vary according to local market norms.
  – Employer pension contributions, which are based on annual salary only and not on other fixed remuneration, bonuses or the value of other benefits. No discretionary pension benefits are paid.

Discretionary annual variable compensation

- IAM operates an annual discretionary cash bonus scheme and an annual discretionary deferred bonus scheme. The primary determinant of the variable compensation pool available for distribution is IAM's own annual profit. The percentage of profit allocated to the variable compensation pool has been agreed (at a fixed rate) and has been approved by IAM RemCo and Investec Group RemCo. Given our business is orientated towards meeting the long-term objectives of our clients, there are not significant fluctuations in profit levels (and therefore bonus pools) year on year.
- Bonus pools are calculated taking into account input from the Chair of the Global Risk Committee and the Head of Compliance to ensure that bonus pools are at an appropriate level given the current and likely future risks inherent in the business. The pool is divided between the business divisions based on considerations of both financial and non-financial performance.
- All employees of IAM are currently eligible to be considered for a cash bonus payment under the scheme, although this does not mean that employees will automatically receive a cash bonus. Any payments made under the scheme are at the discretion of IAM and based on a number of factors including multi-year performance and non-financial metrics such as compliance and risk awareness.
- Where IAM's financial performance is subdued or negative, total variable remuneration would be contracted in line with weaker financial results, taking into account both current remuneration and potential reductions in payouts of amounts previously earned. IAM's total variable remuneration should therefore not limit its ability to strengthen its capital base as it is paid out of profits. This structure has been a key contributor to the long-term success of IAM and encourages the staff to behave like owners. IAM believes in aligning the long-term interests of clients, shareholders and staff.
- Compliance and Risk team bonuses are determined with primary reference to functional performance and not company financial performance.
- Both qualitative and quantitative factors are integral to determining remuneration levels. Specific factors considered include the following:
  – The profit of the overall firm;
  – Multi-year investment and financial performance of specific business units;
  – Behavior consistent with the culture and values of the firm;
  – Scope of responsibility and individual contribution to the performance of the business;
  – The attitude and behavior of employees towards risk consciousness, internal controls, risk management and regulatory compliance;
  – Specific input from risk and compliance functions regarding concerns about the behavior of individual employees;
  – Market sector norms and peer group comparisons; and
  – The quality and level of leadership and collaboration, the ability to grow and develop business and client relationships, and the development of self and others.

The details of the up-to-date Remuneration Policy, including but not limited to, further information regarding how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration and benefits, including the composition of the remuneration committee where such a committee exists, are available at www.investecassetmanagement.com/remuneration and a paper copy will be made available free of charge upon request from the registered office of the Management Company.

The Remuneration Policy is reviewed on an annual basis by the Management Company (in its supervisory function). There are no irregularities to report as a result of this review.

Other information (Unaudited) continued

The table below shows the total amount of remuneration paid by the Management Company to its staff for the financial year ending 31 March 2018, split into fixed and variable remuneration, and showing the number of beneficiaries.
