獨立審計師報告

致Morgan Stanley Investment Funds
股東

6B, route de Trèves
L-2633 Senningerberg
Luxembourg

意見

本所已查核Morgan Stanley Investment Funds（「基金公司」）及其旗下各基金之財務報表，包括截至2025年12月31日的資產與負債表、投資明細表，截至當年度終了時之營運與淨資產變動表，以及財務報表附註，包括重要會計政策之概要說明。

依本所之意見，隨附之財務報表係依據盧森堡編製財務報表之相關法令規定，真實並公允反映基金公司及其旗下各基金於2025年12月31日的財務狀況，及其截至該年度終了時之營運結果與淨資產變動情形。

意見之基礎

本所依據關於審計專業之2016年7月23日法律（「2016年7月23日法律」），以及盧森堡金融監管委員會（Commission de Surveillance du Secteur Financier，「CSSF」）就盧森堡所採納之國際審計準則（「ISAs」）執行查核工作。本所基於2016年7月23日法律與CSSF就盧森堡所採納之ISAs所負之責任於本報告之「企業會計師對於查核財務報表之責任」一節中有進一步說明。此外，根據CSSF就盧森堡所採納由國際會計師職業道德委員會所發布包含國際獨立標準在內之國際專業會計師道德守則(IESBA Code)，以及與本所查核財務報表有關之道德規定，本所與基金公司保持超然獨立，且本所業已依據前揭道德規範履行本所之其他職業道德責任。本所認為，本所已獲得充分且適當之查核證據，可作為本所表示意見之依據。

其他資訊

基金公司董事會必須對其他資訊負責。其他資訊包括股東資訊、董事會報告、董事及服務提供者、股份與資產淨值統計表、付款代理人及資訊代理人、附錄一：基金費用率、附錄二：投資組合週轉率、附錄三：次顧問、附錄四：避險股份級別、附錄五：績效摘要、附錄六：風險衡量與總曝險、附錄七：管理公司薪酬政策、附錄八：證券融資交易、附錄九：永續金融揭露資訊，但不包括財務報表或本所之「企業會計師」報告。

本所對財務報表之意見並未涵蓋其他資訊，且本所未對該等其他資訊發表任何形式之認證結論。

關於本所查核財務報表一事，本所之責任在於閱讀其他資訊，並在此過程中，考量其他資訊是否與財務報表或與本所於查核過程中所瞭解之情況有重大出入或存有重大不實表達。基於本所已執行之工作，倘本所認為該其他資訊有重大不實表達之處，本所應報告此事實。就此而言，本所無任何報告。

基金公司董事會對於財務報表之責任

基金公司董事會負責依據盧森堡編製財務報表之相關法令規定，編製並公正表述財務報表，此外，基金公司董事會亦須就其認為避免財務報表編製發生重大錯誤表達（無論係因詐欺或錯誤）所需之內部控制制度負責。

編製財務報表時，除非基金公司董事會有意清算基金公司或其旗下任一基金或停止營運，或別無其他實際可行之替代方案，基金公司董事會負責評估基金公司及其旗下基金繼續經營之能力、在適用情況下揭露與繼續經營相關之事項，以及採用繼續經營會計基礎。

「企業會計師」對於查核財務報表之責任

本所之目標在於針對財務報表整體是否

存在重大不實表達（無論係因詐欺或錯誤）取得合理確信，並出具包含本所「企業會計師」意見在內之報告。合理確信係高度確信，但不保證依照2016年7月23日法律與CSSF就盧森堡所採納之ISAs規定執行之查核工作必能偵察出財務報表存在之重大不實表達。不實表達可能肇因於詐欺或錯誤，倘可合理預期到個別或彙總之不實表達將影響到使用者依據財務報表所作之經濟決策，則該等不實表達會被視為重大。

作為根據2016年7月23日法律與CSSF就盧森堡所採納之ISAs規定所執行查核工作之一部分，本所在查核過程中乃秉持專業判斷並維持專業質疑。同時，本所亦：

- 辨識與評估財務報表存有重大不實表達（無論係因詐欺或錯誤）之風險、設計並執行反映該等風險之查核程序，並取得足夠並適當提供本所意見基礎之查核證據。無法偵測因詐欺所生之重大錯誤表達的風險乃高於因錯誤所生者，因為詐欺可能涉及共謀、偽造、故意隱匿、虛假陳述，或未確實執行內部控制。
- 取得對相關查核之內部控制之瞭解，以設計適用於該情況之查核程序，但目的並非為對基金公司之內部控制有效性表達意見。
- 評估基金公司董事會所採用會計政策之妥適性與所做會計估計及相關揭露之合理性。
- 就基金公司董事會採用之繼續經營會計基礎之適當性做出結論，並基於取得之查核證據，總結是否存有可能導致對基金公司或其旗下任一基金繼續經營能力產生質疑之重大不確定性。如本所歸結認為存有重大不確定性，則有必要於本所之「企業會計師」報告中提請使用者注意財務報表中之相關揭露，或倘相關揭露並不充足，則應修正意見。本所所作結論係基於截至「企業會計師」報告所載日期前取得之查核證據。然而，未來事件與情況仍有可能導致基金公司或其旗下任一基金（決定或有意關閉之基金除外）繼續經營之終止。
- 就決定或有意關閉之基金而言，本所就基金公司董事會採用非繼續經營會計基礎之適當性做出結論。本所亦評估說明非繼續經營會計基礎及其採用理由之揭露是否足夠。本所所作結論係基於截至「企業會計師」報告所載日期前取得之查核證據。
- 評估財務報表之整體表述、架構及內容（包括揭露），以及財務報表是否以達到公平呈現之方式呈現相關交易及事件。

本所與該等負責管理之人員溝通有關查核之預定範圍及時間及重大查核發現等事項，包括在本所查核過程中發現之任何內部控制之重大缺失。

Board of Directors' Report (continued)

Structure of the Company

Morgan Stanley Investment Funds (the "Company") is registered in the Grand Duchy of Luxembourg as an undertaking for collective investment pursuant to Part I of the Law of 17 December 2010 on Undertakings for collective investment, as amended (the "2010 Law"). Such registration however does not imply a positive assessment by the supervisory authority of the quality of the shares of the Company (the "Shares") offered for sale. Any representation to the contrary is unauthorised and unlawful. The Company is an Undertaking for Collective Investment in Transferable Securities ("UCITS") for the purpose of the Directive 2009/65/EC of the European Parliament and of the Council of 13 July 2009 on the coordination of laws, regulations and administrative provisions relating to undertakings for collective investment in transferable securities (the "UCITS Directive" or the "UCITS IV Directive"). Effective 1 January 2019, the Company has appointed MSIM Fund Management (Ireland) Limited as management company (the "Management Company").

Distribution of the Funds

All of the Funds and Share Classes are registered for distribution in the Grand Duchy of Luxembourg and a number of the Funds and Share Classes are registered for distribution in other jurisdictions. For a full list of countries in which Funds and Share Classes are registered for sale, please refer to to www.morganstanleyinvestmentfunds.com.

Role and Responsibility of the Board

The responsibility of the Board is governed by Luxembourg law. With respect to the financial statements of the Company, the duties of the Directors are governed by the law of 10 December 2010 on, inter alia, the accounting and annual accounts of undertakings for collective investment and by the law of 17 December 2010 relating to undertakings for collective investment.

The matters reserved for the Board include, *inter alia*, determination of each Fund's investment objective and policies, investment restrictions and powers, amendments to the Prospectus, and reviewing and approving key investment and financial data, including the annual accounts, as well as the appointment of the Auditor, the Custodian and the Management Company.

Prior to each Board meeting, the Directors receive detailed and timely information allowing them to prepare for the items to be considered during the meeting. For each quarterly meeting, the Board receives reports consolidated by the Management Company on the basis of information received from the Investment Adviser, the Distributor, the Custodian, the Administrator, the Transfer Agent, Risk Management, and the Auditor, as well as proposals for changes to existing Funds or proposals to launch new ones as appropriate. Senior representatives of the Management Company and other service providers attend Board meetings by invitation to enable the Directors to challenge the reports presented to them.

The Board can take independent professional advice if necessary and at the Company's expense.

Board Evaluation

The Board undertakes a periodic evaluation of its performance.

Board Composition

The Board as a whole has a breadth of investment knowledge, financial skills, as well as legal and other experience relevant to the Company's business. Directors are elected annually by shareholders at the Annual General Meeting. The Board takes into account the nature and requirements of the fund industry and of the Company's business when making the recommendation to shareholders that Directors be elected.

Tabular Summary of Board Composition

Director	Residence	Executive	Non-Executive	Independent non-executive	Length of service on Board
Carine Feipel	Luxembourg			X	10 years
Susanne van Dootingh	Belgium			X	7.25 years
Diane Hosie	United Kingdom		X		7.25 years
Zoë Parish	United Kingdom	X			5.75 years
Arthur Lev	United States of America		X		4.75 years

Board Meetings

The Board meets at least quarterly and additional meetings are convened as required from time to time by the business of the Company.

At the quarterly board meetings, the agenda includes, amongst other matters, those items highlighted under the section above called 'Role and Responsibility of the Board'. A dedicated Board meeting is scheduled for the approval of the annual report and accounts.

In certain circumstances, when it may not be appropriate to wait until the next Board meeting to discuss a particular issue, authority may be delegated to one or more Board members to deal with particular business issues.

Internal Control

All administrative services are provided by the Management Company and custody of assets is provided by J.P. Morgan SE., Luxembourg Branch. The Management Company may delegate some of its responsibilities to third parties, subject to approval by the Company; however, such delegation does not affect the Management Company's liability to the Company for the performance of collective portfolio management and other delegated services.

The Management Company has delegated the investment management, distribution, central administration and transfer agency functions. The Board is responsible for the oversight of the design, implementation and maintenance of the internal control framework, including the monitoring of the services provided by the Management Company and the Custodian. This oversight covers the operational and compliance controls established by these parties to ensure the Company meets its obligations to shareholders as set out in the Prospectus, Articles of Incorporation and applicable regulations.

The Management Company reports formally to the Board on a quarterly basis on the activities it is responsible for, and additionally shall inform the Board without delay of any material administrative or accounting matters.

Corporate Governance and ALFI Code of Conduct

The Board is responsible for ensuring that a high level of corporate governance is met and considers that the Company has complied with the best practices in the Luxembourg funds industry.

In particular the Board has adopted the ALFI Code of Conduct (the "Code") which sets out principles of good governance. These principles were last amended in June 2022 and are set out below:

1. The Board should adopt clear and transparent standards of corporate governance;
2. The Board should have good professional standing and appropriate experience and use best efforts to ensure that it is collectively competent to fulfil its responsibilities;
3. The Board should act fairly and independently in the best interests of the investors;
4. The Board should act with due care and diligence in the performance of their duties;
5. The Board should ensure compliance with all applicable laws and regulations and with the Fund's constitutional documents;
6. The Board should ensure that investors are properly informed, are fairly and equitably treated, and receive the benefits and services to which they are entitled;
7. The Board should ensure that an effective risk management process and appropriate internal controls are in place;
8. The Board should identify and manage fairly and effectively, to the best of its ability, any actual, potential or apparent conflict of interest and ensure appropriate disclosure;
9. The Board should ensure that shareholder rights are exercised in a considered way and in the best interests of the Fund;
10. The Board should ensure that the remuneration of the Board members is reasonable and fair and adequately disclosed; and
11. The Board should integrate as appropriate sustainability standards and objectives including environmental, social and governance (ESG) criteria in its business model and operations.

The Board considers that the Company has been in compliance with the principles of the Code in all material aspects throughout the financial year ended 31 December 2025. The Board undertakes an annual review of ongoing compliance with the principles of the Code.

Proxy Voting Policy

The Board delegates responsibility for proxy voting to the Management Company. The Management Company manages the voting rights of the shares entrusted in a prudent and diligent manner, based exclusively on the reasonable judgement of what will best serve the financial interests of clients. So far, as is practicable, the Management Company will vote at all of the meetings called by companies in which the funds are invested.

A copy of the proxy voting policy is available from the Fund's registered office upon request or on the website: http://www.morganstanley.com/im/en-gb/institutional-investor/about-us/proxy-voting-en-gb.html

Directors' and Officers' Indemnity Insurance

The Fund has taken out Directors' and Officers' Indemnity Insurance, which indemnifies the Directors against certain liabilities arising in the course of their duties and responsibilities, but does not provide cover for any fraudulent or dishonest actions.

Annual General Meeting

The next Annual General Meeting of the Company will be held on 12 May 2026 at the Registered Office of the Company to consider matters relating to the year ended 31 December 2025. At this meeting shareholders will, amongst other matters, be requested to consider the usual matters at such meetings including:

1. The adoption of the financial statements and approval of the allocation of the results;

2. The approval of Directors' fees;

3. The election of the Directors, all of whom wish to stand for election;

4. The election of the Auditor.

Calvert Climate Aligned Fund*

INVESTMENT AIM

To provide long-term capital appreciation, measured in US Dollars, primarily investing in companies located in developed markets that are involved in economic activities that address climate transition and/or are aligned to the long-term de-carbonisation objectives of the Paris Agreement. The Fund will maintain a carbon profile that follows the net zero objectives of the Paris Agreement, as reflected in the appropriate Paris-Aligned benchmark, or in the absence of an approved Paris-Aligned benchmark it will maintain a substantially lower carbon footprint, of at least 50% less than that of the underlying market benchmark, and taking into account the long-term carbon reduction objectives of the Paris Agreement which may warrant a revision of the targeted range of reduction over time. Carbon footprint shall be measured as weighted average carbon intensity, defined as tonnes of CO2 per $1million enterprise value including cash.

* Formerly known as Calvert Sustainable Climate Aligned Fund prior to 28 April 2025.

Calvert Diversity, Equity and Inclusion Fund*

INVESTMENT AIM

To provide long-term capital appreciation and advance diversity, equity and inclusion, measured in US Dollars, primarily investing in companies located globally, that demonstrate leadership or meaningful improvement in having a diverse workforce and an equal and inclusive work culture. The Fund will seek to maintain higher levels of workforce diversity at a portfolio level than the underlying market benchmark as measured by average percentage of women at the board level and average percentage of board members representing underrepresented ethnicities.

* Formerly known as Calvert Sustainable Diversity, Equity and Inclusion Fund prior to 28 April 2025.

Calvert Sustainable Emerging Markets Equity Select Fund

INVESTMENT AIM

To provide long-term capital appreciation, measured in US Dollars, primarily investing in companies located in the world's emerging markets that are involved in economic activities that address global environmental or societal challenges that relate to areas such as environmental sustainability and resource efficiency, diversity, equity and inclusion, respect for human rights, product responsibility, human capital management and accountable governance and transparent operations, or are leaders in managing financially material environmental or social risks and opportunities. This strategy further takes into account the long-term carbon reduction objectives of the Paris Agreement and advancement of diversity, equity and inclusion.

Calvert Sustainable US Equity Select Fund

INVESTMENT AIM

To provide long-term capital appreciation, measured in US Dollars, primarily investing in large-capitalisation US companies that are involved in economic activities that address global environmental or societal challenges that relate to areas such as environmental sustainability and resource efficiency, diversity, equity and inclusion, respect for human rights, product responsibility, human capital management and accountable governance and transparent operations, or are leaders in managing financially material environmental or social risks and opportunities. This strategy further takes into account the long-term carbon reduction objectives of the Paris Agreement and advancement of diversity, equity and inclusion.

Indian Equity Fund

INVESTMENT AIM

To seek long-term capital appreciation, measured in US Dollars, by investment directly or indirectly, primarily in the equity securities of companies domiciled or exercising the predominant part of their economic activity in India. The Fund, either directly or indirectly, may also invest, on an ancillary basis, in companies listed on Indian stock exchanges which may not be domiciled or exercising the predominant part of their economic activity in India, in depositary receipts (including American Depositary Receipts (ADRs), Global Depositary Receipts (GDRs) and European Depositary Receipts (EDRs)), debt securities convertible into common shares, preference shares, debentures, warrants on securities and other equity linked securities, including participatory notes. The Fund, either directly or indirectly, will invest in a concentrated portfolio of companies.

Global Asset Backed Securities Focused Fund

INVESTMENT AIM

To provide an attractive rate of total return, measured in USD. The Fund will invest primarily in Fixed Income Securities including mortgage-backed securities, commercial mortgage-backed securities, collateralized mortgage obligations, covered bonds that are backed by mortgages, and other asset-backed securities ("Mortgage-Backed Securities"). Among these, the Fund will invest no more than 75% of its assets in non-agency residential mortgage-backed securities (RMBS) and a maximum of 5% of its assets in distressed securities at the time of purchase. The Fund may invest in tranches of securitisations of non-performing loans.

Global Asset Backed Securities Fund

INVESTMENT AIM

To provide an attractive rate of total return, measured in US Dollars, through investment primarily in Fixed Income Securities that are mortgage-backed securities, commercial mortgage-backed securities, collateralised mortgage obligations and covered bonds that are covered by mortgages including uniform mortgage-backed securities ("Mortgage Backed Securities"). At least half of the Fund's asset will be invested in securities rated investment-grade by an internationally recognised rating agency, securities determined to be of similar creditworthiness by the Investment Adviser, or securities backed by the United States of America.

US High Yield Middle Market Bond Fund

INVESTMENT AIM

To provide an attractive rate of total return, measured in U.S. Dollars, by investing primarily in high yield and unrated U.S. Dollar denominated Fixed Income Securities, including without limitation those issued by Middle Market corporations or by governments and agencies located in developed or emerging markets and for the avoidance of doubt and subject to applicable law, including asset-backed securities and loan participations and loan assignments, to the extent that these instruments are securitised. For the purpose of this Fund, "Middle Market" is defined as the market for issuers with up to USD 1 billion in outstanding debt.

Parametric Commodity Fund

INVESTMENT AIM

To provide a return equivalent to the performance of the Barclays Commodity Index Series denominated in U.S. Dollars (the "Index"), before all fees and expenses charged to, or incurred by, the Fund. The Fund, which is passively managed, seeks to achieve its objective primarily through the use of one or more excess return swaps providing the Fund with synthetic exposure to the Index. For this purpose, the Fund will hold, physically, assets that are used to finance the excess return swaps. However, if this is deemed to be the most efficient way to track the Index, the Fund may also invest to a limited extent in units/shares of other collective investment schemes, including the Company's Funds and open ended ETFs, which are eligible investments for UCITS under the 2010 Law.

Systematic Liquid Alpha Fund

INVESTMENT AIM

To provide an attractive level of total return, with the potential for low correlation to traditional asset classes (bonds and equities) and a target annualized volatility of 8% over the long term. While the Fund aims to achieve positive returns and its volatility target, this is not guaranteed. The Fund seeks to achieve its objective primarily through exposure to a diversified set of investment strategies across different asset classes, directly or indirectly, being equity securities, Fixed Income Securities (primarily of investment grade quality with no direct exposure to distressed securities), Cash Equivalents, currencies, and commodities (only indirectly). The allocation to the different asset classes and strategies will be based on a systematic process set by the Investment Adviser, aimed at achieving the Fund's volatility targeting. However, for temporary defensive purposes, during periods in which the Investment Adviser believes changes in economic, financial or political conditions make it advisable, the Investment Adviser retains the discretion to reduce the exposure of the Fund to equities, Fixed Income Securities, currencies, and commodities and invest the Fund's assets in Cash Equivalents (including Treasuries).

Significant Event

Russia invasion of Ukraine

On 24 February 2022 Russia invaded Ukraine. The international community responded by imposing blocking sanctions on individuals, corporations and the Russian Central Bank. Prices of Russian and Ukrainian securities declined significantly following the invasion. The Directors have made an assessment regarding the potential impact of the Russia-Ukraine conflict on the funds. It remains unclear however what the longer-term impact of this action will be on portfolio positions within the Company. No Fund had exposure to Ukraine greater than 4% and 0.0% exposure to Russia at 31 December 2025.

2 SIGNIFICANT ACCOUNTING POLICIES

The financial statements are presented in accordance with Luxembourg legal and regulatory requirements for UCITS investment funds in Luxembourg and require management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates. The financial statements have been prepared on a going concern basis except those of Morgan Stanley Investment Funds – Short Maturity Euro Corporate Bond Fund and Morgan Stanley Investment Funds – Quantactive Global Property Fund which have been prepared on a non-going concern basis given the closure of these Funds subsequent to the year end as described in Note 19. As such the assets of these Funds have been recorded at net realisable values and liabilities at net settlement amounts. The application of the non-going concern basis of accounting has not led to material adjustments to the Funds published net asset value.

The last day on which prices were calculated for all Funds was 31 December 2025, with the exception of Japanese Equity Fund and Japanese Small-Mid Cap Equity Fund which was on the 30 December 2025.

a) Valuation of securities

Securities listed on a recognised stock exchange or dealt in on any other regulated market are valued at their last available prices at the valuation point, or, in the event that there should be several such markets, on the basis of their last available prices on the main market for the relevant security.

In normal market conditions, fixed income securities (including mortgage and asset backed securities) are valued at mid market price at the valuation point, based on data provided by pricing vendors.

In the event that the last available price or mid market price (fixed income) does not truly reflect the fair market value of the relevant securities, the value of such securities will be based on the reasonably foreseeable sales price determined prudently and in good faith pursuant to procedures established by the Board of Directors of the Company.

Docusign Envelope ID: 03E7AEA2-E750-4CE0-BBC2-E31C2931E732

Notes to the financial statements (continued)

As at 31 December 2025

Money market instruments and fixed income securities valued at amortised cost are recorded at their acquisition cost and subsequently adjusted by the constant amortisation of any premium or discount to maturity, irrespective of fluctuations in market interest rates. In the event of material changes in market conditions, the amortised cost basis is adjusted to reflect prevailing market yields. This method may result in valuations that differ from the prices at which the securities could be sold in the market.

Securities not listed or traded on a stock exchange or not dealt on another regulated market are valued on the basis of the reasonably foreseeable sales price determined prudently and in good faith pursuant to procedures established by the Board of Directors of the Company.

Investments in other Undertakings for Collective Investments ("UCIs") are valued at the last available net asset value for the UCI in question, excluding redemption fees if any.

Events may occur between the determination of an investment's last available price and the determination of the Fund's Net Asset Value per Share at the valuation point that may, in the opinion of the Board of Directors of the Company, mean that the last available price does not reflect the fair market value of the investment. In such circumstances the price of such investment shall be adjusted in accordance with the procedures adopted from time to time by the Board of Directors of the Company in their discretion. As at the date of this annual report, certain securities may be fair valued in accordance with these procedures.

If since the time of determination of the net asset value there has been a material change in the quotations in the markets on which a substantial portion of the investments attributable to an available Fund are dealt in or quoted, the Company may, in order to safeguard the interests of the shareholders and the Company, cancel the first valuation and carry out further valuations as appropriate.

b) Valuation of Interest rate swaps

An Interest Rate Swap ("IRS") is a bilateral agreement in which each of the parties agree to exchange a series of interest payments (usually fixed/floating) based on a notional amount that serves as a computation basis and that is usually not exchanged.

IRS contracts are valued by reference to service data providers, market data and algorithms.

The unrealised gain/loss as at year end is recorded under "Swaps contracts at fair value" in the Statement of assets and liabilities. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on Swaps contracts" and the realised gain/loss under "Net realised gain/loss on Swaps contracts" in the Statement of operations and changes in net assets.

c) Valuation of Inflation rate swaps

An inflation rate swap is a bilateral agreement in which each of the parties agree to exchange fixed rate payments for floating, inflation index linked payments based on a notional amount that serves as a computation basis.

Inflation rate swap contracts are valued by reference to service data providers, market data and algorithms.

The unrealised gain/loss as at year end is recorded under "Swaps contracts at fair value" in the Statement of assets and liabilities. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on Swaps contracts" and the realised gain/loss under "Net realised gain/(loss) on Swaps contracts" in the Statement of operations and changes in net assets.

d) Valuation of Credit default swaps

A Credit Default Swap ("CDS") is a transaction in which two parties enter into an agreement, whereby the buyer pays the seller a periodic payment for the specified life of the agreement. The seller makes no payments unless a credit event, relating to a pre-determined reference asset, occurs. If such an event does occur, the seller will then make a payment to the buyer, and the swap contract will terminate.

CDS contracts are valued by reference to service data providers, market data and algorithms.

The unrealised gain/loss as at year end is recorded under "Swaps contracts at fair value" in the Statement of assets and liabilities. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on Swaps contracts" and the realised gain/loss under "Net realised gain/(loss) on Swaps contracts" in the Statement of operations and changes in net assets.

The notional amount represents the highest potential liability of a contract and is not shown in the Statement of assets and liabilities.

e) Valuation of Total return swaps

A Total Return Swap ("TRS") is a transaction in which the buyer receives the performance of an underlying asset and in return the buyer pays funding costs and generally, an arrangement fee. The underlying asset may be, but not limited to, a specific security, basket of securities, other instruments or an index.

TRS contracts are valued by reference to the mark to market value based on the market value of the underlying asset.

The unrealised gain/loss as at year end is recorded under "Swaps contracts at fair value" in the Statement of assets and liabilities. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on Swaps contracts" and

Notes to the financial statements (continued)

As at 31 December 2025

the realised gain/loss under "Net realised gain/(loss) on Swaps contracts" in the Statement of operations and changes in net assets.

f) Valuation of Options

Options are contractual agreements that convey the right, but not the obligation, for the purchaser either to buy or sell a specific amount of a financial instrument at a fixed price, either at a fixed future date or at any time within a specified period.

Options are valued by reference to the expected future cash flow based on the market implied performance, spot level and the volatility of the underlying asset(s).

In determining the accounting treatment for options, consideration is given to the nature of the instrument itself and the Fund's investment objective. When the underlying asset is acquired or delivered upon exercise of an option, the acquisition cost or sale proceeds are adjusted by the amount of the premium paid. When an option is closed, the difference between the premium and the cost to close the position is recorded under "Net realised gain/(loss) on options contracts" in the Statement of operations and changes in net assets. When an option expires, the premium is accounted for as a realised gain for options written or as a realised loss for options purchased.

For Parametric Global Defensive Equity Fund, Emerging Markets Debt Opportunities Fund, Emerging Markets Local Income Fund, Global Convertible Bond Fund, Global Balanced Income Fund and Global Macro Fund the premium received on written listed and OTC options is recorded as income. When an option is closed, the cost to close the position is recorded under "Net realised gain/(loss) on options contracts" in the Statement of operations and changes in net assets.

The market value of options purchased at fair value / options written at fair value is recorded in the Statement of assets and liabilities. The changes in unrealised gain/(loss) on options are recorded under "Net change in unrealised appreciation/(depreciation) on options contracts" in the Statement of operations and changes in net assets.

g) Swaption

A swaption is an option contract that grants its holder the right but not the obligation to enter into a pre-determined swap contract. In return for the right, the holder of the swaption pays a premium to the issuer of the contract. Swaption contracts are valued by reference to service data providers, market data and algorithms. The unrealised gain/loss as at year end is recorded under "options purchased/written contracts at fair value" in the Statement of assets and liabilities. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on options contracts" and the realised gain/loss under "Net realised gain/(loss) on options contracts" in the Statement of operations and changes in net assets.

h) Bond Forward Contracts

Bond Forward Contracts is a short-term forward contract to purchase pre-specified fixed income instruments at a set price and within a specified time frame. The unrealised gain or loss on open contracts is calculated by reference to the difference between the contracted rate and the rate to close out the contract. The unrealised gain/loss as at year end is recorded under "Unrealised gain/loss on bond forward" in the Statement of assets and liabilities. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on bond forward" and the realised gain/loss which is the net gain/loss on contracts which have settled is recorded under "Net realised gain/(loss) on bond forward" in the Statement of operations and changes in net assets.

i) Valuation of Forward currency exchange contracts

A forward currency exchange contract is an agreement between two parties to exchange one currency for another at a specific price and date in the future.

All currency exchange contracts with maturity date greater than 2 business days from their trade dates are classified as Forward currency exchange contracts in line with MIFID II classification rule.

Open forward contracts are valued by reference to the last available currency rates prevailing at the relevant valuation point.

The unrealised gain/loss as at year end is recorded under "Unrealised gain/loss on forward currency exchange contracts" in the Statement of assets and liabilities. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on forward currency exchange contracts" and the realised gain/loss under "Net realised gain/(loss) on forward currency exchange contracts" in the Statement of operations and changes in net assets.

j) Valuation of Financial futures contracts

A financial futures contract is a contractual agreement, to buy or sell a particular commodity or financial instrument at a pre-determined price in the future. Financial futures contracts detail the quality and quantity of the underlying asset and they are standardised to facilitate trading on a futures exchange.

Futures contracts are valued at the last available prices, on the exchanges for which the contracts are traded on, as at the valuation point.

The unrealised gain/loss as at year end is recorded under "Unrealised gain/loss on financial futures contracts" in the Statement of assets and liabilities. The changes in such amounts are recorded under "Net change in unrealised appreciation/(depreciation) on financial futures contracts" and the realised gain/loss under "Net realised gain/(loss) on financial futures contracts" in the Statement of operations and changes in net assets.

Notes to the financial statements (continued)

As at 31 December 2025

At the time the Fund enters into a financial futures contract the Fund deposits and maintains with the broker as collateral an initial margin as required by the exchange on which the transaction is affected. Cash collateral paid/received to the broker as of 31 December 2025 is recorded as part of "Cash at bank and at brokers" and "Bank overdraft and due to broker" in the Statement of assets and liabilities. Pursuant to the contract, the Fund agrees to receive from or pay to the broker an amount of cash equal to the daily fluctuation in the value of the contract. Such receipts or payments are known as the variation margin and are recorded by the Fund as unrealised appreciation/(depreciation) on financial futures contracts. When the contract is closed, the Fund records a "Net realised gain/(loss) on financial futures contracts" equal to the difference between the value of the contract at the time it was opened and the time it is closed.

k) Income and securities transactions

Dividend income is recorded on the ex-dividend date. Interest income is accrued daily. For short-term money market instruments the discount/premium is accreted/amortised on a daily basis until maturity or the sale of the instrument. Income from securities lending is recorded on a cash receipts basis. Income is recorded net of withholding tax.

Securities transactions are accounted for on a trade date basis, on the date the securities are purchased or sold. Realised gains or losses on the sale of securities are determined on the basis of the average cost method and are recorded under "Net realised gain/(loss) on sales of investments" in the Statement of operations and changes in net assets.

For the Global Asset Backed Securities Fund realised gains and losses on the sale of interest only mortgaged-backed securities are determined on a First In First Out (FIFO) basis of cost method and are recorded under "Net realised gain/(loss) on sales of investments" in the Statement of operations and changes in net assets.

l) Valuation of Repurchase agreements

Under a repurchase agreement, the Company purchases securities and agrees to re-sell them at a mutually agreed upon date and price. A repurchase agreement is collateralised by securities. Repurchase agreements are valued at cost with interest accrued from the date of purchase.

Repurchase agreements outstanding as at year end, if any, are included in the Statement of assets and liabilities. Net repurchase agreements income is included under "Bank interest" in the Statement of operations and changes in net assets.

m) Special Purpose Acquisition Companies ("SPACs")

Certain Funds may invest in stock, warrants and other securities of special purpose acquisition companies or similar special purpose entities. A SPAC is typically a publicly traded company that raises investment capital for the purpose of acquiring or merging with an existing company. Typically, the acquisition target is an existing private company that wants to trade publicly, which it accomplishes through an acquisition by, or combination with, a SPAC rather than by conducting a traditional initial public offering ("IPO"). A fund may acquire an interest in a SPAC in an IPO or a secondary market transaction. Unless and until an acquisition is completed, a SPAC generally invests its assets (less a portion retained to cover expenses) in U.S. government securities, money market securities and cash. A SPAC is a blank check company, meaning it does not have any operating history or ongoing business other than seeking to acquire an ongoing business hence, the value of their securities is particularly dependent on the ability of the entity's management to identify and complete an attractive acquisition. The identity of the acquisition target is not known at the time of a SPAC's initial public offering.

n) Private Investments in Public Equities ("PIPEs")

A Fund may acquire equity securities of an issuer that are issued through a private investment in public equity transaction, including on a when-issued basis. PIPE transactions typically involve the purchase of securities directly from a publicly traded company or its affiliates in a private placement transaction including through a SPAC, typically at a discount to the market price of the company's securities. The Fund's PIPE investment, if any, represents an unfunded subscription agreement in a private investment in public equity. PIPEs are fair valued using the price of the publicly traded equity security as a baseline and deducting the percentage of discount realized on the original purchase unless it is believed that the issuance percentage discount no longer represents the difference in value between the publicly traded equity security price and the PIPE's fair value. In these circumstances, the valuation will be determined prudently and in good faith pursuant to procedures established by the Board of Directors of the Company.

Shares in PIPEs generally are not registered with the SEC until after a certain time period from the date the private sale is completed. This restricted period can last many months. Until the public registration process is completed, PIPEs are restricted as to resale and a Fund cannot freely trade the securities.

Generally, such restrictions cause the PIPEs to be illiquid during this time. PIPEs may contain provisions that the issuer will pay specified financial penalties to the holder if the issuer does not publicly register the restricted equity securities within a specified period of time, but there is no assurance that the restricted equity securities will be publicly registered, or that the registration will remain in effect.

When applicable, unrealised gain/loss as at year end is recorded under "Unrealised gain/loss on Private Investment in Public Equity (PIPE)" in the Statement of assets and liabilities. Changes in such amounts, if any, are recorded under "Net change in unrealised appreciation/(depreciation) on Private

Investment in Public Equity (PIPE)", while any realised gain/loss on Private Investment in Public Equity (PIPE) is recorded under "Net realised gain/(loss) on Private Investment in Public Equity (PIPE)" in the Statement of operations and changes in net assets.

o) To Be Announced securities contracts (TBAs)

TBA contracts are forward contracts on agency mortgage passthrough securities issued by agencies such as Fannie Mae, Freddie Mac and Ginnie Mae. They are common trading practice in which a commitment to buy or sell a mortgage backed security for a fixed future proceed at a future date is given. The specific securities (i.e. specified mortgage pools) to be delivered or received are not identified at the trade date, but are "to be announced" on the notification date which is usually two days before the settlement date. The securities to be delivered must, however, meet specified criteria, including face value, coupon rate and maturity, and be within industry-accepted "good delivery" standards. TBAs are accounted for as derivatives when the settlement of the TBA trade is not expected to occur at the next regular settlement date or when a mechanism exits to settle the contract on a net basis. TBA contracts are disclosed in the Statement of assets and liabilities as "Unrealised gain/(loss) on To be announced contracts". The realised gain/(loss) on To be announced contracts and changes in unrealised appreciation/(depreciation) are disclosed in the Statement of operations and changes in net assets respectively under the headings "Net realised gain/(loss) on To be announced contracts" and "Net change in unrealised appreciation/ (depreciation) on To be announced contracts".

p) Translation of foreign currencies

Transactions in foreign currencies are translated into the currency of each Fund at the last available rate of exchange prevailing in a recognised market at the date of the transactions. Assets and liabilities denominated in foreign currencies are translated into the currency of each Fund at the last available rate of exchange prevailing in a recognised market at the date of the Statement of assets and liabilities.

The Combined statement of assets and liabilities is presented in US Dollars at the last available rate of exchange prevailing in a recognised market at the date of the Statement of assets and liabilities, while the combined Statement of operations and changes in net assets is presented in US Dollars at the average exchange rates ruling during the year.

The difference between opening net assets stated at exchange rates at the beginning of the year and their value at the end of the year is shown as "Foreign currency translation difference" in the Statement of operations and changes in net assets.

The impact of translating the Statement of operations and changes in net assets at average exchange rates is included within the "Foreign currency translation difference" in the Statement of operations and changes in net assets.

3 SECURITIES LENDING

Certain Funds may lend securities to qualified financial institutions, such as broker-dealers, to earn additional income. Any increase or decrease in the fair value of the securities loaned that might occur and any interest earned or dividends declared on those securities during the term of the loan would remain in the Fund. Funds that lend securities, receive securities as collateral in an amount equal to or exceeding 100% of the current fair value of the loaned securities. The collateral is marked to market daily, by the securities lending agent, to ensure that a minimum of 100% collateral coverage is maintained throughout the term of the loan. Securities lending income is generated as a result of securities on loan less compensation to the administrative agent. Net securities lending income is included in the Statement of operations and changes in net assets. See note 4(c) for related party disclosure on securities lending transactions, and "Appendix 8: Securities Financing Transactions" for further information on securities lending transactions.

The value of loaned securities, related collateral outstanding, identity of the counterparties, security lending income and associated operational costs and fees for the year ended 31 December 2025 are as follows:

All revenues from securities lending transactions shall be payable to the relevant Sub-Fund following the deduction of compensation to the securities lending agent for its services. The expenses which may be deducted from the revenue delivered to the relevant Sub-Fund should generally not exceed 20% of the gross revenue arising from securities lending transactions. The difference, i.e. 80%, will be paid to the relevant Sub-Fund.

4 RELATED PARTY TRANSACTIONS AND AFFILIATIONS

The Company has delegated to the Management Company MSIM Fund Management (Ireland) Limited under the overall supervision and control of the Board of Directors of the Company, its investment management services, central administration, registrar and transfer agency services as well as marketing, principal distribution and sales services, as more specifically detailed in the Management Company services agreement as well as in the prospectus of the Company.

MSIM Fund Management (Ireland) Limited is regulated by the Central Bank of Ireland to provide these services. The Management Company may delegate some of its tasks to other parties, as detailed below, subject to approval by the Company. The Management Company's liability to the Company for the performance of collective portfolio management and other delegated services has not been affected by such delegation.

The Management Company in turn delegates the investment management functions to Morgan Stanley Investment Management Limited known as the "Investment Adviser".

Under the terms of an investment advisory agreement, Morgan Stanley Investment Management Limited has been appointed as Investment Adviser with responsibility for providing discretionary asset management and investment advisory services to the Management Company, such services to be provided in relation to all Funds. The Investment Adviser may delegate any of its responsibilities to any other party subject to approval by the Board of Directors of the Company and the CSSF but the Investment Adviser shall remain responsible for the proper performance by such party of those responsibilities. A full list of sub-advisers can be found on pages 575 to 576.

Under the terms of the Management Company Services Agreement the Management Company is entitled to receive a Management Fee at the annual rates set out below. Under the Investment Advisory Agreements the Investment Advisers are entitled to receive a fee for their discretionary investment management and investment advisory services. Under the Distribution Agreement the Distributor is entitled to receive a fee for its distribution services. The fees of the Investment Adviser and the Distributor will be paid out of the Management Fee (except for distribution fees paid on class B as described in sub-section iv on page 548).

The annual Management Fee rates being charged as of 31 December 2025 are as follows and are as disclosed within the prospectus of the Company unless footnoted otherwise:

Notes to the financial statements (continued)

As at 31 December 2025

Where the Funds invest into underlying investment funds that are managed by the Investment Adviser or its affiliates, the fees and charges of the underlying investment funds are rebated to the Funds to avoid duplicated Management Fees otherwise known as "double dipping", with the rebate being included within Other income (where applicable) in the Statement of operations and changes in net assets.

The Funds are subject to the following:

i) Management Fee at the levels described above. The Management Fee covers the fees of the principal distributor and the Investment Adviser.

ii) A monthly Administration Charge payable to the Management Company at a maximum annual rate of 0.25% of the Funds' aggregate average daily Net Asset Value attributable to all Classes of Shares of the Funds. The current fees are as follows:

Share Class Indicator	Administration Charge
A, B, C, and F	0.19%
I	0.14%
J, S, N and Z	0.10%

The Administration Charge will remain in force for an unlimited period and may be changed, subject to the maximum noted above, by the Company upon no less than one month's prior written notice.

The Administration Charge will be utilised by the Company to pay the fees of the Administrator, the Transfer Agent, the Domiciliary Agent (affiliated party) and the Management Company (affiliated party). The Funds will also pay other expenses incurred in the operation of the Company out of the Administration Charge including, without limitation, formation expenses of new Funds, the fees of the Custodian, expenses for legal and auditing services, cost of any proposed listings, maintaining such listings, reporting and publishing expenses (including preparing, printing, advertising and distributing Shareholders' reports and prospectuses), the remuneration of the Directors including all reasonable out-of-pocket expenses, registration fees and other expenses due to supervisory authorities in various jurisdictions, insurance, interest, and the costs of publication of the Net Asset Value per Share, whether such publication is required for regulatory purposes or otherwise.

The Administration Charge for the year is disclosed in the Statement of operations and changes in net assets.

iii) Specific Additional Costs in addition to the Administration Charge, include, without limitation, taxe d'abonnement, additional custody fees applicable to investment in emerging markets, and hedging expenses. These Specific Additional Costs will remain in force for an unlimited period and may be changed by the Management Company upon no less than one month's prior written notice.

These Specific Additional Costs are applicable as follows:

Share Class Indicator	Taxe d'abonnement
A, B, C, F, and I	0.05%
J, N, S, and Z	0.01%

Share Class Sub-Indicator	Hedging Expenses
H, H1, H2, H3, and H4	Up to 0.03%

Specific Additional Costs are made on the following Funds in addition to the Share Class costs above:

	Emerging Market Custody
China A-shares Fund	Up to 0.10%
Asia Equity Fund, Asia Opportunity Fund, Developing Opportunity Fund, Emerging Leaders Equity Fund, Indian Equity Fund, NextGen Emerging Markets Fund and Sustainable Emerging Markets Equity Fund	Up to 0.05%
MENA Equity Fund, Saudi Equity Fund, Emerging Markets Debt Opportunities Fund, Emerging Markets Local Income Fund and Global Macro Fund	Up to 0.25%

iv) A Distribution Fee (payable to the Management Company in relation to Share Class Indicator B shares only).

The Distributor is paid a distribution fee for the Equity Funds, Bond Funds, Asset Allocation Funds and Alternative Investment Funds, accrued daily and paid monthly, at the annual rate of 1.00% of the average daily Net Asset Value to Share Class Indicator B as compensation for providing distribution-related services to the Funds with respect to such Shares.

Where the Distributor and its affiliates invest on behalf of clients, or their clients invest directly into Share Class Indicator N Shares, such clients may pay, outside of the Fund, to the Distributor or its affiliates a base management fee, a performance fee or a mixture of both a base management fee and a performance fee.
